POTATOES WANTED. We want at once 600 bushels potatoes, reds and whites. Must be good stock—MacKie & Co. Grafton St. East. 1846-10-10m31

A very quiet but pretty wedding took place on the evening of Wednesday, Oct. 9th at the home of Mrs. Robert B. Auld, Freetown when her eldest daughter Annie Boughton was united in marriage with Rev. W. A. McQuarrie, B. A. of North Bedouque. The ceremony was performed by Rev. John Stirling of Bradshaw assisted by Rev. R. Hensley Staver of Hunter River and cousin of the bride in the presence of the immediate relatives and friends. The bride was very becomingly attired in white messaline silk with conventional veil and carried a bouquet of roses. The wedding march was played by Miss Louise McQuarrie, sister of the groom, and several verses of "The Voice that Breathed O'er Eden" were well rendered by Mrs. John Stirling. The bride was given away by her brother, Brewer Auld. The presents were numerous and beautiful, among them were quite a number of substantial cheques. Mr. and Mrs. McQuarrie will go on a short wedding trip to different parts of the island. Mrs. McQuarrie's going away suit was of brown serge with hat to match. The Patriot joins in wishing Mr. and Mrs. McQuarrie many years of happy wedded life.

CORNWALL ANNOUNCEMENT.—Rev. J. Heaney will conduct services on Lord's Day at North Wiltshire 11, Kingston 3, Cornwall 7. In view of the fact that S. S. Rally Day was not observed last Sunday because of rain these services will include Rally Day programme as well as the subject of Thanksgiving.

KILLED IN ACTION. Miss Winnie Barlow, employed with Paton & Co., Ltd. left for her home in Wellington yesterday having received a telegram conveying the sad news that her brother Pte. Harry Barlow had been killed in action in France on Sept. 27th. Pte. Barlow left Charlottetown with the last draft of Infantry from here and was only in France a month when he met his death.

THE PRESBYTERIAN SYNOD.—At a joint meeting of the Session of St. James and Zion Churches the following resolutions were unanimously adopted. The joint session desire to tender their sincere thanks to the ladies of the two congregations, and others, who so freely opened their homes for the reception of delegates, and made their stay so pleasant. To His Worship the Mayor, for his cordial address of welcome. To the Auto Association and others who generously placed their cars at the disposal of the committee. To the choir of the two churches and others who made such a splendid contribution to the service of praise at the evening meetings. To the ladies, who provided such bountiful meals and gave such efficient service at the tables. On behalf of the Committee of Entertainment: T. F. Fullerton, D. D. Chairman; J. D. MacKenzie, T. C. James, Secretary.

Miss Zilia J. Stevenson, Truro, N. S., spent a week with friends and relatives in Picou, on the way to her home at New Glasgow, P. E. Island where she will spend a well earned vacation. Mr. Geo. R. Luke, Picou, N. S., spent several days in Charlottetown at the Victoria.

This is to certify that I have used MINARD'S LINIMENT in my family for years, and consider it the best liniment on the market. I have found it excellent for horse flesh. (Signed) W. S. PINCO, "Woodlands," Middleton, N. S.

SANITARY REGULATIONS Re Influenza Epidemic

The following regulations issued by the Provincial Health Officer of Nova Scotia for the prevention of the spread of influenza, have been received here. Dr. W. J. P. McMillan, Health Officer for this Province, has suggested that these regulations be also adopted for the people of Prince Edward Island: WHEREAS, influenza prevails in various parts of the Province of Nova Scotia, I do therefore under and by virtue of Section 6 of the Public Health Act, being Chapter 6 of the Acts of 1918, and of every other power and authority in me vested in this be-

RHEUMATISM GOES IF HOOD'S IS USED

The genuine old reliable Hood's Sarsaparilla corrects the acid condition of the blood and builds up the whole system. It drives out rheumatism because it cleanses the blood. It has been successfully used for forty years, in many thousands of cases the world over. There is no better remedy for skin and blood diseases for loss of appetite, rheumatism, stomach and kidney trouble, general debility and all ills arising from impure, impoverished, devalitized blood. It is unnecessary to suffer. Start treatment at once. Get a bottle of Hood's Sarsaparilla from your nearest druggist. You will be pleased with the result.

half, hereby make the following Sanitary Regulations:

1. Influenza is to be regarded as an infectious and contagious disease, dangerous to the public health, and preventive measures commonly adopted in case of any dangerous infectious or contagious disease are to be applied in the endeavour to prevent its spread.
2. The following measures are indicated, and are to be adopted by the local board of health of any district which may be invaded by the disease:
 - (1) Isolate the patient promptly. Continue isolation five days after recovery.
 - (2) Quarantine contacts for five days.
 - (3) Disinfect all discharges immediately.
 - (4) Disinfect (or destroy if not of value) all cloths, bedding, etc., soiled by discharges.
 - (5) Boil thoroughly dishes and cutlery used by patient.
 - (6) Close schools, churches, theatres, etc., if there is any indication of spread of the disease.
 - (7) Prohibit any unnecessary gatherings of people about stores, street corners, etc.
 - (8) Physicians, nurses, and all who have influence over the people are to be requested to instruct the people in the necessity for co-operation in the endeavour to prevent an epidemic. It is suggested that advice should be given along the following lines:
 - (a) Urge the necessity of covering mouth and nose while coughing or sneezing. The infective germ is given off in the spray ejected in these acts. Advise against the shaking of handkerchiefs.
 - (b) Urge the necessity of plenty of sunlight and air in houses, shops, etc. Ventilation is of the utmost importance, both as a preventive and curative measure.
 - (c) Urge the necessity of prompt and thorough washing of the hands by

Guaranteed Furnace Results

Heat—sufficient volume to warm the home, even distribution to all the rooms in the home, the right quality to keep the home healthy, at a reasonable cost for fuel, with minimum effort in management, and without dust, smoke, ash or gas escaping into the air of the home. Those are the results you have a right to expect from your furnace. Those are what you should insist on getting from it. The Sunshine Furnace, installed the McClary way, gives those results. It has been getting those results in every kind of home and building throughout Canada for eighteen years. The Sunshine Furnace when installed the McClary way is sold with the absolute guarantee that you will get those results.

Engineering Service Free. McClary's own heating engineers are at your service when you buy a Sunshine Furnace to give you free expert advice on your home-heating requirements. Write to the nearest McClary Branch, and ask for particulars about this service. A booklet, "Comfort in the Home," makes clear all the things you want to know about furnaces and it is sent free on request.

We Are Modern Opticians

We keep in constant touch with the latest discoveries and inventions in optics, and immediately anything new is placed on the market which will increase our knowledge or facilities, we have it.

Our optical office is of the most approved style and is equipped with the very latest instruments and sight testing appliances.

Glasses fitted by us do not detract from the appearance. We make a special study of the cosmetic effect to be obtained, and can assure you that our glasses add a certain note of neatness and refinement that meets with favorable comment.

Children's eyes receive our special attention, and we pride ourselves on our ability to fit a child with child's glasses, not with cumbersome glasses that were intended for adults.

Shadow Retinoscopy test used. Succeeds where others fail.

Fawcett

Ranges, Heaters and Hot-air Systems guarantee you this

HOW? WHY?

Fawcett Grates are all made to admit an immense amount of air from below the fire which forces the fuel to burn entirely to a white ash. Fuel burns longer and the gases and smoke are converted into fuel, because the fire boxes in Fawcett Ranges and Heaters are all built with hot-blast, smoke-consuming devices which burn the hot gases and smoke, thereby saving half the fuel.

These are only a few Fawcett features. Others can only imitate.
