It was announced some time ago that the Railway wharf was about to be repaired, and the hush of expectancy that followed the announcement remained unbroken till Saturday night when another howl went up from the unfortunate ones who were obliged to wade from the Northumberland, which arrived about 10 o'clock in the midst of a downpour of rain. It had rained during the whole afternoon, leaving the wharf covered with mud and water to a depth ranging from several inches to a foot or more. Through this, a number of passengers by the boat and others who had gone down on business, were obliged to wade to Summerside and to say they they were mad and disgusted would be putting it mildly. It is claimed by some of the officials, that the wharf is too narrow for a sidewalk. If so, why not plank the whole wharf which is probably the only reasonable way out of the difficulty. Anyway, as it is at present, the wharf is a disgrace and a menace to life. The sidewalk must come.

Union Blend Tea is the most reliable tea on the market; nothing but pure clear teas are used in this blend, house-keepers generally pronounce it the most reliable.
