THE YOUNG MEN'S CHRISTIAN ASSOCIATION.

The organization known by the reading room, and some equipment above name had its origin in London for gymnastic or athletic exercises, sixty-five years ago. It has since spread through many civilized and harmless games and recreation, and open during the day and evening. The Association recognises the utility and necessity of pastime and healthful exercise, properly regulated and surrounded by good influences, as a counter attraction to the demoralising resorts, such as the drinking and gambling saloons. The annual meeting of the Y.M.C.A. in this city serves to recall its useful work, the earnest and zealous labors of the directors and staff to keep it in operation, the valued and generous donations of many patrons who have contributed to its support. The international barriers and differences, and stitution stands today well accredited and approved by its work in the past and by its present condition of popularity and interest. Few if any can be found who would say it is not worth its cost. It is not a money-making institution, but it is a public good, promotive of clean, honest, healthful life in the community, whose good fruit will be more and more apparent as the years roll on. We trust therefore that when its claims to support are again presented its patrons old and new, will respond in the same generous fashion as in the best year's of the Association's history.
