The same party was sentenced to one month in Georgetown jail for assaulting a police officer while in the performance of his duty.

There have not been reported at time of writing any crossings of the harbour ice to Lower Montague by horse and sleigh. Reports say the ice is very spotty, with some fairly thick and some thin spots, making it very treacherous. Several days ago two men broke through while sailing their ice boat. They managed to jump clear and ran over bending ice to the shore.
