Yet James B. Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see a rich man.

The business man who in this age of advertising is afraid to invest his money in publicity will never accumulate a fortune.

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada. With a daily circulation of the morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community. Charlottetown has a population of 12,000 and Prince Edward Island 105,000. The Guardian's daily circulation is therefore as 1 to 1 1/2 of population in the city in which it is published, or 1 to 13 of the population of the Province. This is the management believes, unequalled by any daily newspaper published in Canada. Take one or two comparisons with other leading newspapers in other cities and Provinces.
