Benny-Allen Tiff Forms Basis Of Grand Film Fun!

Jack Benny, Fred Allen, Mary Martin, and Rochester starred in "Love Thy Neighbour"—Prince Edward's newest hit.

With commendable sagacity, Paramount Pictures saw the great possibilities in the famous feud between Jack Benny and Fred Allen as the basis for a first-rate comedy. They were not at all wrong, for "LOVE THY NEIGHBOUR," starring the feverish feudists, which opened yesterday at the Prince Edward, and continues today and Wednesday, is one of the most hilarious pictures produced in a long, long time.

Witty, tuneful and expertly produced, it is grand screen entertainment, boasting the excellent capabilities of such favorite performers as Mary (My Heart Belongs to Daddy) Martin, Verree Teasdale, The Merry Macs, Virginia Dale, the graceful and beautiful Merriel Abbott Dancers and Rochester.

The flames of the feud, in the picture, burst high when Benny steals The Merry Macs from the Fred Allen show. Allen, in retaliation, succeeds in luring Rochester, Benny's valet, away from the comedian. The resulting gags are screamingly funny.

The beautiful Miss Martin gives screen audiences a first opportunity to hear her sing the song that made her famous. When you hear her sing, you'll know why it made her an outstanding success.

Three hit tunes are in the picture, "Do You Know Why," "Isn't That Just Like Love" and "Dearest, Darest I."

In addition to "Love Thy Neighbour", the Prince Edward is showing some splendid short subjects — the spice of any program — which include intimate views of the Hollywood stars at work and play in another of the "Screen Snapshots" Series, a new "Information Please," a novelty entitled "Stray Lamb," and Walt Disney's Donald Duck — "Unca Donald" and his three nephews this time in "Fire Chief."

BIRTHS

AYLWARD—At Southport, February 12th, 1941, to Mr. and Mrs. John J. Aylward, a daughter.

MURRAY — At the Prince Edward Island Hospital on February 16, 1941, to Mr. and Mrs. Harold Murray, Marshfield, a son.

CAIRNS — At the Prince Edward Island Hospital on February 15, 1941, to Mr. and Mrs. Ralph W. Cairns, Charlottetown, a daughter, Gail Arlene.

BRUCE— At the Prince Edward Island Hospital on February 10, 1941, to Mr. and Mrs. Archibald Bruce, Charlottetown, a daughter (stillborn).

MARRIAGES

McINTYRE - FRASER — At Baptist Parsonage, Feb. 13, 1941, by Rev. I. J. Levy, Gertrude E. Fraser to Garnet MacIntyre, both of Montague.

MacPHERSON-STETSON — At Presbyterian Manse, Marshfield, P. E. I., on Wednesday, February 12, 1941, by Rev. John C. MacNeil, Miss Helen Irene MacPherson of Caledonia, P. E. I. and Mr. Cecil Gordon Stetson of Highfield, P. E. I.

DEATHS

AYLWARD—At Southport, February 15th, 1941, Marion Bernadette, infant daughter of Mr. and Mrs. John J. Aylward, age 3 days.

BRADLEY—At her residence, 194 Grafton Street, Feb. 18, 1941, Mrs. J. P. Bradley, aged 55 years. Funeral notice later.

In Memoriam

In loving memory of Mrs. McKenzie Matheson who departed this life on February 18th, 1938.

Three years have just gone by
When the last we parted
We stood beside your bedside
And clasped your hand good bye
In our hearts comes that longing
For the voice that now is still
Some day, some time our eyes shall see
And never say farewell.

Inserted by her Husband and Daughter Verna.

Four short Courses will Start today

Over 100 students came to the city yesterday to enroll in four different short courses which will be sponsored during the next few weeks under the Dominion-Provincial Youth Training plan.

Approximately 150 young men and women in various parts of the province were notified to attend the courses but it is believed that travelling conditions in the country yesterday prevented many of these from registering. It is expected that many more will report for the courses today.

Thirty-eight young ladies enrolled in the Domestic Science Course which starts at Prince of Wales College. Ten others did not report yet. Miss Jane MacKenzie is in charge of these classes.

Twelve of the 23 young men notified to attend the Carpentry course, were enrolled. Mr. A. A. MacDonald will conduct this course.

Twenty-five men were notified to report for training in the Mechanics course but only 17 of these were able to get here yesterday. Mr. Morley Smith is to be in charge of this course.

Thirty-four of the 41 young men and women notified to attend the Poultry and Egg Grading course, enrolled for classes. This will take place at Prince of Wales College and will last about four weeks. Mr. A. F. Darnell, Poultry Division, Dominion Department of Agriculture, will conduct the latter course.

The Mechanics and Carpentry classes will be held in the Agriculture Hall. Mr. W. R. Shaw, Deputy Minister of Agriculture, is director of the courses.

CONFEDERATION LIFE INSURANCE. L-9789

POLICE COURT—In the Police Court yesterday a vagrant was sentenced to 30 days in jail.

PREMIER CAMPBELL will speak on the Island Farm Forum Tuesday night 8:45 to 9 on "Some Aspects of the Sirois Report." L-56.

PASSES AT CALGARY. — Mrs. Byron Bowness, of this city, yesterday received word of the death of Mrs. D. M. Johnstone, formerly of Long River, which occurred at Calgary, Alta., on Feb. 14. The deceased was well known here.

HERE FOR CONFERENCE —Arrivals in the city last night included: Messrs. C. B. Devlin, Assistant General Manager of the Confederation Life Association, Toronto; P. S. Roberts, Superintendent of Agencies, Toronto and A. E. Wall, Supervisor of Field Services, Toronto. They are here in connection with a two-day Educational Conference of the Prince Edward Island Agency to be held tomorrow and Thursday at the Charlottetown Hotel.

STONE CHIPS FOR PAVEMENT FINISH — The Prince Edward Island Department of Public Works and Highways is asking tenders for 9,000 yards of stone chips. The material will be used in putting a finishing coat on pavement laid in the province in the past three years. From officials of the department it was learned the material is not all intended for use this year but is expected to be utilized as needed over probably two to three years. The chips can be obtained in island gravel pits. It is simply a question of a contracting company locating a good source of supply and then installing a crushing plant to process it.

SALVATION ARMY MEETING —The second of a series of evangelistic meetings at the Salvation Army was held last evening, the topic being, "Among the Trees." The importance and symbolic nature of trees as outlined from Genesis to Revelations, scripture references being read by various young people. Mrs. Adjutant Hawkes read the well-known poem by Joyce Kilmer, "Trees" and also the poem, "When a Tree is Planted." Chief Petty Officer Ross, R.C.N.V.R., read the first psalm on which the scripture lesson was based and from which Adjutant Hawkes drew vital lessons taking the simile of the tree planted by the rivers of water as parallel to progressive Christian experience. Appropriate songs and choruses were used during the service. The subject for this evening will be, "By the River Bank."

BELIEVE ONLY FEW PARTRIDGE DIE—Game officials here yesterday estimated that probably 90 per cent of the Hungarian partridge population in this province will survive the winter. Earlier fears were held the casualties would be much greater from lack of food and grit. A move by the Prince Edward Island Fish and Game Association supplied grit to a number of areas and farmers throughout the province cooperated by feeding the Huns where they were observed to be in difficulties. A few districts in the province may see a much greater percentage of loss than ten per cent of last autumn's number but as conditions stand now that figure seems to be fairly accurate for most areas, it was learned. A recent thaw did much to relieve the shortage of food and grit by uncovering natural supplies and it is expected conditions will not be as severe again as they were in January and early this month. Biggest danger now is a heavy sleet storm.

SEAMEN REJOIN UNIT—Stoker Berton A. MacKinnon is returning to his duties with the navy this morning after spending a sick leave of three weeks with his parents, Mr. and Mrs. D. A. MacKinnon of Riverdale. Berton enjoyed his leave at his old home and on the eve of re-joining his unit thanked all who had made it so pleasant for him. His father, Duncan A. MacKinnon is a veteran of the last great war. He enlisted in Winnipeg in the 76th Battery and went overseas in 1916. He saw service in Belgium, France and was through the battle of the Somme, Hill 70, Hill 60, Vimy Ridge, Amiens and Mons in 1918. Mr. MacKinnon is proud to have a son serving his King and country in the present conflict. A.B. Harris H. MacFayden of Churchill is accompanying Mr. MacKinnon to the mainland. Both boys are serving in the same unit. Mr. MacFayden is a son of Mr. and Mrs. N. D. MacFayden. Harris has high praise for the way his stay was made pleasant by his neighbours and friends while he was at his old home and hopes to have a chance to return and spend furlough again in the near future.

Personals

Miss Lois Ramsay, of Northam, is visiting friends in Cornwall.

Miss Annie MacKenzie of Lyndale, is visiting friends in Charlottetown.

Misses Betty MacLeod, R.N., and Margaret Monaghan, R.N., are at present visiting friends in Montreal.

Miss Lavinia Williams, nurse-in-training, Falconwood Hospital, is at present a patient in the P. E. Island Hospital, convalescing from an appendicitis operation.

Miss Muriel Harding, nurse-in-training at Falconwood Hospital, recently received a cable from her brother, Gnr. George Harding, R.C.A., of French River, stating that he had arrived safely in the Old Country.

Too Late To Clasify

TO LET—7 ROOM COTTAGE ON Park St., moderate rent, possession given March 1st. Apply 25 Kensington Road. L-54-2-18-21-25-28.

WANTED — PRACTICAL NURSE, or woman with knowledge of nursing. Apply 228 Cumberland St. L-53.

WANTED—A MAID OR MIDDLE-aged housekeeper in family of four. Apply at once to Mrs. Earl Ling, Hunter River, P.E.I. L-52-2-18-21.

Island Boys Serving In His Majesty's Forces

Pictured are some of the many Island boys now serving with the 8-11th Medium Battery at Petawawa. From left to right they are: BACK ROW: Pat Hughes, Kensington; Ted McKinnon, Spring Valley; Fred Campbell, Indian River; Dave McDonald, Little Pond; Ray Llewllyn, Gaspereaux; Claude Grant, Ellerslie; Eric Carr, Charlottetown; FRONT ROW: Paul Lawless, Little River; Thomas Murray, Alberton; Tommy Bell, Carleton Siding; Peter Brown, Fortune Head; Leo Arsenault, St. Nicholas; George Ballem, Ellerslie; Leo Provest, Bloomfield.

Trainor-Grant Nuptials

A marriage of interest to the younger set took place in the Church of the Most Holy Redeemer ye terday morning when Patricia Monica, daughter of Mr. and Mrs. J. Austin Trainor, was united in the Holy Bonds of Matrimony to William G. Grant, Superintendent of the Storms Construction Co., and a son of Mr. and Mrs. George S. Grant of Toronto.

The marriage ceremony was performed by Rev. A. McDonald, C. SS. R., Rector of the church, who also celebrated the Nuptial Mass. As the bride entered on the arm of her father, Mr. J. Austin Trainor, by whom she was given in marriage, the wedding march was rendered by Mr. Alex McLean, organist, who also softly rendered selections during the service and accompanied Miss Phyllis Blanchard in the following solo : "Mother at your feet I'm kneeling," "Ave Maria," "Adore Thy Son," "Jesus keep me close to Thee."

The bride, who was attractively gowned in a blue frock with silver fox bolero, silver fox hat, wearing a corsage of American beauty roses, and carrying a crystal and gold rosary, the gift of the groom, was assisted by Miss Leona Trainor, sister of the bride, who was becomingly gowned in old rose with matching hat and navy blue accessories, wearing a cor age of violets.

Lieut. John S. Grant, R. C. A., a brother ably supported the groom.

Mrs. Trainor, mother of the bride, wore a dress of black and white with white roses, while Mrs. Grant mother of the groom, chose rose with black hat and accessories.

Following the marriage a wedding reception was held at the Charlottetown Hotel after which a reception was held at the home of the bride for intimate friends.

Mr. and Mrs. Grant left by plane amid showers of confetti for Halifax from where they will proceed on a honeymoon trip to Montreal, Quebec, Toronto and Ottawa and on return will reside in Ontario. Mrs. Grant's travelling costume was a print dress and muskrat coat, the gift of the groom.

Previous to her marriage, the bride was "showered" at her home by a number of her young friends, and was the guest of honor at a shower at the home of Miss Vivian Abbott.

The large number of wedding gifts, consisting of silver, cut glass, etc., testified to the popularity of the young couple, to whom the Guardian joins numerous friends in extending hearty felicitations.

Mr. and Mrs. Grant, parents of the groom with their son, John and daughter, Miss Gwendolyn, were in the city for the wedding.

On Saturday evening the bride and groom, with the former's parents, Mr. and Mrs. J. Austin Trainor, and a number of intimate friends were guests at a dinner tendered by Mr. and Mrs. George S. Grant, parents of the groom at the Charlottetown Hotel.

ESTIMATES

(Continued from page 1)

the coming year.

Listed as uncontrollable expenditures were items making up a total of $269,102,732 and including: interest on public debt and other debt charges, $151,039,966; war pensions (1914-1918), $39,600; old age pensions, $31,945,000; other pensions and superannuation, $5,330,950; care of first great war returned soldiers, $14,321,018 and subsidies and special grants to provinces, $19,243,953.

Estimates made provision for the continuation of Canada's business—mostly on a basis little changed from the present year —in the Northwest Territories, the coasts, the prairies and central provinces.

Assist Western Farmers

Measures to assist the western farmer will continue and subventions and subsidies for shipping showed little change.

Some Indian affairs outlays for welfare and education were reduced but a larger amount was provided for hospitals.

Pension costs showed a major decline but additional outlays were proposed in connection with hospital care for veterans and sick mariners.

Relief expenses borne by the Dominion were slashed, the provision for relief projects under which direct relief has been paid being cut to $2,722,000, a reduction of $17,544,000.

While efforts to bring tourists to Canada and national parks development will continue, expenditures on development of tourist roads were cut to a minimum.

Deletion of items for construction and provision for maintenance and operation only permitted the department of public works estimates to be cut $3,328,926 to $12,289,779.

Trade and commerce exhibition and publicity services' appropriations were lowered.

Main increases in government-owned enterprises' cost were caused by advances to harbor boards in retiring maturing debentures and $73,000 to cover deficit of the Prince Edward Island ferry.

Notation in respect to Canadian National Railways stated:

"On account of encouraging reports concerning traffic, it appears that there will not be a deficit in respect of the operation of the C. N. R. It has, accordingly, been possible to drop the item, which was voted at $15,000,000 for 1940-41, from the estimates for 1941-42."

SAYS JAPAN

(Continued from page 1)

servers as a possible hint of Japanese displeasure over increased United States naval forces at Manila. This was:—

"Japan is interested in the Philippines as a friendly neighbor and therefore desires that the islands will not endanger Japan in the future.'

He said that negotiations with colonial authorities in the rubber, tin and oil-rich Netherlands East Indies were reopening at Batavia as a result of conversations he had in Tokyo with the Netherlands Minister, Gen. J. C. Pabst.

"The Dutch attitude at first was not auspicious and mi reports led to increased tension in the East Indies," the Vice Foreign Minister said.

"Although our rights and interests in the South Seas are vital questions we hope to settle them without resorting to force," Domei quoted Ohashi as telling the accounts committee of the lower house of the Japanese parliament.

The day also brought these reports:—

Japanese—Ohashi's superior, Foreign Minister Yosuke Matsuoka, was quoted in a Domei broadcast heard in New York as saying that "Japan does not claim leadership for all peoples within the greater East Asiatic sphere of common prosperity, but the Japanese nation has the capabilities of leading them."

Australian —Sydney started construction of 13 public air raid shelters, the Australian radio announced.

American —Sixty-seven wives and children of United States army officers sailed homeward from Manila on the transport Etolin.

Netherlands —Authoritative sources at Batavia expressed the opinion that mounting tension in the Orient resulted from pressure by Germany on Japan for aggressive action in the Pacific. Officials said, however, they felt no undue alarm. Newspaper opinion was summarized: "The danger of war in the Pacific is increasing."

PREMIER KING

(Continued from page 1)

the session!

Opposition Leader Hanson, and M. J. Coldwell, Acting C.C.F. Leader, urged that private members be given at least today and Wednesday for their resolutions and commented that no pressing government legislation had been advanced. But the motion carried without a vote.

A great volume of reports, returns and answers to questions were tabled and Finance Minister Ilsley tabled the main estimates for the fiscal year starting April 1, 1941, amounting to $433,131,000, a decrease of $18,200,000 from the fiscal year ending next March 31.

These covered only the requirements of governments apart from the war.

It was announced that the war appropriations bill would be brought in tomorrow. That measure is expected to call for an expenditure of more than $1,000,000,000. Mr. King said the budget would be presented when the war appropriations bill had been dealt with.

Hanson Moves Adjournment

Mr. Hanson moved adjournment of the debate and the House adjourned until tomorrow afternoon.

Mr. King's statement was made on his motion to go into committee on external affairs estimates. It reviewed the whole picture of diplomatic representation as it affects Canada.

The Prime Minister said illness of Loring Christie, Canadian Minister to Washington, would necessitate immediate change in the representation there and promised an announcement in a few days.

He said no good purpose would be served by creation of an Imperial War Cabinet as was done in the First Great War, because present facilities for communication enabled heads of all Commonwealth Governments to be in close touch and still be closer to their own affairs than if the Prime Minister went to London for conferences.

Opposed Minister To London

Mr. King was equally opposed to sending an overseas minister to London. This would not improve the present situation and would be a reflection on Hon. Vincent Massey, Canadian High Commissioner in London who was doing a most satisfactory job.

The Prime Minister's references to the danger of Japanese aggression were taken by observers here to have particular significance in view of his traditional hesitancy in commenting upon the actions of governments at peace with Canada and the Empire.

He referred to the recent arrival of a new Japanese minister to Canada and expressed the hope that harmony could be maintained, but he had no hesitation in warning of the possibility of Japanese attack as part of a concerted Axis drive to defeat the Empire.

Recalling Japan was an ally in the First Great War Mr. King observed the Japanese now had entered into a pact with Britain's enemies undertaking to come to their aid if they were attacked by another country.

Japs Increase Tension

"Recent statements of Japanese leaders have encouraged an atmosphere of impending crisis," he said. "They have likewise marked out a wide field for possible Japanese expansion southward.

"We shall continue to hope that the wiser counsels of the more moderate leaders in Japan will ultimately prevail.

"It is, however, only the part of prudence to observe that both in the statements of some of the Japanese leaders and in the movement of Japanese forces, there are indications that Japan may be led to undertake aggressive action at the moment that may best serve the common cause of the aggressor nations.

"Decision of the Japanese Government to ally itself with Germany and Italy, under certain conditions, has undoubtedly greatly increased tension in the whole Pacific area.

"We have done what we could to lessen that tension and to avoid any occasion for its further development.

"We have been glad to welcome to Ottawa the new minister from Japan, Mr. Seijiro Yoshizawa, who has come to take the post ably filled during the past two years by Baron Tomii.

"In a period when national passions are aroused, a period marked by so much suspicion of motives and of aims, when it is so easy to engineer misunderstanding and ill-will, we have tried to avoid any occasion for provocation of offence, we have sought to avoid propagandist activity, we have followed developments with forbearance and restraint, and have done our utmost to conserve a maximum of goodwill in a strife-torn world."

The Prime Minister referred to a recent inquiry into the situation on the Pacific coast where there has been "an unfortunate recrudescence of anti-Oriental and particularly anti-Japanese feeling in British Columbia."

This campaign was "characterized by wholly unsubstantiated and irresponsible charges and accusations against our fellow nationals and other residents of British Columbia who are of Japanese racial origin."

He said the report of the commission appointed to investigate these charges had been considered and approved by the Government and its recommendations were being put into effect."

Germany has regulated the employment of women as drivers of vehicles.

Heavy ice Delays ferry

Strong south-west winds yesterday packed drift ice in an almost solid barrier across the route of the carferry Charlottetown, which operates on the service between Tormentine on the New Brunswick mainland and Borden in this province, officials of the Canadian National Railways announced last night. The powerful icebreaker took five and a half hours to batter her way to the mainland with mails and passengers yesterday morning, a trip made in open water in slightly less than one hour.

The big ship was about four hours late reaching this province on the return trip last night from Tormentine pier.

There is "lots of heavy ice" railway men said and with certain wind conditions the ferry will have "plenty trouble" maintaining the service. They did not mean the boat would not be able to make the crossing but each trip would take several hours and incoming and outgoing freight was likely to pile up at both terminals.

Merry Minstrels '41 Edition tonight

The big event of the year, the 1941 edition of the Merry Minstrels, is scheduled for this afternoon and evening, also tomorrow evening. The first appearance of the minstrels will be at the matinee at 3.15 this afternoon in the Holy Name Hall followed by a show at 8.15 tonight and tomorrow night.

Increasingly popular each succeeding year since the show began, this new edition promises to top all others in sparkling entertainment. It is an entirely new program with new songs, jokes and many new faces. The fun making will be in the hands of four capable end men; Bill Morgan, always popular with a local audience because of his inimitable style; Frank Bradley, who made such a hit last season and is going better than ever in the 1941 edition with two new faces; Frank MacIntyre, who will also make the audience laugh and Elmer Gallant, another talented artist.

The interlocutor again this year is Bill Brown, Jr., under whose capable direction the show is being produced. Songs, jokes and novelty numbers will feature the two-hour entertainment. An added attraction this year is the eleven-piece orchestra under the direction of Thomas McFarlane with Austin Connolly as accompanist. There will be snappy songs, dances and choruses including Charlie Chamberlain and an impersonation by Jimmy Power of one of the great stars of the radio.

The artists —71 in number —have all given a good account of themselves in rehearsals and a "bang-up" entertainment is assured all who attend the Merry Minstrel's show. The Ladies of St. Elizabeth's Aid will sell candy at the different performances.

Expect more And better Cheese in '41

OTTAWA, Feb. 17 —(CP) —The expectation that Canada will produce more cheese and better cheese this year than in 1940 was indicated in an increased vote for bonuses on cheese and improvement of cheese factories in the 1942 estimates brought down today.

The government gives a bonus of one cent a pound for high quality cheese which is extended to two cents a pound if the cheese reaches the top grade. The vote last year to meet this expenditure as well as factory improvement was $1,000,000 and for this year it has been increased to $1,250,000.

"Cheese quality and production are improving steadily," said an official of the agriculture department. "In 1939 the production was around 122,000,000 pounds and it climbed in 1940 to more than 142,000,000 pounds."

With R.C.A.

Gunner Holly Llewellyn Archer of Charlottetown, at present stationed with the 8-11th Medium Battery at Petawawa. Gunner Archer is the son of Capt. C. F. and Mrs. Archer, Sydney Street, Charlottetown, his father being a veteran of the last Great War.

ROTARY

At the Rotary luncheon yesterday the speaker was Flying Officer M. J. Elworthy, who is attached to the flying school here and his subject was Queensland, Australia, his own native state, which he left about four years ago.

The speaker gave an interesting description of Queensland which is in the north eastern portion of Australia and which has a coastline of 1400 miles.

He spoke of the geographical features of the state with barrier reef of 1100 miles from Cape York to Bundaberg, carying from five to fifty mile from the coast, and a mountain range running the full length of the coast.

Inland the land is somewhat similar to the Canadian prairies, rich, fertile, and level.

The north part is heavily wooded with dense tropical forests practically impenetrable. The central area is also heavily wooded.

The chief occupations in the fertile sections are dairy farming, beef raising, agriculture of all kinds, and in the south fruit growing.

Of the industries wool is far the most important and on some sheep properties there are from 50,000 to 60,000 animals.

In certain areas there are evere droughts which make sheep raising quite a problem at times.

The speaker also told of the Aborigines, their type, their number, their tribes and habits, their modes of living, etc.

In closing he discussed the future of Queensland and the immigration question.

Rotarian R. E. Mutch was in the chair and the guests were Wing Commander Blake, Flying Officer Meynell, Flying Officer Powell, and Chief A. Birtwhistle, of the Charlottetown Police.

Rotary President MacIntyre referred to the observance on February 24th of the 36th birthday of Rotary International and spoke of the programs which would be given on that occasion.

Employment in tin mines of Malaya is 50 per cent greater than a year ago.

Cycling for pleasure is just developing in Columbia.
