THE BAPTIST CHURCH

The morning service of worship was conducted by Flying Officer the Rev. J. E. Bigelow, B.D. Speaking from the words of Jesus in the Gospel of Saint John 7:17: "If any man will do his will, he shall know of the doctrine, whether it be of God, or whether I speak of myself." In our common desire for surety, for certainty we have searched for assurance. Jesus was sure. Whence came his calm conviction as he spoke with authority about God and the unseen? There is the way of the mind and Christianity has great minds; there is the way of action, we know by doing, certainty comes through action and experience. We all want to be sure of God, take then the way of experience "O taste and see that the Lord is good." Accept his challenge "live as though I were and you will know I am." We all want to be sure of prayer, enter then into the school of prayer and confident certainty attends your way. Jesus brings us the message of immortality, I am the resurrection and the life, death is powerless in the presence of this living faith, if any man will do his will, he shall know!

In Memoriam

In loving memory of our darling baby Eileen Patricia Gail Godfrey, Charlottetown, P. E. I. who passed away November 13th, 1943.

Two dear little hands are resting
A loving heart is still
A little one we loved is waiting
For us just over the hill
She was only a little white rosebud
A sweet little flower from birth
God took her away to heaven
Before she was soiled on earth.

Sadly Missed by
Mother and Daddy.
11-13-11.

MT. ALBION PERSONALS. — The many friends of Mr. and Mrs. Fred Robertson regret to learn of their intended departure to take up residence in the city. A recent Halloween dance held in hall proved quite a success. — Mr. John Adams was in the city Tuesday on business. — Mr. Gilbert Rogers has completed his summer's work on the railroad and is now busy pulling his things and getting ready for Jack Frost. — Miss Kay MacNeill is leaving to take a position as waitress in the city.

"GASLIGHT" ONE OF SEASON'S LEADING DRAMATIC PICTURES

"Gaslight," the new Metro-Goldwyn-Mayer film at the Prince Edward Theatre, is one of the most exciting dramas ever to reach the screen. Featuring by outstanding performances by Charles Boyer, Ingrid Bergman and Joseph Cotten, "Gaslight" will keep you on the edge of your seat as it relates the story of the beautiful young girl, portrayed by Miss Bergman who marries her accomplished (Charles Boyer) and with him sets up home in the London house where Paula's aunt, a famous singer, was murdered. Deliberately, Boyer sets out to drive his wife mad—just why, and through what ingenious methods, it would be unfair to relate. The entrance upon the scene of the mad aunt, played by Joseph Cotten, brings the picture to a tense and highly thrilling climax. "Gaslight" has been handsomely produced for M-G-M by Arthur Hornblow, Jr. George Cukor, the director, keeps the production rolling at top interest, and the entire supporting cast, hand-picked, turns in sterling performances. These include Dame May Whitty, Barbara Everest and Angela Lansbury, the latter a former old English girl who came to this country several years ago as a refugee from the Nazi blitz and who makes her film debut in "Gaslight." Emil Rameau, Edmund Bronn, Hamilton Hobbes, Tom Stevenson, Heather Thacher, Lawrence Grossmith and Jakob Gimpel are others who bring their dramatic talents to the cast.

Examining Board Meets in Halifax

The following representatives from Prince Edward Island attended the annual meeting last week in Halifax of the Common Examining Board of the Maritime Provinces and Newfoundland:—

L. W. Shaw, Director of Education, Dr. G. D. Steel, St. John's, and Wales College, Miss Georgie MacLean, Summerside Academy representing the teachers of the province whose students were at the Common Examining Board Examinations.

The meeting was concerned chiefly with a consideration of reports covering the work of the past year and the preparation of plans for the Examinations to be held next June.

The number of papers (Grades XI and XII) written by the 86 P. E. Island students last June was 718.

Considerable discussion took place in respect to the necessity for revision of curricula, examination techniques and the methods by which these important matters should be approached. All three Maritime provinces are giving serious thought to these problems. A committee representative of the several units using the Board Examinations was appointed to study the whole question. The Director of Education for this province is a member of this committee.

Central Advisory Committee

On Friday the Central Advisory Committee on Education consisting of representatives of the Universities, Colleges and Departments of Education of the Maritime Provinces and Newfoundland met in the Nova Scotia Technical College under the Chairmanship of Dr. G. J. Trueman, Pres. of Mt. Allison University.

The chief topic for consideration was the provision of adequate facilities in pre-matriculation work and in technical and university courses for ex-service men and women.

The following were among the topics discussed:—

1. Consideration to be given to discharged men and women applying for university training.
2. Facilities available in Maritime Institutions to enable veterans to make up Matriculation deficiencies.
3. The establishment of courses in Matriculation work for veterans under the Provincial Departments of Education. The days interchange of ideas was of great assistance to those responsible for conducting this important educational project.

In Memoriam

In loving memory of our dear wife and mother, Mrs. James A. Foylter, who passed away November 12th, 1943.

November brings sad memories,
When you breathed your last farewell,
The blow meant more than words can tell,
Our home is quite another place
Without the smile of your dear face,
You suffered much, you murmured low,
We watched you day by day,
Until at last with aching heart,
We watched you pass away,
Now our thoughts are always wandering
To a grave not far away,
Where they laid our darling Mother
Just one year ago today.

Inserted by Her Husband and Daughter.
11-13-11.

RECEIVES SAD NEWS — Mrs. Guy Scott, Charlottetown, has received the sad news of the death of her brother, Thos. E. Curran, who has resided in Malden, Mass. for a number of years. Interment will be in Natick, Mass.

STUDY GROUP — The first meeting of the Mount Stewart Study Group met in the school on Friday, November 3rd, eleven teachers attended. Zila Hanrahan was appointed presiding, Jennie Mullen secretary and Helen Cummins on the press committee. The paper "Teaching Pupils how to study through Proper Assignment" was read and discussed. Many useful suggestions were offered to make assignments interesting. The names of various books to be used as references for different subjects were brought up and discussed. The meeting closed with the National Anthem.

RED TRIANGLE CLUB — Girls from the Department of National Defence, Army Recorders, Ottawa, sponsored the regular Saturday night dance at the Prince Edward Theatre. The club, under the leadership of Miss Sammie Pelletier, during the evening a novel spot dance was held, being awarded to the following:— P. E. I.: OS Jim Davies, Winnipeg; Gertrude MacClellan, Charlottetown, P. E. I.; Pte. Sam Schenck, Winnipeg; Phyllis Beauséjour, Ottawa, and LAC. Bill Wallin, Winnipeg. Master of ceremonies for the evening was Lt. Col. Scotty Dennison. Y. Supervisor Kenzie Marshall was in charge of the club, assisted by Mr. Shirley Meredith, head member of the Y. M. C. A. Ladies' Auxiliary. — Ottawa Journal.

PARKDALE STUDY GROUP — A very interesting study group meeting was held in Parkdale School on Friday, November 3rd. Mr. Miller MacPeyden, Parkdale, occupied the chair. The following officers were appointed, President Mr. Miller MacPeyden, Parkdale, Secretary, Miss May MacGavry, Spring Park. The paper teaching pupils how to study through proper assignment was read and discussed. There was also a class discussion on "Classroom problems" and many helpful suggestions were given. The teachers were present: Jean Bezwil, George Wedd, Ken Hessian, Kathryn MacLennan, Harrington, May MacKinnon, Mary Doyle, Mabel Auld, Winifred Jenkins, Mildred MacLennan, Jean MacMillan, Leodina MacInnis, Mrs. A. M. Spencer, Ina Hickox, Winifred MacEwen, May MacGregor. On motion the meeting adjourned. National Anthem.

CANADIAN AFLOAT

About 40 per cent of the men of the Royal Canadian Navy are serving at sea, and a large number of these on shore have had sea service.

THE KIRK PULPIT

Preaching on "The Discipline of Thought" and basing his sermon on the text, "Think on These Things" (Philippians 4:8), the Minister, Rev. T. H. Russell Somers, said: "Again, would like you to consider this—how much of our unconscious influence lies in our thoughts. Not only by what we do and what we say, but by the kind of thoughts we are cherishing in secret, do we impress our shadows on our fellows, and help or hinder the little world we move in."

That very suggestive and spiritual writer, Mr. Maeterlinck, puts the matter in his own poetic way. He says, "Though you assume the face of a saint, a hero or a martyr, you are not what you seem, but what you think. The totality of saintly character is too great to be overborne by the intrusion of one shadow on the devil. But this is certain that by the thoughts we harbour and let ourselves dwell upon and cherish in the dark, we touch and turn and influence our world when we never dream that we are doing it."

There is nothing hidden that shall not be revealed—what a depth there is in that that word of our Lord. He is not merely thinking of God's judgment bar tomorrow. He is thinking of the undetected revelation of today. Christ recognized that the kind of thing we brood on, the kind of thought we allow ourselves to think, though it never utters itself in actual words, or cloths itself in the flesh and blood of deeds, compasses and affects the life of others like a poisonous vapour or like a breath of spring. You secret is not such a secret as you think. Why are men drawn to you? Why are men repelled by you? Why is it that sometimes we instinctively shrink from people in the very first hour that we meet them? It is because the heart deceivers for itself the secret.

80th Anniversary Services Yesterday At Trinity Church

Trinity Church celebrated yesterday its 80th anniversary and in spite of the unfavorable weather almost a capacity congregation were present. The Minister made reference to the kindly greetings received on this occasion from the Rector and people of St. Paul's Church and also expressed thanks to the Minister and people of St. James Kirk in giving up their broadcast in order that the anniversary services might be broadcast.

In the morning Mrs. R. L. Douglas sang very effectively, "The Voice in the Wilderness" (Scotty, Trinity Men's Octet sang "O Holy Saviour" and the choir rendered the anthem "Jerusalem, my Glorious Home".

In the evening the Minister spoke on "Remembrance Day" and at this service an "Honour Roll" bearing the names of all the men and women who have gone out from this congregation and joined the navy, army and air force, was unveiled by Col. G. Elliott Full, who officiated in the unavoidable absence, through illness, of Mr. R. L. Douglas.

ret story: brushes past speech and deed into the hidden place, and apprehends the existence that is there. To think base thoughts is a sin against our neighbour as surely as it is a sin against ourselves. In the interests of our influence, then, no less than of our happiness, we see the need of governing our thoughts.

NAVY'S SMALL START

In September, 1919, there were only two naval bases in Canada, one at Halifax and the other at Esquimaux, B. C.

Pull Mail was originally the name of a French game resembling croquet.

Stainless Steel

1934

GAINED WORLD RENOWN

WHEN the Burlington "Zephyr" sped like a silver bullet on its first run from St. Paul to Chicago in 1934, the fame of a new structural material rang around the world. True, Stainless Steel had been used as early as 1916, but for the first time the amazing strength and rust proof qualities of Stainless Steel were utilized by modern designers and engineers to revolutionize railway construction. This new train was completely encased in Stainless Steel (8% Nickel, 18% Chromium), so thin—yet so strong—that weight and operating costs were reduced, and hours cut off its running time.

Soon this alloy was being used in airplanes, automobiles, hotel and hospital kitchens, in the pulp and paper, oil and chemical industries. Another new market for Nickel with far-reaching peacetime possibilities was thus developed to replace and overshadow the war markets lost in 1918.

Today Canadian Nickel is again diverted to war purposes, and again the industry looks to the future with confidence. Plans are ready to develop and expand old and new peacetime markets, so that the Nickel Industry may continue through its own initiative and enterprise, to make still greater contributions to Canada's welfare.
