Getting a Start In Business

The Oliver Typewriter Company is establishing new Local Agencies in all parts of the United States and Canada, where territory is not already taken.

At each of these points some bright fellow will be given the opportunity of his life to create for himself a permanent, profitable business.

The lack of sales experience is no handicap. The Company gives successful applicants a thorough training, which includes a course in The Oliver School of Practical Salesmanship. We coach them individually.

Young men who have recently graduated from colleges and universities are eligible for these Local Agencies.

Bankers, business and professional men, or their employees, with time to spare, can handle the work.

The OLIVER Typewriter

The Standard Visible Writer The Oliver Typewriter is now the big seller everywhere. "The Little Giant of the Typewriter World" has so many strong features that it is useless to attempt a detailed description here.

The Oliver's new and exclusive Printype, the type that prints real print, has won universal acclaim.

We Share Profits

No manufacturing concern gives its sales organization a more liberal share of its earnings than the Oliver Typewriter Company. We pay out many thousands of dollars every month to Oliver Local Agents.

Each Local Agent is given exclusive control of the sale of all new Oliver Typewriters in his territory. This gives our men a double incentive to earn work—a liberal profit on every sale and a chance to build for the future.

Local Agents are authorized to sell the Oliver Typewriter on the "17-Cents-a-Day" Plan, and even have the privilege of paying for their sample outfits on the same basis.

Applicants who are qualified for these positions can start at once.

Full particulars of the Local Agency proposition, the "17-Cents-a-Day" Plan, together with Catalog and specimen Printype letter mailed on request. Address Agency Department.

AMATEURISM V. PROFESSIONALISM

It is currently reported that an endeavour is being made among an element of the sporting fraternity to organize professional hockey here. This is undoubtedly a matter of the utmost importance to the Amateur Clubs of the city and steps should be taken by the combined clubs to offset any movement that would in the slightest degree interfere with the splendid standing amateur sport has ever held in this Province. In a city of this size not hockey alone would feel the loss to the amateur ranks of any of the players, but all the other games including football, baseball, basketball, etc., and certainly if professionalism is to jeopardize amateur sport to any extent, we are much better off without it. Judging from the results of professionalism in the past three or four years, as practiced in the neighboring Provinces, amateur sport in all its branches is a great deal more desirable.

WOMEN WEAR TROUSERS.

Women in London have begun to wear trousers and little smoking coats instead of a tea gown. The fashion has been in vogue for some time in Paris and there has been much discussion as to whether English women would adopt it.

Every kind of waistcoat is being worn out of doors, but the trousers and coat suit is only worn indoors, and generally in the afternoon. Many suits consisting of a loose smoking jacket, similar in cut to the pyjama jacket, but of different material, have already been seen in London. The suits and trousers resemble closely the jacket and trousers of the Chinese woman.

A coat seen in a West end shop yesterday, was of deep blue cashmere, with a collar of yellow silk and a breast pocket, the whole being stitched in yellow. Another suit was of forget-me-not blue silk, the lining of white Japanese silk. It has a silk collar of pale pink, a breast pocket of the same tint, and the pink trousers were turned up in the masculine manner. 9.45

IN MEMORIAM

Our darling Edna Marie Henry died, December 12th, 1910, aged 4 years. "Budded on earth to bloom in Heaven." 3169.

REV. C. A. HARDY.

MONTREAL, Dec. 11.—Rev. Charles Allan Hardy, B.A., B.D., graduate of McGill University and late rector of Rexton, N.B., died here yesterday in the Royal Victoria Hospital from cancer, after an illness extending some years. Owing to illness Mr. Hardy resigned from his charge a month ago and came to Montreal two weeks ago in the hope that an operation would give relief.

Mr. Hardy was born in Prince Edward Island and received his early education there. He graduated from McGill in Arts in 1900, with honors in philosophy and later from the Presbyterian College. In the latter institution he was the winner of a silver medal and the McCorkill Travelling Fellowship. From McGill he went to New College, Edinburgh, and the United Free College. In 1904 he was ordained a minister of the Presbyterian Church and in 1906 he was inducted as pastor of Restigouche. Later he was removed to Rexton.

The funeral will take place from David Maurice Hall, in the Presbyterian College on Friday at two o'clock. Principal Serimager will preside. The interment will be in Mount Royal Cemetery.

HOUSEHOLD HINTS.

In planning a house, the den for the wife should not be forgotten. It is quite as necessary as that for her husband.

Sew a loop to the inside of a hat where it will not show, if you would like to be sure of your hat staying on its hook.

Broom bags of cotton flannel or old underwear should be made with draw strings to tie securely about the broom handle.

If you hem your table napkins, it will be found a great help if the linen is hemmed at each end and washed before cutting.

A two or three pound crock of fine butter is one of the presents a farmer's wife will find very acceptable to her friends.

Pour boiling water over the raisins and let them stand a minute; then pour off and you can pinch the seed off at each end.

The cellar or winter storage should be neither too dry nor too wet. If there are two rooms, one should be warmer than the other.

Granulated sugar makes a coarse grained cake; powdered sugar a fine one, but a moist, light brown sugar is one of the best kind to use.

Hothouse flowers, like chrysanthemes, can be kept fresh for days if the water in the vase is changed and the room is not kept hot.

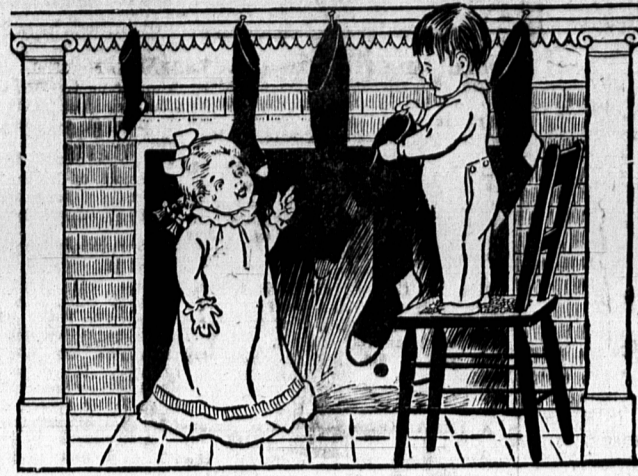

In cleaning windows first remove the dirt with hot, soapy water, then wipe the panes with a parramin cloth and polish with a piece of paper.

TOO LITERAL

A gentleman, going into his stable one day, found his little son astride one of his horses, with a slate and pencil in his hand.

"Why, Harry," he exclaimed, "what are you doing?" "Writing a composition," was the reply.

"Well, why don't you write it in the library?" "Because the teacher told me to write a composition on a horse."

The Golden Pelt

by J. R. Barr,

An historical, analytical review of the Prince Edward Island fox industry from its inception to the present day. The first, complete, authoritative work of its kind yet published, devoted exclusively to Island Silver Black Foxes.

The text is interesting, clear, concise, a work of authority for those engaged in the fox business and a story most interesting to non investors.

The book is profusely illustrated, many original photos specially taken for the work being included, easily slipped into inside coat pocket.

THE MECHANICAL MAKEUP. The cover paper was bought in New York and is a specially made, double thick, American cover; the inside pages are made of India tint coated book paper ordered specially from Montreal. The beautiful half-tone rules used were specially cut and finished in Chicago. The composing staffs and presses of The Maritime Stationers Ltd., and The Examiner Job Print combined to make this book superior in typographical excellence as it is in every other way. The finished work has an onion-skin overleaf and is hand-tied with golden cord.

The present edition is limited to 10,000 copies, but today, with only 20 pages printed, advance orders received amount to 9,250 copies. A special limited holiday edition will be put on sale shortly at the leading stationers. 50c
