

THE TALLEY TREES IN THE WORLD.

The tallest trees are to be found in the state forest of Victoria, Australia. They belong to the eucalyptus family, and range from three hundred and fifty to five hundred feet in height.

In Distress With Eczema

Mrs. R. Stoddard, Delhi, Norfolk County Ont., writes as follows:—"I was troubled with Eczema or Salt Rheum for over twelve years, and during that time doctored with four different physicians, but found that they could only give temporary relief. I saw Dr. Chase's Ointment advertised, decided to try it and before I had used half a box found great relief and change. Altogether I have used three boxes and am now completely cured. I have recommended it to my neighbors, and can say it is the best I ever used, and in my estimation worth its weight in gold.

THE THICKLY MATTED NERVES. Piercing the flesh with even the smallest needle hurts, because the nerves are so thickly matted just under the skin that not even the finest point can be introduced without wounding one or more.

Piles

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have warranted it. See testimonials in the daily press, and ask your neighbors what they think of it. You can use it and get your money back if not cured. 60c a box, at all dealers or EDMANSON, BATES & Co., Toronto.

A VALUABLE DISCOVERY. Catarrh Sense

One is The Gospel of John and Absolutely Confirms the Text of the Present Version.

NEW YORK, March 7.—According to a Tribune special from Boston, the Rev. Dr. Williams C. Winslow, vice-President of the Egyptian Exploration Fund there, is authority for the statement that in addition to the papyrus of St. Matthew's gospel sent to the University of Pennsylvania, and that of St. Paul's Epistle to the Romans, presented to Harvard, two other extremely interesting papyri are yet to be assigned.

One is that of John, which contains eighteen verses of chapter 1 and fourteen verses of chapter 20. In the first part are the words: Behold the lamb of God, which taketh away the sins of the world, and "We have found the Messiah." In chapter 20 is the memorable story of Mary at the sepulchre. This papyrus of St. John in book form contained about fifty pages, Dr. Winslow says and only the outer leaves are preserved. He says that the document is better written than the St. Matthew papyrus and is in harmony with the famous text of Westcott and Hart. The papyrus is dated 300 A. D. or a little later and is

pronounced only a little later than the St. Matthew text. The confirmation of the text of the present version is absolute.

Dr. Winslow says that the papyrus of St. Mark, although only a fragment, is most precious, containing in the few verses of chapters X and XI specific facts of the life of Jesus. The manuscript resembles the famous Codex Alexandrinus now in the British museum, and agrees with our standard version. Its time is between 400 and 500 A. D. Other papyri sent to Philadelphia not yet announced, include a historical table of emperors from Augustus to Decius, a genuine "I. O. U." as such documents are now termed for a loan; a dun in the year 57, when the attorney is instructed to "worry" the debtor until he pays up, and a manumission paper for a slave. Dr. Winslow says that the soil of Egypt abounds in papyri, but the increasing agricultural operations and the great dam which will flood an immense area will mean the destruction of tens of thousands of historic papers.

Catarrh Sense

If You are Troubled with Catarrh The Experience of Others May be Worth Something to you.

You have possibly seen Powders, Snuffs and Tablets you chew advertised to cure Catarrh, others advise you to load your stomach with some of their Blood purifier now if you had an ulcer, a sore, or inflamed surface anywhere else on your body you would not think of blowing cocaine powders on it, would you? And as for Tablets and Blood Purifiers, you might as well think of taking them to cure Corns as Catarrh of the head.

Some of these so-called Catarrh remedies contain dangerous narcotics they relieve at the time, but give rise to a false security, the disease keeps on spreading deeper until the hearing and eyes are affected. You take more and more of the stuff each time to relieve. Soon you will wake up to the reality of these statements and find you have neglected the proper treatment too long. Now there is a cure for Catarrh not one that gives only temporary relief, but permanently cures. It is called Japanese Catarrh Cure. This remedy is a pleasant healing antiseptic pomade, which is inserted up the nostrils it melts at the temperature of the body, each breath carries a fresh supply to the irritated inflamed and ulcerated membrane, and it penetrates to the air cells themselves. It immediately kills the Catarrhal Germ; soothes all inflammation, and removes every sign of Catarrh. Japanese Catarrh Cure is not an experiment. It has been successfully used during eight years in Canada and has cured thousands of bad cases of Catarrh and will cure thousands more. If you have Catarrh don't experiment with untried remedies get a box of Japanese Catarrh Cure and you will get the proofs of these statements benefit at the same time.

Mrs. H. Nigh, of Springfield Ont., writes a few commonsense words regarding her experience in trial of Japanese Catarrh Cure She says:—"Enclosed find \$2.50 for six boxes of Japanese Catarrh Cure. A few days ago I received a sample box and from the results obtained from this sample I am sure the remedy will cure me. I have great faith in a remedy like this for catarrh, and believe it to be the proper thing. We never blow powders on a sore of any kind, and don't see why people advertise powders to cure catarrh. I have tried all the powders on the market, they relieved at the time, but I was worse when I stopped using them." Japanese Catarrh Cure is sold by druggists everywhere, 50 cents complete Trial size, and book on Catarrh and Deafness, 10 cents by mail, postpaid, by The Griffiths and Macpherson Co., Limited Toronto, Ont.

ACCOMPANIED JENNY LIND.

Many anecdotes illustrating Queen Victoria's love of music are now being told in the English press. It is related that when Jenny Lind first sang in private before the Queen pianist, who, being connected with a rival theater, played some tricks which annoyed Jenny exceedingly. This the quick ear of Her Majesty who was an excellent musician, at once detected; and as Jenny stood up for a second song she motioned the pianist aside, saying quietly, "I will accompany Miss Lind myself," which she did to perfection.

INTERESTING TO THE LADIES.

According to some of the leading court-uriers the style of skirt worn now will not undergo a great modification with the advent of spring. It will be just as tight over the hips but the flare will begin seven inches above the knee instead of two. Also that tailor-made dresses will be more severe than ever, bare of all except the stitching and very little of that.

On the other hand summer silks and light wool fabrics will be elaborately trimmed. Ruffles, ascotons, plaits bands of the goods and fancy braids will assist in lending elaboration to the fashionable japon.

BICYCLE RACES.

The coming season will see races between Major Taylor and Jacquelin, the French champion in Paris should prove a sporting event of rare interest as each man is an acknowledged expert in sprinting. There are to be three races each a mile. Two will be held in Paris May 16 and 27 and a third at a place to be decided later.

CATARRH.

Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of American countries. That medicine is Hood's Sarsaparilla. It cures rapidly and permanently, in that it removes the cause, cleansing the blood of scrofulous and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.

UNTOLD AGONY FROM SALT RHEUM

Mr. Chas. F. McLean, Palmerston, Ont., says:—"I suffered untold agony and misery for years with salt rheum in my feet. I tried almost every remedy I could hear of. I was told by the best physicians would get more than temporary relief. I was induced to try Dr. Chase's Ointment. After one or two applications I received great relief, and when I had used only two boxes I was completely cured." At all dealers, 60 cents a box.

MUST USE THE FRENCH LANGUAGE.

In France there is a law compelling physicians to write their prescriptions in the language of the country.

To the terrible ravages of consumption in Ontario the government is petitioned to establish hospitals for consumptives. As a preventative to consumption there is no treatment to be compared to Dr. Chase's Syrup of Linseed and Turpentine which promptly and effectually cures every cough and cold. It has by far the largest sale of any remedy for throat and lung troubles. 25c a bottle. Family size 60 cents. All dealers.

LAMENT OF THE 3RD R. C. REGIMENT.

We have never climbed a kopje, We have never seen a Boer, We have never been in battle Where the cannon loudly roar, And the reason that we have not Is because we had no show, Though we are strong and able And volunteered to go.

CHORUS:

It may not be heroic, But it's very hard to be Doing snow fatigue in Halifax While others are o'er the sea.

We are loyal to our Sovereign And willingly would go To China or South Africa To face our country's foe.

We are sick of garrison duty, We get nothing here but blame Were our khaki brothers in our place Perhaps they'd feel the same.

CHORUS:

The way some people answer us It gives us all a shock; We know we have our black sheep, But they do not spoil the flock. When the war is over And we are home once more, Will Halifax think kindly Of the inexperienced corps? Will it bid his kind remembrance When they recall that day The 3rd R. C. R. did stay In the City by the Sea?

CHORUS:

We are not khaki heroes, But it's not for lack of will, And if our country calls us She will find us ready still.
