ERECTING STEEL—The site for the new Canadian National Hotel presents a picturesque scene, and one humming with activity as the giant derrick rears pillar after pillar like masts in a crowded harbour. It has been found that the footings of the piers in the furnace room have been built two feet too high, and it was necessary, last night, to chip them down to the proper level.

PASSED AWAY.—There died suddenly yesterday morning in the city Mrs. Herbert McLeod, nee Helen Diamond, age 29 years, a daughter of the late Charles and Mrs. Diamond, Winsloe Road. She leaves to mourn one daughter Winnifred, age 5, and her sorrowing husband, also three sisters, Mrs. L. W. SOCIAL GATHERING—Mr. and Mrs. William A. Douglas, of Maple Street, Franklin Park, Massachusetts, have announced the engagement of their daughter Gertrude Agnes, to George Edward Sanders, of Hyde Park Avenue, Hyde Park. The announcement was made at a birthday party given Mr. Sanders at his home at which time Mr. Sanders presented his bride-to-be with a beautiful Platinum diamond ring. Miss Douglas is a graduate of Revere High School and Felt and Tarrant Comptometer School, of Boston, with high honors. Mr. Sanders is prominent in Masonic and Oddfellow circles. Miss Douglas is a grand daughter of Mr. and Mrs. John F. Mellick, a former native of Elmira, but now resides at Franklin Park, Massachusetts.

MARITIMERS HOLD DANCE—The Maritime Provinces Club second annual supper dance, held in the ballroom of the Windsor Hotel, was attended by a gathering representative of practically every city, town or hamlet in Nova Scotia, New Brunswick or Prince Edward Island. There were more than 500 Maritimers present. The dance committee did everything in their power to take the guests back to the scenes of their childhood and dances reminiscent of Tatamagouche and Pugwash days were featured. The old fiddler, without which no real Maritime dance can be held, swung into the lancers, polkas and Paul Jones in a way that touched the hearts of everyone from the man who left St. Stephen 20 years ago to the college youth from Prince of Wales last year's graduating class. A Maritime supper was served of turkey—probably many thought they were going to get fish. To lend a touch of home, however, every guest was presented with a MacIntosh Red or a King Spy from the Valley of Evangeline. Nova Scotian apple cider also graced the tables. Entertainment was furnished by Miss Estelle Hayman, 11 years of age of Inverness County, Cape Breton, who rendered all the old tunes on an accordion almost as big as herself. The dance executive were: Mr. C. S. Richardson, Mr. V. S. Rios, Mr. H. C. Atkinson, Mr. A. L. Phillips, Mr. A. J. Barnes, Mr. W. A. Buckley and Mr. E. S. Cormier, assisted by Mr. Irvine Dible and Mr. Johnstone, Carson.

City Council

Continued from page 1

Councillor Foster, for the finance committee, stated that there was little to report. He thought it advisable to place before the chairman of each committee a statement of what has been expended of the estimates made. He trusted that each chairman would attempt to keep well within the estimates, and keep himself fully informed as to expenditures and report each month on the matter. Councillor Blanchard reported for the market committee. He inquired what the council intended to do with the weigh scales which have been condemned by the authorities, as they weigh accurately only up to three tons whereas they are guaranteed to weigh up to six tons. The inspector reports that the scales cannot be satisfactorily repaired. It will take two weeks to install new scales. Councillor Reardon congratulated His Worship on his election by acclamation. He reported for the fire committee that after storms the hydrants are covered with snow, the responsibility for the removal of which rests on the water works department. Councillor Reardon cited cases where the snow plough had covered the hydrants after the snow had been removed, a condition which the city surveyor should attempt to remedy. Parties shovelling snow from their sidewalks have also offended similarly. He stated that a delegation from the fire department had waited upon him previous to the meeting requesting that a hose wagon and a dozen coats be supplied, also that a siren be purchased as confusion arises between the sound of the fire bell and the other bells in the city. Councillor Burke for the light committee reported street lights out on several streets at different times during the month. This report was furnished by the Chief of Police. Councillor Holman commended the electric light company for their prompt action in remedying all complaints in this regard. He added that for the past two weeks one boiler has been out of commission at the plant with only one reserve boiler in action. It is also reported that there are but two turbines working, one of which is functioning poorly. It is the duty of the council to look into such matters. Councillor Foster would like to see the city receive a rebate on all lights reported out.

RESOLUTIONS

A resolution was unanimously adopted naming the standing committees as follows:—

Finance (Chairman) E. A. Foster. M. W. Reardon. W. E. Burke. Streets F. C. Dougan (Chairman). S. Kennedy (Chairman). F. C. Dougan. M. W. Reardon. A. McDougall. E. A. Foster. Public Property, A. Holman (Chairman). W. E. Burke. J. E. Blanchard. Fire M. W. Reardon (Chairman). B. Roy Holman. S. Kennedy. Councillor Reardon was appointed Assistant Chief of the Fire Department.

Light

W. E. Burke (Chairman). A. McDougall. J. E. Blanchard. Legislative His Worship Mayor Prowse (Chairman). E. A. Foster. A. McDougall. M. W. Reardon.

It was moved by Councillor Foster and seconded by Councillor Reardon that the Strand Theatre be leased to F. G. Spencer. It was moved by Councillor Holman and seconded by Councillor Blanchard that nine uniforms be supplied the city police. It was moved by Councillor Foster and seconded by Councillor Kennedy that the tender of V. L. Howatt for painting the Mayor's office be received. It was moved by Councillor Kennedy and seconded by Councillor

Reardon that the city surveyor be authorized to carry out the street program.

It was moved by Councillor Dougan and seconded by Councillor Foster that the chairman of the street committee in conjunction with the city surveyor be empowered to dispose of three horses and replace them with animals suitable for city work.

A resolution was adopted authorizing application to the legislature to issue debentures for \$50,000 for permanent works. The usual resolution calling for tenders for supplies was adopted.

In reading a resolution embodying the program of street construction Councillor Kennedy pointed out that the amount of work done will be small compared with that of former years. He announced that the following work is contemplated:—

Asphalting Rochford St., from Prince to Weymouth, Prince from Water to the railway; Cumberland from Kent to Grafton; gravelling Douglas and Bayfield from Elm Ave to Spring Park Road, Dorchester from Rochford to Pownal, Dorchester, Sidney and Richmond from Weymouth to Cumberland, North River Road from Brighton Road to Highland Ave. Attention will also be given Sidney St., from Great George to Prince, King from Queen to Pownal, and numerous other streets.

The matter of wages for city labour was also referred to. It was stated that the increased rate does not apply to the permanent employees of the city.

It was moved by Councillor Dougan and seconded by Councillor Foster that the usual price for milk be paid to milk vendors and merchants for milk taken for testing purposes.

Councillor Holman brought up the matter of Government Pond, and wondered if it were possible to dredge out the pond. His Worship pointed out that the estimates do not permit of any added expense with regard to Government Pond.

Councillor Dougan inquired as to who incurs the financial loss on the samples of milk which are collected for testing. His Worship stated that the merchants are the losers under the present system. The thought was expressed by a number of councillors that these merchants should receive remuneration for the tested milk. Councillor Holman thought that the amounts collected in fines from offending milkmen should more than offset such expense. Councillor Foster stated that he would like to see a committee from the council meet a committee from the Truckmen's Union regarding the condition of the city scales. The scales are not looked upon with favour by coal dealers. A change of rates in truckage should also be brought about. He thought that the feeling existing between citizens and truckmen in this regard is most unfortunate. The matter was on motion left to the market committee.

Regret was expressed at the illness of Councillor McDougall necessitating his absence from the council board.

POLICE REPORT

The following report was presented by Councillor Holman for the Police Committee:—

Your Worship and Gentlemen:—The undersigned has the honor to submit the City Police Report for Month ended February, 1930. During February eighteen (18) arrests were made within the City limits for Offences classified below.

Table with columns: Offences, Arrests, Convictions, Dismissals, Total, Remarks. Includes rows for Breaking & Entering, Common Assault, Drunk & Disorderly, Drunk & Incapable, Unlawful possession of Liquor, etc.

In addition to the above arrests there were two cases of Common Assault, one for Non-support, one under the Customs Act, and one under the Motor Vehicle Act for "Speeding."

We assisted the Prohibition Officers in twelve searches of premises suspected of the unlawful possession or sale of Intoxicating Liquor. Eight prosecutions were entered, resulting in five convictions, two withdrawals and one adjournment.

On February 27th, the Force collected twenty-six samples of Milk and six of Cream from Licensed Milk Vendors, same being delivered to the City Analyst for test. The amounts collected in Fines & costs during February are as follows:—

Table with columns: Name, Per cent, Butter fat. Lists names like Condensed Milk Co., Wood Bros., A. McRae & Sons, etc.

Other duties performed by the Police during the month are as follows: Prisoners escorted to the Queen's County Jail 15; Summons Served 9; Subpoenas 2; Dwelling houses quarantined 2; Dwelling houses released from Quarantine 2; Ticket-of-Leave reported 1; Persons in Station for protection overnight 1; Vicious dogs destroyed 1; Stray dogs impounded 9; Street lights found burnt out 19.

On Saturday afternoon, February 8th, all members of the Force paraded for inspection before His Worship Mayor Yeo; the Police Committee, and His Honor K. M. Martin, Supremacy Magistrate.

Constable Biggar was absent from duty, through illness, from February 8th to 26th, both dates inclusive. Constables Higgins, Trainor and Jay are to be commended for the zeal displayed by them in effecting the arrests of William Callow and Benjamin Gauthier on several charges of shop-breaking and theft committed in the city and adjacent rural districts. Both the accused made full confessions after arrest, and some valuable stolen property was recovered. They were each sentenced by the Supremacy Magistrate to a term of two years imprisonment in Dorchester Penitentiary. Constable Doyle arrested two young men, Elmer Lund and Joseph Chesson, for the theft of boots and skates from the skating rink, for which they were each sentenced to fifteen days imprisonment in the County Jail.

During February the Force notified forty nine owners or occupiers of property to remove the snow from the side-walks adjoining their premises or lands. Respectfully submitted A. BIRTWISTLE Chief of Police

MEAT AND MILK REPORT The following report was read by the city clerk, in the absence of Dr. I. E. Croken, meat and milk inspector.

Church Services

CENTRAL CHRISTIAN CHURCH

There was no gloom in the meeting in the Central Christian Church last night although Monday night is usually the quiet night in a revival meeting. Dr. Robt. Whiston stated that he never let down any night, and that Monday night often witnesses his best efforts. He and Mrs. Whiston sang an original song, "I love Jesus, yes I do" and the audience sang the refrain. The organ played by Mrs. Rogers and the piano under Mrs. Whiston's charge, played together gave the meeting a martial note. Dr. Whiston's theme was the "Shepherd and the sheep," based on John 10:9; and he emphasized the necessity of personal religion. He said, "My text tells us of several things characteristic of the Gospel. The inclusiveness, safety, certainty and provisions are all found in this one verse, Jesus is not a Son of God, He is the Son of God, and the only Son God had. He is not door into the Kingdom but He is the door and only door. Yet no man is forced to enter. Every man may enter or refuse to enter as he will. We talk as if God wanted to force man's will and how foolish? What good would that accomplish? Instead of forcing a man's will, God wants to save him from his sins and thus make him will to not only enter the Kingdom but to live in the Kingdom. God's will is two fold. First a will of grace, and second a will of government. Grace to save us and government to keep us saved."

Tonight at 7:30 Dr. Whiston will speak on "Mysterious Mages," announced as a dramatic message. The Young Peoples Society will have reserved seats and will sing a number. The meetings close before 9. Courtroom members will be glad to seat people as they come and the side room will hold fully a hundred when the auditorium is filled.

TRINITY UNITED CHURCH

The dedication of a Memorial Window was the special feature at the morning service. It was the gift of Dr. Wendall McKenzie and his sister, Miss Lillian, erected to the glory of God, and in loving memory of their parents and of their two brothers, who gave up their lives in the Great War. It is a beautiful memorial, filling up the two sections of the window. In one section is the representation of a warrior with the wording "Be thou faithful unto death and I will give thee a crown of life." In the second section is a representation of our Saviour holding a crown and underneath both figures is the following "They have fought a good fight, they have finished their course, they have kept the faith." Rev. Dr. Ramsay conducted the dedication service, consisting of a splendid address and prayer and closing with the singing of "For all the saints who from their labours rest. Who thee by faith before the world confessed, Thy name, O Jesus, be for ever blest, Alleluia!"

Rev. Mr. Brown preached the sermon from Matt 3:2, "Repent ye, for the Kingdom of Heaven is at hand." We are called to a high standard of allegiance, not merely the giving up of some indulgences or pleasures, but that these should be days of preparation, of making ready, of repentance, as we approach the coming Easter and the nineteenth century of Pentecost.

The attendance at Sunday School was 485. For some weeks past Rev. Dr. Ramsay has given a series of addresses on the Beatitudes so that God's teaching in these momentous sayings of our Lord may be more clearly understood and be as beacon lights to guide us on our journey through life. Last evening the subject was the fifth beatitude, Matt 5:6, "Blessed are they which do hunger and thirst after righteousness for they shall be filled." Seeking after that which will satisfy. Men try many things, but if we seek for that satisfaction which the son had on returning to his father's home, for that satisfaction which comes from fellowship with God, or from adoption into the divine family, the text says, they shall be filled. Jesus, and he alone, can satisfy.

The service was broadcast by C. H. C. K. The music comprised an Anthem in the morning, with Miss Doris Tait as soloist and in the evening Miss Frances Wood sang "This came out of great tribulation," in a manner which must have been a delight to the large congregation present. The Choir of 32 voices also rendered "The Lost Chord" and on next Sunday evening the Lenten Cantata Penitence, Pardon and Peace" will be given in place of the usual sermon. This cantata will occupy 40 minutes.
