FLORENCE GRAY ESCAPES FROM A WRITHING PYTHON

THE TOP FLOOR FLAT EPISODE NO. 4

In chapter four of the Million Dollar Mystery we see the Black Hundred Conspirators working on the theory that Florence Gray, the daughter of Stanley Hargreaves, the hunted millionaire, knows where her father's money is hidden. This coupled with the fact that she has never seen her father's signature asking her to her to disguise himself as her father and thus ingratiate himself into the gullible girl's affections.

Braime—aptly named—drafts a note which is sent to Florence, with her father's signature asking her to meet him at 8 o'clock. She is suspicious, but her desire to meet her father overcomes her suspicions, and she steals out through the grounds of the Hargreave mansion toward the address given in that note.

Meeting the man she notices something lacking in the warmth of his greeting and her suspicions are confirmed when, on looking at the mantel mirror she sees reflected five faces peering through the door. Back of them is another of the conspirators with a writhing python which is to be freed in the room if she does not give them the desired information. Quickly seizing a chair Florence smashes the only lamp in the room and conceals herself in a cabinet built in the wall. Watching her opportunity she dashes through the open doorway, locking the door behind her.

as Messrs. James Hughes, Philip Beer, Robert Mayhew, Max Farrow and others of less note. This building is certainly a great addition to the village as it will, when finished, have a seating capacity of about 400 people beside a very large stage and two commodious ante rooms, and will without any exception be the finest country hall in the Province. The hall is situated on a large corner lot in the very centre of the town, which is undoubtedly the best location in Victoria, and as it stands there in all its beauty on a solid concrete foundation. The building has a beautiful concrete foundation, about five feet in depth which adds greatly to the appearance of the structure and also sheds much lustre on the kind of work done by Mr. W. W. Rogerson of Craupad, who had the supervision of the concrete work.

THE NEW HALL AT VICTORIA

The carpenters and painters have now finished the work on the exterior of Victoria's new hall, and it is not too much to say, that the architectural beauty and convenience the building far exceeds the most sanguine expectations of the general public, but this is not to be wondered at, when it is taken into consideration that it had for its architect Mr. Charles Rogers of Victoria, and Mr. Winifrid Brady of Kelly's Cross, as master builder. It is needless to make any comments on the workmanship of Messrs. Rogers and Brady, as they are already known far and wide as a pair of first class builders, and they also had the advantage of having as helpers such skilful, experienced and diligent mechanics.

DE GRAS MARSH.

(Collected by Jerome McLean.)

Jerome McLean, \$1; Miss Julia McDonald, 70c; Mrs. Grace Powers, 60c. The following gave 50 cents:—Mrs. J. D. Steele, Miss Katie McPhee, A. J. McLean, Eugene Baird, 45c; Josh McDonald, 25c; John McLean, 25c. Total, \$4.75.
