Japanese Who Were to Work In Mines On The Pacific Coast Sent Back And Threatened With Violence If They Returned

PORTLAND, Oregon, Sept 22.—(Special).—A despatch from Seattle says that ninety five Japanese, arriving at Atlin on Thursday night to work in the mines were escorted to the steamer by three hundred whites yesterday morning and started back towards Vancouver.

The white miners served notice upon the Japanese that if they did not stay away violence would be shown in protecting the diggings against the Asiatic labor.

NEW EVIDENCE AT THE COLLINS' TRIAL

Prof. Andrews, of Sackville, Proves Bloodstains on Door of Father McAulay's Room, Also on Axe- Will Connect Murderer With The Person Who Broke In The Door.

HOPEWELL, Cape, Sept 22.—(Special)—Some important new evidence was produced at the Collins trial on Saturday, when Prof Andrews, of Sackville reported having found strong evidence of blood on strips taken from the priests hall door and also on bright spots on Father McAulay's Axe.

Prof. Andrew's evidence is important in that it is looked upon by the prosecution as a link in the chain by which it is hoped to connect the murderer with the person who broke in the priests door.

Nothing has previously been brought out to prove that the blood stains were upon this door, but at the last trial one of the jurors, noticing the marks, broke off some splinters, which he afterwards had the Court send to Prof Andrews for examination.

A RIVAL FOR SANTOS DUMONT

M. Bleriot Makes Sensational Fight on Military Parade Grounds Outside Paris.

PARIS, Sept. 20.—Santos Dumont's record aeroplane flight of 222 metres was nearly equalled to-day by M. Bleriot on the military parade ground at Issy, outside Paris. when the motor started the machine ran 30 yards along the ground, rose to a height of fifteen yards, and began to fly at a speed estimated at 40 miles an hour. Like other aeroplanes, the machine dipped when under way, but overcame the downward tendency, slanted upwards, and continued its flight. Through some unexplained cause, probably a cross action of air currents on the wings, the motor stopped suddenly and the machine fell forty feet to the ground.

M. Bleriot was slightly cut about the face and the machine was badly damaged.

The measured distane flown was 179 metres. M. Bleriot says the trial has encouraged him in the belief that he has found the right principle. The aeroplane will resume work immediately repairs are effected.

WONDERLAND'S NEW PROGRAM

Other Pictures Just as Good as The Last Splendid Lot

Tonight at Wonderland there will be an entire change of programme. The new pictures there are pronounced by the critics much superior to any yet seen here, combined with the singing of Percy Harney who will tonight sing "When you know you've not forgotten by the girl you can't forget." There is no place in Canada where a bigger five cents worth of entertainment is given, the programme excelling houses in larger cities where bigger prices prevail. The pictures for tonight are "The Haunted Hotel," a very funny picture; A Cross Country Run, a splendid athletic picture of speed, muscle, and endurance in an exciting race; A Honeymoon at Niagara, a grand picture of the great falls, and the the scenes and pleasure seekers; also grand display of the Maid of the Mist.

AYLESWORTH TO FIGHT SLANDER

Would Welcome Conservative Leader to His Meetings—What He Said.

WINDSOR, Ont., Sept. 20.—Speaking at the Essex Liberal picnic at Barber's Grove, near here today, Hon. A. B. Aylesworth entered upon a discussion of what he termed the scandal campaign being waged by the Conservative leaders and press and declared that the Liberals were ready to meet their apponents on that ground, low as it was, and had nothing to fear as to the result.

Speaking at Dundas recently he (Aylesworth) had replied to certain strictures made by Mr. Borden and the press of the provinces had looked upon it as a challenge. He had been asked where he would meet Mr. Borden and had answered, "on the floor of the house". He would welcome Mr. Borden to any of his meetings but would not run after him.

DECEASED WIFE'S SISTERS BILL

Some Interesting Stories Are Being Told Regarding Passing of the Bill.

LONDON, Sept 21—The passing of the Deceased Wife's Sister's bill, after efforts which have extended over 40 years, has led to some amusing correspondence between constituents and their representatives in parliament.

It was, in fact, the standing joke before the prorogation of parliament that a number of hen-pecked husbands wrote to members imploring them to explain the meeting of the act.

One of the letters, evidently from a very much bullied husband, contained the following query: "If my old woman dies must I marry her sister? Because, if so I'd rather get a gun and leave the rest to the coroner".

The opposition to this ancient bill by all bishops was regarded as a farce which will not raise the prestige of the church. It is an open secret that several of the bishops who violently opposed the bill in the House of Lords were hoping in their hearts to see it passed.

THE KAISER IN A DILEMMA

BERLIN, Sept 22—The Kaiser is in a dilemma. Within a few days he must decide whether to give up, at least in part, the great military fall manoeuvres or cause the farmers of Germany to lose part of their crops.

The cold and wet summer, the arrival of which was delayed until the beginning of July, has delayed the harvest everywhere and if the military manoeuvres are to be held as usual, they will deprive the farmers of thousands of men at the very time they are most needed to harvest the not very large crops.

From all parts of the country come petitions to the government asking that the manoeuvres be given up for at least postponed, or thousands of farmers will be ruined, but so far the Kaiser remains undecided.

It is thought that he will however, follow the example of his northerly neighbor King Fredrick VIII, of Denmark, who for the same reason, has cancelled the Danish military manoeuvres during this month.

AT FAIRYLAND TO-NIGHT.

Fairyland will have an entire change of program this evening giving the people of Charlottetown the opportunity of seeing the pictures that caused so much talk in St. John. So well pleased were St. John audiences with the pictures that all will see at Fairyland this and tomorrow evening that they were compelled to run them for a whole week and there is no doubt that the Charlottetown people will be just as much pleased with them. The program for tonight is as folllows: "True unto death." "Sign of the times." "I must forgive." "Willie Goodchild visits his Auntie."

The new illustrated song which will be rendered by Miss Bremner will be "Since you called me Dearie."

Several people were heard on the square Saturday night about ten o'clock to say "I wonder if Fairyland is closed yet." The management wish to say for the benefit of their patrons that as long as the large electric sign is lighted the performance is going on.

MEN ON GUARD AT THE VATICAN

ROME, Sept 21.—Armed men in the service of the pope have been on guard all day long at the entrances of the apostolic palace and the Vatican has been under the especial protection of a detachment of royal troops, but there has been no active outbreak of anti-clerical sentiments, and September 20, the 37th anniversary of the occupation of Rome by Italian troops, and the fall the temporal power of the papacy, has passed without the fulfilment of any of the fears entertained by the Vatican that the Italian people would by deeds of violence their ill-feeling against the church.

CRISIS ON IN CAPE COLONY

Votes Restored to Disfranchised Rebels May Oust Jameson at Election.

CAPE TOWN, Sept. 20.—Parliament was dissolved on account of the action of the Legislative Council, which has created a constitutional crisis by persisting in blocking supplies. It is probably that the votes restored to the rebels who were disfranchised after the war will be sufficient to defeat Dr. Jameson's party, and South Africa will then be politically Dutch from Rhodesia to Table Bay. The elections for the Legislative Council take place in November; those for the House of Assembly in February.

FAST RACING ON COLUMBUS TRACK

Kentucky Todd Ties The World's Record for His Class.

COLUMBUS, O., September 21. — Kentucky Todd, owned by Miss Katherine Wilkes, of Galt, Ont., and holder of the world's record for three-years-old trotting stallions, to-day tied the world's record for three-year-olds of all sexes, when he won the first heat of the Kentucky Stock Farm Futurity in 2.08¾. At Louisville Frantastic did a mile in the same time. The Todd colt was a good first choice in betting, although General Watts, 2.09¼, had a liberal following, and led up to the first half. Kentucky Todd was fourth here, but Stevenson began his drive and his sensational colt moved up even with the leaders in the next eight. He was easy leader at the down stretch, an won jogging in time one quarter second faster than he made last week at Indianapolis, when he took the world's trotting stallion record away from General Watts.

ROCKEFELLER'S BIG OIL PROFITS

Rockefellers Share of Standard Oil Profits Was 125,000,000

NEW YORK, Sept 20—An interesting statement was the official statement made public for the first time of John D. Rockefeller's personal holdings in the Standard Oil Company. Just to what extent the reputed owner was individually interested in the great concern has long been a matter of speculation. It has been thought that Mr. Rockefeller has 256,854 shares, or more than one-fourth total 952,560 certificates of the Standard Oil company. Based on the earnings of the company as placed on record Tuesday, it is computed that Mr. Rockefeller's personal profits during the past eight years have aggregated almost $125,000,000. At Tuesday's hearing it was testified that in the years of 1899 to 1906 inclusive the Standard Oil company had earned the total profits of $490,314, 934.
