CHURCH AND STATE IN FRANCE.

The French Chamber of Deputies by a vote of 341 to 223 has resolved upon the complete separation of church and state in France. This puts an end to the system under which the state paid the salaries of the clergy of all denominations, and terminates the famous Concordat between France and the Papal authorities.

BATHING HOUSES.

Before the arrival of the home-comers there ought to be bathing houses provided at the Park. This is the season when many of our residents as well as our visitors will desire to take a dip in the salt water. Most of the home comers will be from places where bathing facilities are abundant and will count it a serious drawback if they find no preparations for like purposes here.
