SIR THOMAS LIPTON is not going to let the warmth of the feelings of American yachtsmen towards him chill if he can help it. He has presented to the New York Yacht Club a handsome silver loving cup for competition. Sir Thomas is evidently looking ahead to the time when he will again try for the America Cup.

TENDERS will be received by the Secretary, C. R. Smallwood, up to and on Saturday, the 18th inst., from persons willing to cater at the Exhibition or Race Grounds or both from the 25th to the 28th Sept., next. Full particulars of the privileges space, etc., can be obtained by applying to the Secretary. The highest or any tender not necessarily accepted.

THERE will be a meeting of Sunday School workers in the Hall at Eldon, on Tuesday afternoon and evening, Aug. 21st. The object of the gathering is to organize the S.S. District of Eldon, including Lots, 48, 49, 50, 57, 58, 60, 62 and to arouse an increased interest in Bible study and S. S. work generally. All the superintendents and teachers are urged to be present. A good program is being prepared and several S.S. workers will be present.

THE GUARDIAN wishes to call the attention of the Board of Health, the public in general and the Mayor in particular to certain conditions that exist on the Market Square at the present time. In the case about to be cited the authorities cannot plead ignorance of its existence, for it has been repeatedly brought to the attention of the City Council, and during the term of the present board a proposition was made which aimed to remedy the grievance. Why the fish men who visit the market should be allowed to empty their pickle barrels on the square, is beyond the understanding of those who have to daily pass along the street at the eastern end of the market. The stench is certainly almost unbearable.

When we have good blood we are healthy, strong, vigorous and full of life and energy. Hood's Sarsaparilla makes good blood.

SATURDAY morning several persons left for the Northwest. Among the number were, Neil A. McPhee and wife, of Nine Mile Creek, to Calgary; Geo. Vandervestine and Chas. J. McKenzie, of Vernon River, to Calgary; Aubrey Stewart, of Southport to Calgary; Walter Curtis, of Milton, to Estevan, Assinibolia; Gordon Bain, to Mossomin, Assinibolia; Duncan McCannell and Thomas E. Stretch, of Long Creek, to Calgary; Daniel A. Johnson, of Brackley Point, to Regina; Daniel McInnis, of Colville, to Regina. Mr. McPhee intends to take up land at or near Swan River after visiting Calgary. The others intend to remain in some part of the Northwest if times prove good.

Two samples of milk were procured from two of the city vendors. One sample was selected from 75 bottles of pasteurized milk in McDonald's establishment and one sample from the can received from the farm. Mr. Spillet made the test in presence of Dr. Macneill and Mr. Frederick Masters with the following result:—Pasteurized milk tested 4 per cent. butter-fat; sample from milk can tested 4 per cent. butter-fat; 1 city vendor's milk tested 3.8 per cent. butter-fat; 1 do 4.2 per cent. butter-fat. This is a good average test for this season of the year. It is the practice of all well governed cities to have the milk regularly tested at short intervals, so that the consumer would be protected in receiving genuine or normal milk. We hope our City Council will take the hint and have an inspector appointed to look after this business.

A Collection of \$42'058
Rev. A. B. Simpson Again Distinguishes Himself.

OLD ORCHARD, Me., Aug. 13.—The sum of \$42,058 in cash and pledges was the result of the final great meeting of the Christian and Missionary Alliance held here yesterday. Rev. Dr. A. B. Simpson, head of the organization, expressed himself as well satisfied.

Each year the Alliance holds an annual meeting here, and on the last Sunday of the gathering offerings for the work of the missionaries are called for from the audience. Some years these have amounted to nearly \$100,000.

In recent years the alliance has followed the plan of holding annual meetings in other places, the one at Old Orchard being the second one of this year's series.

With the pledges and cash secured yesterday added to that collected at the earlier meeting the alliance has collected this year about \$90,000.

Of the total amount collected yesterday about \$32,000 was in pledges, and Dr. Simpson says that in the past no pledges have ever failed to be redeemed in cash.

PLANT LINER HOVE TO
And Ascertained Cause of Distress -- Tugs Sent from Halifax.

HALIFAX, Aug. 17.—While on her way from Charlottetown yesterday morning La Grande Duchesse observed a steamer off Jeddore, throwing up signals of distress. The vessel reported herself as in a sinking condition, and asked that assistance be sent out from Halifax. The Duchesse hove to and after ascertaining the distressed vessel was the steamer Winnie, and not in immediate danger came into port at full speed and reported the facts to F. D. Corbett and Company. Tugs were at once sent out to lend assistance.

The Winnie is a vessel of 1,200 tons and loaded deals at at Pugwash for the United Kingdom. She sailed last week and in passing out.

STRUCK A ROCK.
The damage was not considered serious at first, but subsequently the ship leaked so badly that she was forced to put into Pictou, where, with permissions of Lloyd's she was beached.

Subsequently it was decided to bring the vessel to Halifax for repairs, and she left for this port last Monday. She was due here yesterday, but did not arrive, and nothing was heard of her, and she was taken in tow by the tugs.

Captain Wandless reports a hard time of it after leaving Pictou. The vessel left under her own steam, and encountered the heavy seas which prevailed on Tuesday. The vessel commenced to make water so rapidly that it was impossible to keep her clear, although the pumps were kept going constantly. When off Jeddore the big Plant liner was seen, and distress signals were run up at once.

Previous to the arrival of the tugs the Canadian-French liner Louisiana from Montreal for this port, hove in sight, and arrangements were made by the captain of the Winnie to tow her to Halifax. Lines were passed over and after making slow progress the vessels arrived here safely this afternoon.

The Winnie will be repaired here and her cargo will be discharged at the wharf of the Furness, Withy and Company.
