"IT PAYS to buy in this Province"

"BUY SCHOONER.—Weir and Five Stanley Bridge have purchased the schooner "Alma L. Gerlie" from Mrs. John R. Ruse, Georgetown, P. E. I.

"MRS. BRIGGS OF THE POULTRY YARD" at the Auditorium, Montague, Tuesday, June 19th at 8 o'clock. 933-6-11 Montague.

"READY FOR ELECTRIC LIGHTS"—That matter so important especially to the Georgetown citizens, namely the Electric Lights has at last been settled and the Montague Electric Company will run the wires from Montague to Georgetown as soon as possible. The Mayor and Council certainly deserve credit for bringing to a successful issue such an important subject.—G.

"SCHOOL WORK.—The following is the standing of the Georgetown Royalty School for May, Seymour C. Gordon, Teacher, Grade VII.—1, Harold R. Gordon, Grade VI.—1, Ernest Parker; 2, Alice DeLorie; 3, Edison L. Norton; 4, Florence Morrison, Grade III.—1, Fredie Norton; 2, Marie DeLorie; 3, Verna MacNabb; 4, Lucy DeLorie, Grade II.—1, Mary Morrison; 2, Maude Parker; 3, Georgina MacNabb, Grade I.—1, Emmett MacDonald; 2, Alexander Morrison; 3, Margaret MacRae; 4, Beatrice DeLorie. Perfect attendance.—Maude Parker and Verna MacNabb.—G.

"BUSY FARMING.—Farm work is going on at a brisk rate now since the warm weather has arrived. The rain which is so much in evidence while it may prevent the farmer doing his work yet it is certainly a boon to the crops which are sown. It is especially good for the hay fields. If the present style of weather last a little longer there will be a splendid crop of hay which will be a good thing for the Island as there is generally a shortage here.—G.

"REPORTED ILL.—The many friends throughout this part of the province will regret to learn that Mr. Joseph Hunter, Georgetown has been very ill for the past couple of days but it is hoped by all that we will see Joe around again soon.—G.

"SAFELY IN FRANCE.—A letter from Somewhere in France, from Pte. Percy McCallum, 50th Bn., 1st Canadian Battery Field Artillery, P. E. I., by his friend Mary A. McDonald, North Lake reports that he is in the best of health and has not received a wound of any kind as yet.

"LAKEVIEW INSTITUTE.—The Lakeview Women's Institute met at the home of Miss Katie Rose on Wednesday, June 6th at 8.00 p. m. The women intend purchasing a knitting machine to be used for patriotic purposes. A committee was appointed to canvass the district for wool, and also to collect old rubbers to be sold for Red Cross funds. A special collection was made at this meeting for the Prisoners of War Fund. It was decided to serve only bread and tea at these meetings until the war is over. Miss MacFarlane was present and gave a demonstration on "Soup Making." Miss Pearl Ching read a paper on "Our Canadian Women, and Miss Gladys Rose read a paper "Fighting the Fly." The hostess then served refreshments and the meeting closed with the National Anthem.—G.

"ELMIRA INSTITUTE.—The Elmira Women's Institute held its regular monthly meeting at the home of Mrs. Stephen Mellick on Thursday, June 7th at 8.00 p. m. It was decided to canvass the district for wool for the soldiers. The Institute intend holding a bazaar and ice cream social the latter part of July. Miss MacFarlane was present and gave a "Stenciling Demonstration." Miss Campbell read a paper on "Our Canadian Women" and Miss Harris a paper on "Fighting the Fly." The next meeting is to be held at the home of Mrs. Stephen's. After refreshments were served the meeting closed with the National Anthem.

"LORNE VALLEY.—Mr. Alex McInnis sold a fine horse recently to Mr. Joseph J. McAulay of the P. E. I. Telephone Company.—Mr. Finlay Docherty of Riverton has sold his property to Mr. William Gay, formerly of St. Theresa's. Mr. Docherty intends removing to the United States.—Mr. Malcolm Macdonald, manager of the Lorne Valley Egg Circle No. 50 received 540 dozens of eggs from the Circle patrons on his last collecting tour. The price paid by the Circle is steadily advancing.—Mr. Allen Finlayson of Riverton is the proud possessor of a magnificent Clydesdale foal sired by that well known stock getter, Mr. Reid's Clydesdale horse of Victoria Cross. It is the opinion of competent judges that this is the best foal yet got by this noted sire.—Mr. Alexander Melnis of Lorne Valley has purchased a fine general purpose horse from Mr. Thomas Fisher of Riverton for a handsome sum.—Seed-

ling is well advanced in this locality and will probably be completed next week.—Mr. Hugh Macdonald finished on Tuesday, the first to get through in this neighborhood. Mr. Macdonald is a hustler.—Mr. John McLeod, Elm Road was to Lorne Valley on Thursday on a business trip.—Mr. Hugh Macdonald is using his manure spreader to draw mussel mud from 48 Road Station. This is an ingenious device which effects a very considerable saving of labor in that the mud has to be only once handled whereas by the old way after being loaded in carts and hauled to the field it had to be again loaded on the manure spreader in order to have it scattered over the land. It is to be regretted that Mrs. Angus Docherty of Riverton is in poor health of late.—The spring's work on the farm has interrupted seriously with the school attendance and many districts will revert to the old spring and fall vacation next year.—Dr. R. J. McDonald, St. Peter's Bay was a visitor to Lorne Valley on Thursday last.—G.

Glasses Help Clear Thinking

Eye strain is a big drag on efficiency. It prevents clear thinking and quick action. It causes headache, nervousness and exhaustion. Properly fitted glasses are the remedy. These remove the strain and give normal vision without effort, conscious or unconscious.
