D. A. BRUCE,

Comstock Shares.

I took two orders for 20,000 shares each last week not to mention a number of smaller orders of from 1250 Shares up. The Treasury Shares are ten cents (10) each and offer a good opportunity for a cheap investment in a thoroughly worthy property.

- 500 Shares will cost you \$50.00
- 1,000 " " " " \$100.00

and as the property is a good one and the men at the head of affairs are both responsible and careful, there is a good show for your making considerable money out of these Shares inside of a year. Maps and Prospectuses cheerfully sent on application.

Corticelli Sewing Silk is all silk; it is full size letter A; it is smooth, strong and free from knots or flaws.

These are reasons why ladies who want stitching to last as long as the fabric, prefer it to all other sewing silks.

Knowing ones like it better than linen or cotton because it lasts longer and goes further—and does not fade.

Full length 50 or 100 yard spools.

Costs just one tenth of a cent a yard.
