After three hours of debate, the House voted after shouting down an attempt by the insurgents to withdraw the amendment.

ATTLEE GETS

Approve Conscription

The House also rejected \$20 to \$3 an amendment regarding the continuation of conscription in Britain.

Not Conspicuous Triumph

There are 640 members of the House. Lobby estimates of Labor members failing to vote ranged from 100 to 150.

Three Provinces

It was learned that Mr. Duplessis is not worried where his province will obtain the revenue it needs if no new agreement is signed with the Dominion.

Late Fruit Crops Exceed Estimates

The latest estimates of the 1946 late fruit crops show moderate increases over former estimates.

Teachers' Federation Board of Governors

The second annual meeting of the Board of Governors of the Prince Edward Island Teachers' Federation, held in Queen Square School resulted in the election of the following officers:

President, Daniel MacDonald, St. Peter's Bay.

First Vice-President, Mr. J. A. S. Williams, B.A., Prince Street.

Second Vice-President, Mr. John F. Connolly, B.A., Prince of Wales College.

Recording Secretary, Mr. James R. Murphy, Summerside High School.

Secretary-Treasurer, Miss Hilda Brown, Rochford Square.

Mr. J. Roginald MacDonald, Queen Square, was re-appointed general secretary and Mr. Millar MacPherson, Parkdale was re-appointed, publicity director.

The immediate past president is Miss Estelle Bowness, Summerside High School.

Mr. John F. Connolly, a delegate to the Canadian Teachers Federation Conference held in the Chateau Laurier, Ottawa, last August, gave a very complete and comprehensive report of the activities of the Conference.

Mr. J. A. S. Williams, who also attended the Conference, reported on the National Policy adopted by the Canadian Teachers Federation, and on the plans proposed for the erection of a Central Office at Ottawa to serve as a National Memorial to the teachers who made the supreme sacrifice during the past war.

A committee consisting of Mr. Connolly, Mr. Williams and Miss Murnaghan was appointed to look after any recommendations that might be sent in by teachers suggesting changes in the National Policy.

Mr. Daniel MacDonald, Mr. James R. Murphy, and Miss Ina Phillips were appointed a committee to audit the books of the Secretary-treasurer.

Resolutions were adopted favoring an increase in salaries, sick leave benefits, the provision of a handbook to supplement the course of studies, the elimination of entrance examinations in Grade X in the City schools, a reduction in the Grade X course for this year because of the late start to the polo epidemic, and the deduction for pension from Government cheques of rural teachers in December rather than in November as heretofore.

The secretary was instructed to send a letter of thanks to Mrs. Gordon MacDonald, past president of the Women's School Improvement League for their co-operation in the past year and for their kind offer of continued co-operation.

with fur farming in all its phases is Mr. John MacLennan who is in charge of fox farming projects for the Frost Hotel and a committee of Hamilton and Montserrat. His business takes him from coast to coast and he knows practically every large fox and mink farm in the Dominion. He has brought in the best of the latest improved steel-welded fox pens and has had it set up just as it would be in a ranch, near the entrance to the fox show pavilion.

Last evening, Mr. George A. Callbeck, who has been judging the Ontario fox shows last week, arrived home and will commence his duties as judge of the Provincial Show this morning at about 10 o'clock.

Judge Silvers First

The first type to be judged will be the silvers commencing with the medium and going through the various color phases to the extra light silvers. There will be sections for adults and pups, both male and females. Judging will begin at 10 o'clock and will not probably be concluded until Friday afternoon or Saturday morning.

Listed among the exhibitors was Mr. A. W. Allan, Ralph Bessie, E. K. Cameron, G. F. Cameron, Ray Carr, Folland and MacFarlane, L. W. Hancock, T. G. Ives, W. E. Jenkins, W. J. Jenkins, Lester Johnston, S. R. Johnston, J. B. Lockyer, L. E. Lockyer, Muttart Bros., Ralph G. Muttart, George MacMillan, Gordon MacMillan, D. O. Stewart, C. F. Willis, and Roy Woodside.

An important item to the fox men's exhibition week is the annual banquet which will be held at the Charlottetown Hotel on Wednesday evening at 7 o'clock. This is always a good time when good fellows get together and there is no doubt this banquet will prove every whit as enjoyable as its predecessors.

Visitors Impressed

Visitors from Upper Canada were greatly impressed as they saw them being classified yesterday. Among those present was Mr. William Ritchie, official yesterday from the Department of Agriculture, Ottawa, who spent practically all day in the building. Mr. Ritchie leaves this morning to judge the New Brunswick mink show at Fredericton. Before coming to the Province, Mr. Ritchie had officiated at several shows in Ontario and Quebec.

Fine Exhibit Of War Art At Legion Hall

The first exhibit of war art to be shown in Charlottetown is now on display at the Legion Hall, Grafton Street. Opening yesterday, the exhibit will continue every day until Saturday.

While the nature, studies and sketches possibly attracted more attention from those more elderly visitors who have been more accustomed to the older modes and thought in painting, it was noticeable that the war pictures attracted the younger people as by a magnet.

The elemental "bruteness" of many of the studies appeared to fascinate many of the younger generation. One young man said Nichols' "Negro Sailors Returning on Board a Canadian Ship" and Forster's "Starboard Lookout on Corvette" drew him and held him despite an uneasiness which possessed him as long as he stood in front of the pictures. Asked if he could put his reactions to the pictures into words, the young man said the artist had done so vividly and the stark realities of the scenes gripped him even though he had never had experience of the conditions and surroundings so realistically portrayed.

Cullen's "Snowfall" and Harris' sketch, "Old Houses" have a restfulness and a quietness about them which appeal to all visitors. The collection drew large numbers to the Legion Hall yesterday and no doubt the high quality of the art displayed will result in increasing numbers going to the exhibit in the days to come.

Following are some of the paintings and sketches shown:

Navy: "Negro Sailors Returning on Board a Canadian Ship"; "Starboard Lookout on Corvette, N. Atlantic"; "Forster - "Ship at Dock"; "Brooks - "Engine Room, Aircraft Carrier"; "Convoy Entering St. John's, Nfld.";

was 8 per cent heavier than was expected, the crop standing at 680,000 bushels or more than double the 10-year average harvest. A moderate increase is shown in the peach crop which is now estimated at 2,111,000 bushels. Grape production was not as heavy as was indicated by former estimates and now stands at 86,215,000 pounds, a reduction of almost 6,500,000 on the earlier estimate.

Total production of apples in Canada for 1946 is now estimated at 16,739,000 bushels, twice that of a year ago and 30 per cent greater than the 10-year average. The pear crop also proved larger than anticipated and is now set at 897,000 bushels. The total plum crop

Purebred P. E. Island Cattle Form Basis Of Fine Dairy Herd At Port Pepperrell

Headquarters of the United States Army in Newfoundland recently had some fine things to say about Mr. W. E. Agnew, Prince Edward Island, trade agent for Newfoundland, who has been successful on several occasions in providing the United States base at Port Pepperrell with high quality milk cows.

During the visit last summer to the Province of Newfoundland, Mr. Agnew was accompanied by Mr. E. G. Rehkemper, Mr. Agnew was of material assistance to the Army men by accompanying them to various rural sections of the Province and giving them his opinions on many of their proposed cattle purchases.

On his last official visit to Newfoundland, Mr. Agnew called himself of the opportunity to call on the United States officers and learn how their Island purchases were standing in their new home. The comments of the officers were very flattering.

It is understood that Mr. Agnew has returned from Newfoundland with more than 100 head of cattle that he can fill at this particular time. In addition to live-stock, the sale of P. E. Island farm produce in Newfoundland is constantly increasing.

Address On China At Rotary Luncheon

It sounds funny to me when I hear spoken in Canada of the inflation, said Rev. K. H. Ting, B.A., of China, who has for the past three months been guest in Canada of the Student Christian Movement in China. Inflation is at the rate of 25 per cent each month so that every three or four months, the cost of living doubles. For example a student at the University used to pay \$100 per term. Today he pays \$100,000. Your bill for a day in the hospital will cost about \$10,000. An orange is sold for \$5,000.

The speaker was glad to see that the Guardian featured China on its front page yesterday. Before leaving his native country he had been told that the people of Canada would know very little of what was going on in the country.

The history of China in the last 100 years, he added, may be told in a few words. "The discovery of the individual." Formerly the family was everything in the community, and the Emperor, everything in the nation. The Emperor believed China to be the only civilized race, and all other countries were peopled by barbarians.

The speaker told a story of a British ambassador who refused to conform to the custom of bowing his forehead to the floor nine times. He looked as if relations between the two nations were strained. A Chinese official explained to the Emperor that such procedure could not be followed because the British had no knee joints.

The Chinese are gradually getting over their fatalistic ideas and beginning to look around for the cause of their misery, the speaker said. 90 per cent are farmers, and his country is being invaded by the Japanese. Many of these farmers do not own their land, pay tribute in the form of taxes to the war lords. Since the invasion of the Japs many of these war lords have abandoned their people.

There is also a gradual development of the ideas of democracy. Students are deserting their "ivory pagodes" and mixing with the people. The new China is arising bringing hope to the oppressed.

Education is expanding and new industries developing.

Canada has a clean record with China as all other major nations have at one time or other taken advantage of her. We hope to see closer relations between the two countries bordering on the Pacific.

Rotarian T. G. Ives was chairman at yesterday's luncheon.

ATTLEE TELLS OF

that a German invasion attempt was actually launched in 1940—a belief he said was based partly on the fact that about 35 bodies were washed ashore upon the south coast of England in August and September, and partly on knowledge of the "invasion-impinent" signal.

Mr. Attlee said "the facts are" that the Germans in August, 1940, were embarking forces from harbors along the French coast, "but there is no evidence that they ever left harbor."

"Bombing raids on those harbors were carried out by Bomber Command and some barges which put to sea, probably to escape the raids, were sunk either by bombing or by encounter; bad weather."

In his references to German invasion plans, Mr. Attlee said Hitler appeared "encouraged" to believe in July, 1940, that Britain would accept a compromise peace, but that the German leader decided to push invasion planning "both as a threat to supplement the peace offer, and as a practical alternative to be adopted if that offer should fail."

Both Hitler and his military leaders were "apprehensive" of the proposed operation, which hinged on complete air supremacy.

Address And Presentation

A very enjoyable evening was spent at the home of Mr. and Mrs. N. W. MacKinnon, Cross Roads, on Thursday, Nov. 17, when the members of the Hazelbrook Baptist Church entertained in honor of Miss Pearl Jones, who is leaving this week for the United States, where she is to be married in the very near future.

The gathering was called to order by Mr. N. W. Wood and to the strains of Lohengrin's Wedding March, the bride-to-be was escorted to the seat of honor by Mr. N. W. MacKinnon. Mr. Wood made a few well fitting remarks which were heartily endorsed by all present. He then called on Miss Sadie Jones who read an address on Thursday, Nov. 17, when the members of the Hazelbrook Baptist Church entertained in honor of Miss Pearl Jones, who is leaving this week for the United States, where she is to be married in the very near future.
