Menance to P. E. I. Potato Industry

(J. C. Manzer, Havana, Cuba.)

The danger facing the Prince Edward Island potato industry, from foreign interests forcing down prices, to cut out competition, has been impressed on us, the past few weeks, more than ever before.

The C. I. F. price of Prince Edward Island potatoes has been forced down to 85 cents. The retail price has been forced down to \$1.70 per sack of ninety pounds. The duty, consular fees, custom-house broker and expenses for distribution amount to about \$1.05 per sack so the retail price of \$1.70 leaves a loss on 85 cents potatoes of twenty cents a sack. This low price for Prince Edward Island potatoes has forced down the price of Cuban potatoes from \$3.00 per hundred pounds to \$2.25 which is below cost of production, as they claim, that with a yield of from 6 to 7 barrels

from one barrel planted the actual cost is not less than \$2.50 per hundred pounds. This has caused an agitation in favor of higher duties on potatoes and a large delegation of growers from all parts of the Island interviewed the Government a few days ago urging an increase in the duty from \$2.00 per hundred kilos to \$3.00 which would be almost, if not quite, prohibitive.

Had the price of Prince Edward Island potatoes been maintained at \$1.10 C. I. F. which it should have been, and the retail price at \$2.25, which would only give the dealer a fair profit on \$1.10 potatoes, the price of Cuban potatoes could have been maintained at \$2.75 which would show the grower a profit and there would have been no agitation for prohibitive duties.

Peters Road And Vicinity

Hitherto, the prevailing N.E. winds have blown chilly over the landscape but now signs of warmer weather are evident.

Lobster fishermen all along the shores are now speeding up preparations for the fishing season so near at hand. Many of our young men are engaged in this work.

Their field of operation extends along a far-flung coast line, roughly from the "North Side" around East Pt. and Murray Harbor to the Southern shore where Pictou Island, Prim Pt. and other points invite the hardy fishermen to participate in the hidden treasures of the deep.

Mr. Otis Jackson has purchased a farm adjacent to his own from Mr. Malcolm Reid, who in turn has purchased the farm premises of Mr. Fred W. Johnston, who we are informed has purchased the store and other property connected, of the late Daniel McLeod at Murray River, and will conduct a general store at this thriving centre.

Peters Road—and their many friends with the Guardian wish them success in their new and added enterprises.

Mr. Samuel Davidson, Peters Rd., has in course of erection an up-to-date poultry-house that will better accommodate a still larger flock of egg-producers than he formerly kept.

Mr. John A. McSwain, Peters Rd., has also taken much interest in the poultry industry, and by strict adherence to duty, the results obtained in this line have caused some people to look up and listen.

We are also informed that Mr. McSwain contemplates the purchase of an incubator to facilitate matters in this interesting work.

Sandy had recently had his photograph taken, and, being pleased with it, took it round to show a friend, at the same time asking his opinion. His friend looked it over very critically, and casually remarked, "Rather flattering, isn't it?"

"Flattering!" said Sandy. "What makes you think that?"

"Well," replied the other, "I see you have your hand in your pocket."

brothers and sisters, with the exception of one brother in Vancouver, gathered in honour of Mr. Harry Bell, who was visiting his native province for the first time for twenty five years. Those present were Mrs. Hunter, Miss Florence and Herbert Bell, of Summerside; Mrs. Mathews and Carlyle Bell, of Alberton; Mrs. Allan Palmer, of Freetown and Mr. Harry Bell, of Seattle, Washington. A short service was held on Monday afternoon at the home of Mrs. Inman, in Tryon, the remains being afterwards brought to Summerside. Rev. Mr. Brinton, of Tryon, officiated at both services and was assisted in Summerside by Rev. W. H. Harding. The funeral was attended by a large number of friends and acquaintances. Many beautiful wreaths were sent from friends in Moncton and Summerside and also from country districts, where the deceased was very highly esteemed. The pall bearers were Messrs. A. S. McKay, John Smallman, Charles Waugh, W. J. Muttart, John S. Ramsay, representing the Hall Manufacturing Co., and John E. Campbell.—S.

—DEATH OF MR. JOHN D. MURPHY.—The death occurred in the Prince County Hospital at nine o'clock on Monday morning of Mr. John D. Murphy, of Borden, at the age of 58 years. Mr. Murphy had been in failing health for several months but only entered the hospital a week prior to his death. He was for thirteen years Chief Chef on the car ferry, where he came in contact and was very popular with the travelling public, by whom he will be much missed. In his home he was a good husband and a kind and indulgent father to a large family. Mr. Murphy was one of the leading members of the L. O. L. at Borden and also took a prominent part in Masonic affairs, being an honoured member of Mount Maria Lodge, No. 15, A. F. and A. M., under whose auspices the funeral was held. Besides his sorrowing widow (formerly Miss Annie Adams, of Sea View) there are left to mourn six sons and five daughters, namely:—Frederick, of Toronto; James, Donald, William, Bruce and John at home; Mrs. Stephen H. Pyke, Charlottetown; Mrs. Berkeley Sutton, Glace Bay, N. S.; Mrs. Ralph Hutchison, Cannon, N. B.; Miss Mary Eva, Boston, Mass., and Beatrice at home; also four brothers, Messrs. James H. and Edwin of Sea View; William of Boston and Robert, of Bismark, North Dakota, to all of whom the deep sympathy of the community and a host of friends is extended. A funeral service, Rev. G. T. Spriggs officiating, was held at the residence at 2 p. m. on Tuesday and was very largely attended, the members of Mount Maria Lodge accompanying the remains to the train by which they were conveyed to Kensington. The funeral takes place Thursday morning at 11 o'clock, conducted by Rev. G. T. Spriggs, at Irishtown Church. Interment in the cemetery there with the Masonic honours.—S

Minard's Linctus for coughs and colds

A visitor from the provinces was walking through London museum when he noticed a piece of Greek sculpture, minus a head, two arms and a leg. It was labelled "Victory." "Lummie," he gasped, "if 'e's the bloke that won, I'd like to see the one that didn't."

Going Upstairs Had to Sit Down Breath So Short

Mrs. H. Brouseau, Magog, Que., writes:—"For many years I suffered with shortness of breath; then four years ago I had palpitation of the heart, and was so bad I had to sit down two or three times when going upstairs. I read about

so I got a box, and in no time I felt better, so I took three boxes more and I have never had shortness of breath since." Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

..*THE BIG ICE—Owing to the strong northerly winds prevailing all last week the big polar ice from the north has completely jammed the Gulf of St. Lawrence, and is not likely to leave in a hurry which means late fishing, and possibly a late spring.

..*SEED POTATOES AND BROWN TOP appeared to be the open sesame to future competency by the occupants of the somewhat light sandy-gravelly soils of the Eastern section of the Island, and to which those two crops may be said to be habitat. Now both of those crops failed and there is discouragement again.

..*FEEL LOSS OF CHURCH—Souris congregation are sorely feeling the loss of their fine stone church, and are cramped for room to hold mass services. The Convent Hall is small and though three masses are said each Sunday this does not satisfy. Now four masses are to be said.

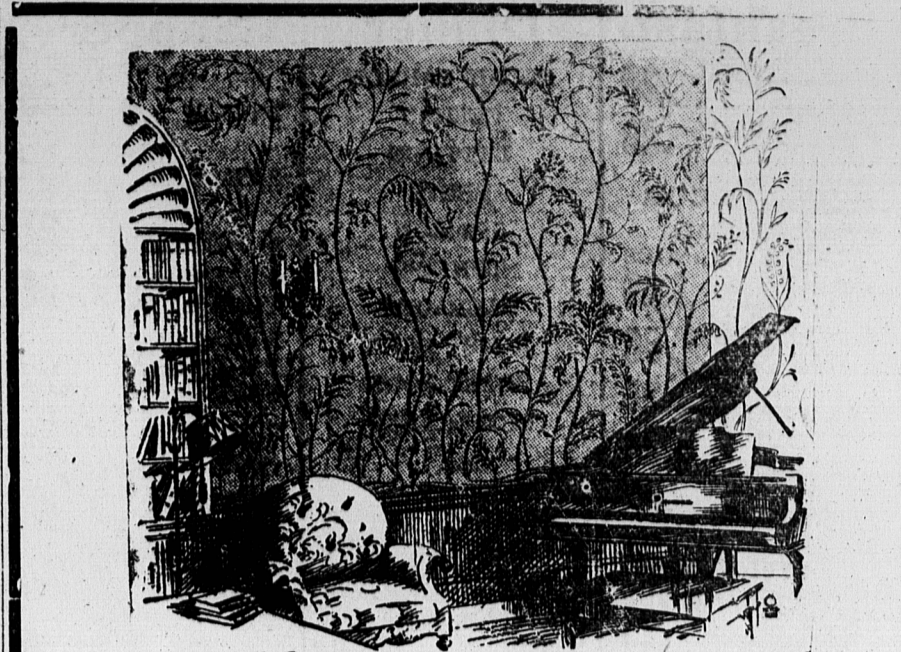

..*BAD ROADS—The demoralized condition of the roads in Hermanville and vicinity on Sunday rendered it almost impossible for rural adherents to attend divine service, with the exception of those near the Church. There was neither shovelling nor wheeling. Were the hills sloping, wheeling might proceed, but they are not shovelling and won't do so, now that they have to pay a road tax without pay.

..*FARM HOME IMPROVEMENTS are more in evidence this spring than ever. The results of the Governor's competition apparently did good, and next summer one must have a pretty attractive farm home to win. Mr. Frank McAulay, Greenville school district, has the well known builder and contractor, Stephen McAulay at work improving and beautifying his residence and buildings, and if he enters the competition which he no doubt will be a dangerous competitor.

..*THE LOBSTER BUSINESS apparently dominates the seed potato business this spring, at least along the North Side from Cable Head to East Point. While this section is probably the best fishing grounds now on the Island coast, it is also, perhaps, the best seed-potato ground. Many of the old lobster fishermen quit fishing, last year, to make their fortunes from the soil rather than the sea. A tremendous crop of cobbles were grown and harvested with the result as everybody knows. Many of these new growers are back again to the fishing and lobster traps are in evidence everywhere along the coast. Not a word is heard this spring of fertilizer or seed potatoes.

..*INSTITUTE MEETING—The regular monthly meeting of the Georgetown Women's Institute was held in the Council Room on Thursday, April 11th with an attendance of eighteen members. The meeting opened with the Creed, followed by the Roll Call and reading of the Minutes of the last meeting. Money was voted to buy a school fountain and for work required to be done on the trees planted by the Institute. Mrs. N. McDonald and Mrs. B. C. Keeping were appointed to form a tennis committee. The usual monthly committees were appointed after which business was adjourned and an interesting spelling contest took place at which Mrs. A. Allen won the prize. Lunch was then served and the meeting closed with the singing of the National Anthem.
