

SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the two following, which are heartfelt expressions of gratitude for restored health:

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had ulcers and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion." — Mrs. HENRY CLARK, Glanford Station, Ont.

Chesterville, Ont.—"I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble.

"My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated.

"I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial." — Mrs. STEPHEN J. MARTIN, Chesterville, Ontario, Canada.

CANADIAN BORN

By Pauline Johnson
We first saw light in Canada, the land beloved of God;
We are the pulse of Canada, its marrow and its blood;
And we the men of Canada, can face the world and brag
That we were born in Canada beneath the British flag.

Few of us have the blood of kings, few are of courtly birth,
But few are vagabonds or rogues of doubtful name and worth;
And all have one credential that entitles us to brag—
That we were born in Canada beneath the British flag.

We've yet to make our money, we've yet to make our fame,
But we have gold and glory in our clean colonial name;
And every man's a millionaire if only he can brag
That he was born in Canada beneath the British flag.

No title and no coronet is half so proudly worn
As that which we inherited as men Canadian born;
We count no man so noble as the one who makes the brag
That he was born in Canada beneath the British flag.

The Dutch may have their Holland, the Spaniard may have his Spain,
The Yankee to the south of us must south of us remain;
For not a man dare lift a hand against the men who brag
That they were born in Canada beneath the British flag.

VALUABLE TIMBERS

Graham Island, Pacific Coast, Abounds in Fine Poles

Five thousand poles for use on the telegraph lines along the Panama Canal were cut from Graham Island, Prince Rupert. This was the first of the Graham Island timber that found a market, and indicates the development of an important industry as experts are agreed that nowhere else could trees be found more adaptable, to the manufacture of poles in general and flag-staffs in particular. Some of the timber has not a branch for 100 feet up, while poles 6 inches at the butt and tapering to 4 inches at from 60 to 100 feet can be cut in any quantity.

PIPES THE INDIANS MADE

A Red Stone Could be Carved When First Dug

I will tell you how the Indians made their pipes and about the materials they used. There is a bright red stone which, when taken from the quarry, is so soft that the Indians could carve it with their knives.

They carved the stone while the material was soft. Once placed in the air the stone became hard and brittle. Later the Indians found a black stone which was soft enough for carving. This, too, they used in making pipes. And this stone could be polished like marble.

Stems for the pipes were made of wood. Some stems were round, others were flat; some were ornamented with porcupine quills and others with bird feathers or tufts of horse hair. Some of the pipes were used for everyday smoking. Others only when the tribe prayed to the Great Spirit.—Major Newell.

Glass on Vessel Hulls
To protect the bottoms of sea going vessels from marine growth an Englishman has invented a method for plating their hulls with glass, separated from the steel by a coating of wood pulp to act as a cushion and prevent the glass breaking when heat expands the steel.

Domestic science instruction in Germany has become so important that a special domestic science dictionary has been published.

The Smoking Habit
Sir Walter Raleigh and his companions introduced into England the habit of smoking tobacco on their return from Virginia in 1585.

That Terrible Fatigue Can Be Overcome

A SIMPLE HOME REMEDY NOW CURES LACK OF ENERGY, LOSS OF AMBITION, AND A FEELING OF "DONT-CARE."

Successful in Nearly Every Case

That miserable nervousness and half sick tired-all-the-time condition is due nine cases in ten to a clogged-up system. You grow irritable and despondent, you lack ambition energy seems all gone. Surest road to health is by the frequent use of Dr. Hamilton's Pills; they will make you feel like new all over in short a time.

Writing from his home in Barcelona, Mr. Frederick G. Mayer states: "I think no one ever suffered as severely as I did for nearly six months. So many serious symptoms were developing as a consequence of this evil condition of my system that I realized I must find a remedy. The strong pills of various kinds I tried seemed after their first effects were over to make me far worse and I did not know which way to turn for relief. I saw Dr. Hamilton's Pills advertised and the first box used satisfied me. I found a true remedy. Instead of gripping with undue activity, Dr. Hamilton's Pills acted as naturally as if physics had not been taken. I never had to increase the dose and, indeed within a month I reduced it, and when the system finally acted of its own accord I took a dose twice a week only, just to make sure the old condition would not come back."

No other remedy cures constipation and biliousness so easily or safely as Dr. Hamilton's Pills; they are an ideal family remedy for all diseases of the stomach, liver and bowels. Sold in 25c. boxes, five for \$1.00, all druggists and storekeepers or The Catarhzone Co., Buffalo, N. Y., and Kingston, Canada.

300 Men's Suits at a Bargain \$12.00 or 7.78
\$13.00 Suits for \$8.35

A leading manufacturer of the men's clothing offered us 300 men's suits at what seems to us a ridiculously low price, providing we bought the lot ranging in sizes from 34 to 44.

After fully examining the suits, quality of lining and every point of finish, style and so forth we decided to buy and we fully believe that they are the best suit bargains offered here for many days. The material from which the suits are made consists chiefly of Scotch Tweeds and English Worsteds.

Every Suit bears a large round green tag, may be seen in our Clothing Room, Second floor to-day

The style of the suits are the new S. B. style. The shoulders are hand shaped and nicely moulded collars and lapels. The front of the coats are sufficiently rounded to give them a stylish appearance. The linings are of good quality satin. The canvas is a heavy elastic finished canvas well padded with wadding and hair cloth. The suits are sewed with silk throughout and are a dressy, classy suit in every respect.

Knickers
A great many parents have been complaining to us that they have been unable to get anything for the boys to stand the wear and tear, such as boys from 6 to 14 years of age usually require. We have secured for you now the best boys' knickers that we know of. It is not cheapness we are after in this instance but quality, we can guarantee them to stand the wear. The price is \$1.55.
