THE CENTRAL GUARDIAN

SHOP from Holman's Catalog. 500 PAIRS BOOTS, Oxfords and Pumps, only \$3.95 at Alley's Cash Shoe Sale this week.

SPECIAL BARGAINS on Men's heavy or fine boots all this week. PURDIE-PERIGU-SION SHOE CO.

EVERYBODY IS GOING to the concert, Montague, Oddfellows Hall, Friday eve, Feb. 10th, 8.30 cents, children 25 cents.

HALF PRICE—We are now offering the balance of stock of Horse Rugs and Stiegl Bells at 50 per cent. discount for cash. A. HORNE & CO.

WELL KNOWN HERE—John McCormack, a farmer of Yarmouth North, and well known throughout the province and Prince Edward Island, died last evening at Yarmouth. He was a native of Ireland and went to Yarmouth in the early sixties. Mr. McCormack was 81 years of age and is survived by one brother, Samuel McCormack, of Weymouth, Halifax Recorder.

ANNUAL REMNANT SALE—Friday morning, Feb. 10th, 10.30 a.m. Beer & Weeks.

THE ANNUAL HIGH TEA will take place at Notre Dame Academy on Wed. and Thursday, Feb. 22nd and 23rd.

SOURIS LINE BLOCKED.—Great difficulty with blocked tracks is being experienced in the eastern part of the Island. There are very heavy cuttings east of Souris and an extra train will work there this morning with snow plough. Two trains with ploughs worked between Harmony and Souris all day yesterday and the good execution of the cuttings which range from four to fifteen feet deep, are hardened with the last two nights' frost and the work of clearing the line is necessarily slow and difficult. The George's Bay farm got through all right last evening. The track west of Charlottetown is also clear.

WAR ANNIVERSARY—Seven years ago yesterday (Feb. 9, 1915) the original First Canadian Division, comprising three brigades of infantry and artillery with cavalry, landed in England for France. They embarked for the most part at Avonmouth Docks, Bristol and arrived three days later at St. Nazaire on the River Loire, from whence they proceeded by rail to the front.

SUMMERSIDE HOCKEY.—With the certainty that the winning of the game would put them in excellent position of winning the Summerside Hockey League trophy, the War Veterans played one of their best games of the season in the Summerside rink on Tuesday night when they sent the Pioneers down to defeat by the score of 6-4. The game was close and interesting, the first five minutes being about the fastest hockey that has been played in Summerside for a long time. The Vets practically won their game in the first period, clocking up 4 goals to the Pioneers' 1. In the second period the Vets again notched up 2 more and the Pioneers added 3 to their tally. There was no scoring in the third period, which was rather slow. By winning this game the Vets placed themselves in the lead of the league, with an excellent chance of winning the trophy and by losing it the Pioneers lost all chance of making a fight for the honors. The following is the lineup:

Table with 4 columns: Position, Name, Team. Includes Goalies (Corney, Rogers, Clarke), Defences (McQuarrie, Morris, Houlton), Centre (Ferguson), Wings (D'Caill, C. Cahill, Johnson, McArthur), Spares (Daley), and Standing of the League.

PERSONALS

Fred Hill, of St. John N. B., was in Summerside Wednesday on business. B. W. Burns, New Glasgow, N.S., was a visitor to Summerside Wednesday last. Miss Rendle, milliner, left yesterday for the millinery markets in Toronto and St. John.

Mrs. Gertrude Murphy of Emerald was returned to her home after spending some time with her cousin, Mrs. William Trainor, Albany.

The many friends of Mrs. Thomas E. Deigan of Emerald are glad to see her out again after being in the house for six weeks with blood poisoning in her right arm.

DEATHS

CURRIE—At the P. E. Island Hospital, Feb. 9th, 1922, Bessie Currie, aged 15 years, only daughter of Mr. and Mrs. James Currie, city. Please omit flowers.

McLEOD—In this city, Feb. 9, John Malcolm, infant son of Mr. and Mrs. Malcolm McLeod, 49 Dorchester St., aged 6 months. Funeral today, February 10th at 2 p.m.

CAPT. WILLIAM S. LARKIN

The Alberton correspondent of the Farmer says: The death of Capt. William S. Larkin in his 78th year has removed a familiar figure from our midst and we lament his demise. The deceased was well and favourably known throughout this province and beyond its borders. One of the captains courageous of the old school sturdy, strong, fearless in his profession and a man of high character. He was ready to set a line to his feet in any distress and to risk his own life and his ship in the endeavor to rescue a brother seaman from threatened shipwreck. For many years the late captain was in charge of Government dredging on the shores of this province, and at all times he rendered capable and efficient service. He retired from active service some ten or eleven years ago and since that time has resided in Alberton, where his death occurred last week after an illness extending over some months. Besides his widow, he leaves two daughters and four sons to mourn. The funeral took place on the 25th inst., with Masonic honours to the Anglican Cemetery. The services were conducted at the house by the Rev. G. A. Christie assisted by the Rev. Mr. Spriggs.

A NEW INVENTION

An inventor who has been trying to find a noiseless engine is Prof. Low of the Low Engineering Co., Ltd., London, Eng., who, with his audiometer, has been engaged for a year or more in photographing and recording sounds. The apparatus consists of a horn which collects sound waves and records them on a diaphragm that is very much like that of an enormous gramophone or sound-horn. The movement of the diaphragm caused by the sound waves is transferred to a mirror not larger than a pin-point. The mirror reflects a tiny spot of light the movements of which are photographed on a screen. The instrument enables the operator to say not only how noisy is the noise, but also whether the vibrations are regular or irregular, such as the rattling made by a horse and cart and steam whistle.

Use RAZ-MAN for ASTHMA. No Smoking—No Spraying—No Snuff. Just Swallow a Capsule. RAZ-MAN is Guaranteed to restore normal breathing, stop asthma, soothe the inflamed throat, relieve the chest, and clear the lungs. It is a powerful expectorant and bronchodilator. It is a natural remedy, and is safe for all ages. It is a true cure for asthma, and is the only remedy that is guaranteed to give relief. It is a true cure for asthma, and is the only remedy that is guaranteed to give relief. It is a true cure for asthma, and is the only remedy that is guaranteed to give relief.

REPORT OF WOMEN'S INSTITUTES OF PRINCE EDWARD ISLAND

North Rustico: The Women's Institute of this district met for their regular meeting at the home of Mrs. Chester Woolner, on January 18th. Sixteen women were present at the reading of the minutes, committee were appointed. A discussion on School needs was then held. An interesting paper entitled "Children's Rights" was read by Mrs. B. C. Weston. The remainder of the evening was spent socially.

Prior Point: The regular monthly meeting of this Institute was held at the home of Mrs. P. S. McLeod on January 27th. There were eleven members and ten visitors present. The meeting opened with the reading of the minutes. It was decided to equip the school with the utensils necessary for the serving of "The Hot School Lunch." The sum of \$12.00 was voted towards the building fund of the Charlottetown Institute. The next meeting will be held at the home of Mrs. John J. MacDonald.

Pingwood Women's Institute held one of its best meetings of the year at the home of Mrs. S. J. Currie on January 26th. There was an attendance of twelve members and eight visitors. The meeting opened with the singing of the national anthem. The minutes of the last meeting were read and approved. After a short discussion it was decided to purchase the following for the school: A globe, fixtures for desks, wash basins, and a table. It was also decided that some cotton be bought and made into a quilt to be donated to the St. Vincent Orphanage. After the serving of a daily lunch by the hostesses, the meeting closed with the singing of "Auld Lang Syne." The next meeting will be held on February 23rd.

Cape Egmont: The regular monthly meeting of this Institute was held at the home of Mrs. Pierre Richard on February 1st. Twenty members and two visitors were present. After the reading of the minutes and reports of the various work being done in the school was given by the school committee. The sum of \$6.75 was collected for the help of a needy family. The next meeting will be at the home of Mrs. Andrew Arsenault on February 15th.

Springfield: The women of this district met for their regular monthly meeting at the home of Mrs. H. B. Hain on January 20th. Fifteen members and two visitors were present. The meeting opened with the singing of the national anthem. The roll call was answered and the minutes of the last meeting were read. The roll call was answered and the minutes of the last meeting were read. The roll call was answered and the minutes of the last meeting were read.

Victoria: Women's Institute held their regular monthly meeting at the home of Mrs. L. Dougherty on January 16th. There was an attendance of fifteen members. The meeting opened with a singing of the national anthem. The roll call was answered by contributions. The "School and Sick" committees gave their reports. It was decided that the Institute should fund and clothe for a poor family in the district. Plans were made for the holding of a Box Social on February 14th.

Linkletter: The women of this district met at the home of Mrs. H. B. Hain on February 2nd. Fifteen members and four visitors were present. Two quilts for the Prince County Hospital were completed. The roll call was answered by contributions. The "School and Sick" committees gave their reports. It was decided that the Institute should fund and clothe for a poor family in the district. Plans were made for the holding of a Box Social on February 14th.

Cable Head East: Miss Mary Melnis entertained the members of her district at her home on January 24th. Nine members and two visitors were present. The minutes of the last meeting were read and adopted. A paper entitled "If You Want to be Happy" was read by Mrs. G. H. Hain. The sum of \$24.00 was realized at a dance and it was decided to use \$12.00 of this for charitable purposes.

Cymra: On January 11th this Institute met for their regular monthly meeting at the home of Mrs. Robert Hain. As the night was stormy only nine members were present. The meeting opened with the singing of the national anthem. It was decided that the material be purchased for the making of an autograph quilt. After lunch was served by the hostesses, a social hour was enjoyed by the members. The next meeting will be held at the home of Mrs. Wm. Munn.

New Perth: The regular monthly meeting of this Institute was held at the home of Mrs. Edward Munn. Fourteen members and one visitor were present. After the reading and adoption of the minutes of the last meeting a paper entitled "How to Make Meetings Interesting" was read. It was decided that the Institute should give an entertainment the first week in May.

Central Royalty: This Institute held their regular monthly meeting at the home of Mrs. C. H. Wood on February 3rd. Twelve members and one visitor were present. The committee reported work done on cleaning of school and the arrangements made for the holding of a social. A paper entitled "The Children's Rights" was read by Mrs. Rombold. Plans were made for the holding of a Birthday party at the home of Mrs. Jas. Roper.

These days, that's right, Sophie—What do you think of a fellow who makes a girl blush? Sophie—I think he's a wonder.

CURLING

Amherst Wins From Charlottetown.

Some very fine curling was witnessed here tonight between two rinks of the Amherst curlers and two rinks from Charlottetown. In one of the rinks the visitors won out by a score of 12 to 11, but in the second rink skip Robertson had a margin of four points which gave Amherst the win by a total score of 27 to 24. Both plays were good but in the rink where the visitors won it was very fine at the eleventh end, Charlottetown had a lead of 9 to 7. In the twelfth end Amherst scored one and in the thirteenth Charlottetown scored one. The visitors added two to the fourteenth and Amherst evened again in the fifteenth. In the last end Prof. Watkins played his stone to free a margin of one. The final score was as follows: Charlottetown vs. Amherst: P. I. Dougan vs. Thelby; Chas. Toombs vs. J. P. Chisholm; J. A. S. Ives vs. Wm. Knight; J. P. S. Ives vs. skip H. R. Robertson, skip 16; skip 1 vs. R. Robertson, skip 16; skip 2 vs. M. Fullerton vs. Frank Brown, M. P. Tynes vs. W. R. Tutts, J. A. Fraser vs. C. W. Bradford; Prof. Watkins, skip 16 vs. B. H. Robertson, skip 16. After the game a splendid banquet was served at which about sixty curlers were present.

Ice Patrol Service To Be Revived

HALIFAX, Feb. 8.—With the approach of spring and the ice menace on the Trans-Atlantic steamship lanes about to be revived, preparations are under way for the usual patrolling of the Grand Banks and vicinity, in accordance with the international convention for safety of life at sea adopted at London in 1914. The U. S. Coast Guard Cutter Seneca has again been detailed for this work and is to have left New York the end of last week. Later another cutter will likely be detailed to assist the Seneca.

Last season, as in former years, Halifax was the headquarters for the cutter detailed for this service and it is likely that this port will again be chosen for a base. The Seneca and Androscoggin, which were on the ice patrol work last spring, did most valuable work.

The Seneca will keep in touch with the ice situation, make observations of the quantities of ice, ice-kind, extent and rift and obtain all other information of value.

The information being for the guidance of navigators, co-ordinated by the primary duties of oceanographical and meteorological observations will be made.

Free State Chiefs Invited To London

LONDON, Feb. 9.—Arthur Griffith and Michael Collins have been invited to London to discuss with the British Government the new situation which has arisen over the Ulster boundaries. There was no response today to the call of Mike Collins for an all-Ireland conference to draft a constitution for settlement of the Ulster dispute. Sir James Craig, who is in London, has not since known his plans.

RUN NECK AND NECK IN 40,000 YEAR RACE

CAMBRIDGE, Mass., Feb. 7.—In a 40,000-year voyage from the stars to the earth pulses of blue and yellow light run a neck-and-neck race, according to a bulletin issued today by the Harvard College Observatory. Travelling 186,000 miles a second, the two kinds of light do not differ in velocity as much as an inch a second, the bulletin says. In the entire journey neither gains as much as two minutes. This conclusion has been reached by study of the variable stars in remote clusters, one of the brightest and nearest of which is designated Messier 5. The distance from the earth of this ball-shaped swarm of thousands of giant stars, just computed by Harvard astronomers, announced as 122 kiloparsecs, or nearly 40,000 light years. This is the equivalent of more than 200,000,000,000,000 miles.

GREAT CRATER IN ICELAND

The young Swedish students of zoology, after an adventurous nine days' expedition in Iceland, have discovered what is believed to be the largest crater in the world, measuring eight kilometers long and five kilometers wide.—Omaha Bee.

Judge Warburton Tells History of Island's First Chief Justice

The Rotary Club weekly luncheon was held as usual yesterday at the Davies Hotel, Rotarian Col. A. MacKinnon presiding. Guests present were Messrs. J. J. Hornby, Major Parker Hooper, C. H. Stiers of Souris and Robarlan Fisher of the St. John Club. Rotarian Chas. Black read a two minute paper on a Rotarian's duty toward the charities of his city. Secretary Percy Turner exhibited and applauded the handsome attendance cup won for the month of January by the local club with an attendance of 92.75 percent. The chairman extended the congratulations of the Club to Rotarian Mayor H. R. Jenkins, Councillors Yeo and Prowse and Water Commissioner J. A. Webster upon their election to these important civil positions.

The speaker of the day was the Hon. A. B. Warburton, Judge of Probate, who gave a most interesting address on the history of the first Chief Justice of the Island, 1770-1771. This was Chief Justice Dupont, who came from England a promising young lawyer, to Nova Scotia in 1749. In February 1752 he was appointed Judge of the Court of Common Pleas there, and later became secretary of the Judicial Council of Nova Scotia which position he occupied for many years. In 1766 he codified the laws of Nova Scotia.

In 1770 Judge Dupont was appointed Chief Justice of the Island of St. John (P. E. Island) and arrived here in the summer of that year. As he failed to bring provisions with him the Governor had to give him his leave of absence for the winter, otherwise he would have starved. The Chief Justice was given commission to hold his first Supreme Court on Sept. 24, 1770. This was the first Supreme Court held on the Island.

He drew for his salary in 1771 but owing to default in the paying of court rents which was the fund out of which salaries were to be paid, his bills were dishonored and he was reduced to great distress. He laid his case before Lord Hillsboro, Secretary of the Colonies, but received very little satisfaction. He was again in Sept. 2nd, 1771, mentioning the terms for the sittings of the Supreme Court established by the third Tuesday in February, and the first Tuesday in July, these being the most convenient seasons. The first Court of this term was accordingly held in July when three persons convicted of petty larceny were sentenced to be whipped.

Referring to his position in regard to the non-payment of his salary he said in one of his letters: "The protesting of my bills has brought me into the greatest discomfort imaginable." He had stretched his credit to the utmost to procure salt pork and brown biscuits and he complained that it was impossible for him to go on in this way for another year. He asked to be appointed Chief Justice in South Carolina, where he understood there was a vacancy. He suggested that Cape Breton be annexed to the Island. In this year the address of the first Grand Jury was submitted, addressed to His Majesty the King.

In 1774, Governor Patterson, writing to Lord Dartmouth, reports the death of Chief Justice Dupont said he died with "Gout" in his stomach on the 24th of January. He adds that Judge Dupont was a marvellous instance of the fact that temperance and sobriety alone is not sufficient to eradicate nor to prevent the fatal effects of this disorder.

He had lived for five years on a milk diet and even after leaving off this diet he drank nothing but water. His sufferings were such that if ever death was welcome to any man it must have been to him. His life was a constant scene of difficulties and distress since he came to reside on the Island. There being no lawyer capable of filling his high office, Governor Patterson in Feb. 14, 1774, had the office placed in the hands of a commission of three persons: Robert Stewart, John Russell Spence and Thomas Wright.

"AIR MAIL" CAME BY REGULAR ROUTE

MONTREAL, Feb. 8.—A member of the Montreal Gazette staff is in receipt of an air mail letter from Premier Sir Richard A. Squires of Newfoundland, in which he states: "Feeling that you would like to have a souvenir in the form of a cancelled postage stamp in the event of this mail getting through, I am dropping you this word of greeting."

THESE DAYS, THAT'S RIGHT, Sophie—What do you think of a fellow who makes a girl blush? Sophie—I think he's a wonder.

Listen! Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles. Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence healing.

FREE TRIAL. Cut out this article, write across it the name and date of this paper, and mail it with 1c stamp to return postage to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

Peeps

CARD OF THANKS

I desire to sincerely thank the Citizens of Charlottetown for the very liberal support they gave me at the polls yesterday although I was not elected to a seat at the board for the present term.

H. CRASWELL

Card of Thanks

I wish to thank the 517 electors who voted for me on Wednesday. I feel proud of this vote as it was entirely uncanvassed. I also desire to congratulate the victors and wish them success in the responsibilities devolving upon them, and extend sincere sympathy to my unsuccessful comrades.

Yours as ever, W. A. STEWART.

Card of Thanks

To the Electors of Ward 5: I sincerely thank my friends who elected me as Councillor for Ward 5. I shall endeavor to serve your best interests while in office.

GEO. W. MACLEOD.

Card of Thanks

To the Electors of Ward Four: I feel proud to thank you sincerely for the generous support you gave me on Wednesday last in the first election. I shall endeavor to carry out to the best of my ability the wishes of the electors and will do all in my power for the betterment of the City.

Yours sincerely, J. S. PIERCE.

Card of Thanks

TO THE ELECTORS OF WARD TWO Ladies and Gentlemen: For the very generous measure of support accorded me in Wednesday's Civic Contest I am deeply grateful, and I assure you that the decisiveness of the verdict given in my favor shall be an incentive to me to do even more watchful than ever in all matters affecting your interests.

Respectfully yours, WILLIAM MORAN.

GERMANS TRYING OUT CONCRETE RAILWAY CARS

BERLIN, Feb. 8.—The principle of reinforced concrete construction hitherto applied successfully to building lighters and even steamers, is now being tested in Germany in the manufacture of freight cars with encouraging results. The first concrete and gondola cars of fifteen tons' capacity have undergone successful tests as to strength and stability, withstanding collisions when moving with a full load at twelve to fifteen miles per hour. The chief advantage of the reinforced concrete cars in addition to their cheapness and ease of construction is their resistance to weak acids in such freights as coal, slack, etc., which attack and quickly eat away the metal parts in iron and steel cars. Cars of fifteen and twenty-ton capacity are somewhat heavier than steel cars of the same size, but this difference disappears in forty-ton cars with which the German State railroads, following the trend of the times, plan to equip their lines.

GIVE ONLY ONE PER CENT. CHURCH HAS DEFICIT

LONDON, Feb. 8.—The Anglican Church central board of finance closes the church year with a working loss of fifteen thousand pounds. This is considerably less than was anticipated. At a recent meeting of the London Diocesan Fund the Bishop of London said that a careful computation of contributions throughout England showed that members of the Church of England gave only one per cent. of their income to God.

CASTORIA

For Infants and Children IN USE FOR OVER 30 YEARS Always bears the Signature of Dr. J. C. Peckham
