MILITIA BILL INTRODUCED

By Sir Frederick Follows the British System

Provides for a Militia Council but Dispenses with Commanding General—Lord Strathcona's Position.

THE NEW MILITIA BILL.

OTTAWA, July 11—(Special)—Sir Frederick Borden introduced and explained the new Militia Bill which follows the British system.

PROVISIONS OF THE BILL.

The Bill does away with the General Commanding and creates a militia Council with the minister as Chairman made up of four military men and two civilians.

THE HIGH COMMISSIONERSHIP.

There is no truth in the story of an impending change in the High Commissionership.

The Government will make no change while Lord Strathcona consents to remain in office.

THE CITRIC ACID (Natural Fluid Acid) in Sovereign Lime Juice is an excellent corrective for many summer ills.

July Magazines for Hot Weather Reading. Solid Comfort Hammocks, all Prices.

Haszard & Moore.

COUNCIL DISCUSSES ELECTRIC LIGHTING.

The regular monthly meeting of the City Council was held last night. Mayor Kelly and all of the Board but Coun Brown were present. The usual minutes were read and bills passed.

Communications were read from the Tourist Association re a bathing house at Victoria Park; from the Dominion Packing Co offering to dispose of all dead animals up to 60 for \$200 per year; from residents of Queen Street on west side asking for permanent sidewalks from Richmond to Water and from the Fire Underwriters directing attention to the storage of inflammable liquids in the city and requesting immediate action by the Council.

Coun. Hooper had heard no complaints about the storage of oil. The matter, he thought, did not affect any one.

Coun. Paton moved that the matter be left in the hands of the Fire Board. Carried.

Coun. Paton thought it was a good sign to see the citizens moving for permanent sidewalks. If those on Queen Street complied with the request of the city and made the formal request the work should be proceeded with.

The matter of a bathing house at Victoria Park was considered. Coun. Hooper pointed out there was no vote on the estimates and Coun. Rogers suggested that the old bathing houses be refitted. The matter was referred to the tenders committee.

Coun. Hooper thought the matter re disposing of dead animals would have to stand over. A motion to that effect carried.

The property committee were instructed to dispose of the old city roller at the Trotting Park to the best possible advantage.

Coun. Prowse brought up the matter of

rail extension along the water front and read resolutions passed by the Board of Trade and the old council and moved a resolution urging immediate construction which was seconded by Coun. Riley. Carried.

Coun. Rogers spoke of the contract with The Light and Power Co. The present price was \$60 per light. They offered to provide an improved plant at \$90 which was almost the same as old tenders.

Coun. Prowse gave figures re a plant for the city. It would cost \$60,000 or \$70,000 and this would be a large price. The \$90 price was reasonable, if the light be better. He would like to see a guarantee from the company that the citizens' rates would not be raised.

Coun. Hooper strongly objected to a change of the present contract which had 1 1/2 years yet to run. We have for a long time had promises. Let the company put in a better plant and then the council can pay more.

Coun. Rogers moved seconded by Coun. Alley that the city enter into a contract with the Light & Power Co. for five years from Aug. 1st 1905 for electric lighting at \$90 per lamp, 1200 candle power, latest and most improved enclosed arc lights. 1/2 of the new plant to be completed by Dec. 1904 and 1/2 by August 1905. The new rate not to take effect till the plant is completed, provided further that the company do not increase the present rates for house lighting unless there is an increase in the price of coal.

Coun. Paton deprecated passing the motion without further consideration.

Coun. Riley endorsed the resolution and it was also supported by Coun. Alley.

After further discussion the resolution was withdrawn till the matter had been further considered by the Council. The Council then adjourned.

ARRIVALS IN THE CITY BY OLIVETTE.

BOY DROWNED IN ST. JOHN.

ST. JOHN, July 11—(Special)—George Bassett, nine year old while playing on some logs, fell over and was drowned.

HIS LAST HOPE REALIZED.

[From the Sentinel, Gebo, Mont.] In the first opening of Oklahoma to settlers in 1890, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure and he cannot help but feel grateful. The season for bowel disorders, being at hand suggests this item. For sale by all druggists.

You can save money by buying your enamel and tinware supplies at Carter's.

Souvenirs of P. E. Island—A large stock of new Souvenir Books 25 and 50 cents each, \$150.00 worth of new Souvenirs and P. E. I. Crest ware just opened at Carter's Bookstore. 12 d 1/2

AFTER THREE DAYS BATTLE

Oku Captures Kai Chow Defeating Russians

And driving them Northward—Eight Mora Guns Captured by Japs—Fighting Near Port Arthur.

JAPS CAPTURE EIGHT GUNS.

LONDON, July 11—(Special)—It is said the Japanese captured eight guns during the fighting around Port Arthur July 4 and reconnoitered from a war balloon.

JAPS CAPTURE HAI CHOW.

After three days of severe fighting, characterized by desperate attacks of the Japanese and stubborn resistance of the Russians General Oku's army occupied Kai Chow last Friday, driving the Russian northward in driving of Hai Cheng.

HILLS STRONGLY FORTIFIED.

The Russians had the Hills strongly fortified around Kai Chow, but could not hold them against the advancing Japs.

[Again the Japanese have driven the Russians from a strongly fortified position after stubborn resistance. This constant success on one side and defeat on the other leads to but one conclusion. If the Russians cannot hold their chosen and fortified positions against the Japanese they cannot stand before them in the field. More guns captured near Port Arthur confirms the impression that the stronghold must fall. As yet we have not heard of the loss of a single Japanese gun. The capture of Hai Chow opens up the way northward as far as the junction with the railway from New Chwang, which we may expect shortly to hear has been evacuated by the Russians or captured by their enemy.]

Miss L. Jenkins, Spokane, Wash is the guest of L. C. and Mrs. Worthing.

Miss Mary McLeod, Glace Bay is visiting her cousin, Miss Ada McPheon of this city.
