Use This Liquid To Peel Off Orns

An amazing remedy—acts in a few seconds and causes no pain. The corn shrivels up and peels. Another application or two and the corn drops out. Wonderful—'it is'—but that is just how Putnam's Corn Extractor from many druggists. Get your bottle to-day. Re-use a substitute for Putnam's.

TEACHING TEMPERANCE

Sir,—The promotion of temperance by means of our schools ought, I think, to be further and more favorably considered by our Board of Education, and by our teachers. It is lamentable to see young men on our streets under the influence of liquor, and in a fair way to become drunkards, after so many years of prohibition. The fact proves that men can't be made sober by Act of Parliament. But if the evil resulting from the drinking of intoxicants were impressed upon the youthful minds of the boys and girls in our homes and schools, they would not, I think, be so foolish as to drink—even for the fun of breaking the law. The effects of intemperance—particularly in the use of strong drink—should be taught in all the schools. Our young people should all know that "temperance in everything is requested for happiness and prosperity in this life," and that no drunkard can enter the Kingdom of Heaven.

Is a wonderful body builder

A ship used on the Great Lakes for carrying cement from a large cement works in Michigan to Chicago is loaded and unloaded by compressed air. The concrete is handled in bulk, and is simply blown into the hold through large pipes, and when it reaches its destination more compressed air simply blows it out again.

Oxygen is the latest cure for sea-sickness recommended by German physicians. When the gas is inhaled for three or four minutes, they say the seasick person is immediately relieved, and even nausea ceases. Explaining this remarkable cure, the doctors declare that the illness is caused by the anæmic condition of the brain—a condition that oxygen is said to remedy.

Uncle—"My boy, it will pay you to be diligent in your studies. Remember, what you have learned no one can ever take away from you."

Bore—Yes, I don't know how it is, but I feel thoroughly wound up tonight.

Hostess—How strange! And yet you don't seem to go.
