

The Old Order Is Passing

In the past people who have accumulated savings have been content to give their money to corporations, firms and individuals for 3 to 6 p. c. who have used it to make for themselves, ten, fifteen and even twenty-five per cent.

THE PEOPLE NOW DEMAND

Their proportional share of the profits both present and future from any business in which they invest their savings.

MY POLICY

Is to see and insist that the firms I raise money for pay the investors fair dividends also give them a Common Stock Bonus that they may share in additional future earnings.

I can offer you reliable investments in concerns who believe as I do.
