WAS A CONFIRMED DYSPEPTIC Now Finds It a Pleasure to Enjoy Meals

Here is a case which seemed as bad and as hopeless as yours can possibly be. This is the experience of Mr. H. J. Brown, 384 Bathurst St., Toronto, in his own words: "Gentlemen—I have much pleasure in mentioning to you the benefits received from your Na-Dru-Co Dyspepsia Tablets and can cheerfully recommend them. I simply had confirmed dyspepsia with all its wretched symptoms, and tried about all the advertised cures with no success. You have in Na-Dru-Co Dyspepsia Tablets the best curative agent I could find. It is now such a pleasure to enjoy meals with their consequent nourishment that I want to mention this for the benefit of others."

LONDON, Nov. 3.—(Special).—The Royal Mail Steamship Company's dispute with its engineers has been settled and the engineers of the vessels in port has sent in their notices to return to work.

LONDON, Nov. 1, (Special)—On Oct. 30 a son was born to Lady Baden-Powell, wife of Sir Robert Baden-Powell, hero of Lady Smith in the Boer war and founder of the Boy Scout movement.

LONDON, Nov. 1, (Special)—The Royal Flying Corps recently has been organized on a basis which gives to the navy predominant the funds available for aeronautical purposes. It is expected that the amount ultimately available will be \$5,000,000.

NEW YORK, Nov. 1, (Special)—The strike of 125 chauffeurs in automobile trucks carrying United States mail has caused no delay in the transportation of the mail according to federal authorities, who said the pieces of the men who went out has been filled by other drivers. Strikers and sympathizers did not interfere with the moving of the trucks, but as a precautionary measure policemen and secret service agents contined to guard the wagons. Several men arrested yesterday were turned over to the federal authorities today and faced, instead of the charge of disorderly conduct, the more serious one of interfering with the United States mails.

VALPARAISO, CHILI, via GALVESTON, Nov. 1, (Special)—Mr. Robert Bacon and his party arrived here from Santiago, where the honorary degree of LL. D. was conferred on Mr. Bacon by the Santiago University, when he delivered a speech on international friendship. Mr. Bacon says that everywhere the

The Changing Age

Girls and boys from 14 to 19 years of age undergo physical changes which tax their strength to the utmost and the strain is always apparent from pale cheeks, colorless lips, and tired bodies—sometimes eruptions of the skin and the utter lack of the ambition and animation with which their younger years were filled.

Budding into womanhood and manhood, with the duties of school or business, demands concentrated nourishment which is readily convertible into red blood corpuscles, energy and strength, and the very best thing for this changing age is the medical nutrient in Scott's Emulsion—it possesses the rare blood-making properties of cod liver oil in a predigested form; hypophosphites for the nervous system, with the healing, soothing qualities of pure glycerine. Its nourishing force promotes assimilation, yields direct returns in abundant, red blood, fills hollow cheeks, tones the nerves, makes all good food do good, and does it in a natural easy manner.

The sustaining nourishment in Scott's Emulsion is so helpful to this changing age that it should never be neglected—every druggist has it. 13-112 Scott & Bowser, Toronto, Ontario.

BRUSSELS, Nov. 1, (Special)—It is announced that the three princesses, Louise, Stephanie and Clementine, the daughters of the late King Leopold, have decided to end the litigation with the Government over their father's estate by accepting the compromise proposed by the ministry. Counsel on both sides are now arranging the final details, whereby each of the princesses will receive \$1,400,000.

In April last the Court of Appeals rendered a decision against the princesses who brought suit for the entire Congo property left by their father, valued at \$14,000,000. Previous to this the princesses had rejected the proposal of the Minister of Justice that they accept \$7,500,000 as their share.

BERLIN, Nov. 1, (Special)—Mme. Emmy Destinn recently performed in a cage containing fourteen lions for a motion picture drama. Some 200 persons, well known in the Berlin artistic, theatrical, and literary world, gathered in a forest on the outskirts of the city in order to witness the spectacle of a famous prima donna singing operatic airs surrounded by lions to the piano accompaniment of a woman trainer.

From the moment when the tamer persuaded a lion to jump up and sit on the top of the piano the singer was for a quarter of an hour within an arm's length of a couple of the beasts. Of actual singing or piano playing there was none, the sound being produced by means of a giant phonograph, and the artist merely mimicking the movements of the lips, etc. A couple of airs from "Mignon" were thus silently played, the lions betraying not the least annoyance, one switching its tail, and another shaking its mane. Mme. Destinn then fondled the lion on the piano for a couple of minutes while an extra photograph was taken. Before departing the guests broke into a loud cheer when the cage was finally cleared, this plainly surprising the lions more than the whole performance.

Mme. Destinn afterward allowed some of the sacred onlookers to feel her pulse, which appeared quite normal. She said she was quite devoid of fear, the most startling moment being when she caught sight of the blanched face of her manager who was sitting close to the cage door.
