RED WINGS OVERWHELM RANGERS 4-1

DETROIT, Nov. 19.—(A.P.)—Detroit Red Wings, backed by stellar work from their goalie, John Ross Roach, overwhelmed the champion New York Rangers 4-1 here tonight in an uproarious National League hockey match before 12,300 spectators.

The Wings took a lead they never relinquished after a scoreless first period, and, with Roach repeatedly turning back the fast skating Cook brothers, piled up two goals in the second and two in the third periods. Eddie Goodfellow, ransy Detroit centre, scored first; then Larry Aurie snapped a rebound from Carl Voss past goalie Andy Aitkenhead of the Rangers, who had a herd in ght's work. Babe Siebert of the Rangers was in the penalty box during the first goal, and Herb Lewis of Detroit was serving a penalty when Aurie scored. He was still in the box when Bill Cook took rookie "an Pusie's pass to score the lone Ranger goal.

LEAFS WINNING STREAK INTACT

(Canadian Press) TORONTO, Nov. 19.—Toronto Maple Leafs tonight rested securely at the top of the National Hockey League's Canadian section after turning back the threat of Ottawa Senators 4-1 Saturday night while Boston was aiding the Leaf cause by downing Canadiens 2-1 at Montreal.

Toronto's victory, third in as many starts, coupled with that of Boston broke the triple deadlock for first place and sent the league champions into a two-point lead over their Ottawa-Canadians rivals for the top rung.

The hard-battling Senators put up a stout argument throughout most of the game that saw the teams launch into a ruggedly-played first period in which nine of the game's 19 penalties were meted out and saw George Hainsworth and Billy Beveridge turn back every scoring threat with a great exhibition of goalkeeping.

Speedy Harvey Jackson made his first appearance on the Toronto lineup this season and celebrated his return to action by scoring the first goal of the game. Midway through the second period Joe Primeau relayed a pass from Buzz Boll to let the left-wing flash through for his first goal of the season.

Jackson also figured in the second Leaf goal with Buzz Boll when the pair combined to furnish the opening for the first of Charlie Sands' two-goal effort. The right winger had to be quick to get his scoring shot away before he was crashed by Battleship Leduc.

Ted Saunders, youthful Senator right-winger brought Ottawa within one goal of the Leafs late in the third period with a beautiful so-dash from centre ice that took the defence out of position and let him get away a blazing knee high shot Hainsworth could not stop.

Bulky Alex Levinsky brought them into good humor with one of the cleverest goals of the night. The big defenceman travelled from his area and fooled the defence with a quick shift then beat Beveridge with a sizzling close-in-shot.

Sands clinched the game for Toronto half a minute later with his second goal of the night on a neat passing play with Andy Blair and Harold Cotton inside the Ottawa blue-line.

The lineups:

Ottawa—Goal, Beveridge; defence, Bowman and Leduc; centre, Welland; wings, Touhey and Finnigan; subs, Shields, Cox, Cook, Saunders, Shannon, Waslie, Howe, E. Roche and D. Roche.

Toronto—Goal, Hainsworth; defence, Horner and Clancy; centre, Blair; wings, Cotton and Sands; subs, Levinsky, Day, Bailey, Primeau, Jackson, Kilrea, Thoms and Boll.

4—Toronto, Levinsky, 17.04.

5—Toronto, Levinsky (Cotton-Blair) 17.35.

HAWKS TAKE BRUISING TILT FROM SENATORS

CHICAGO, Ill., Nov. 19.—(A.P.)—Playing sluggishly until midway of the second period, the Ottawa Senators tonight lost a bruising National Hockey League match to the Chicago Black Hawks by a 2-1 score.

The Hawks did their scoring in the first. Johnny Gottselig scored on a solo about half way through the opening session, and less than five minutes later Lionel Conacher scored what proved to be the winning tally on a pass from Jack Leswick.

Cooney Welland converted a pass from Touhey to find the Chicago goal midway in the second session. The Senators did their most spirited playing in the final period, but found it difficult to get past the Hawk defencemen with the result that goalie Chuck Gardiner had only three saves in the period.

The lineups: Ottawa—Goal, Beveridge; defence, Leduc and Bowman; centre, Welland; wings, Touhey and Finnigan; subs, Shields, Cox, Cook, Saunders, Shannon, Howe, D. Roche, E. Roche, Coulter and Abel; centre, Gottselig; wings, Thompson and Couture; subs, Conacher, March, Jenkins, Leswick, Kendall, Romnes, McFadyen, Trudel, T. Gaudier.

Improved Conditions Are Noted

OTTAWA, Nov. 19.—(C.P.)—Economic conditions in Canada continue to show improvement, according to the Dominion Bureau of Statistics. Increased carloadings, higher wholesale prices, and advances in the values of stocks and bonds, are mentioned by the Bureau in its weekly review as contributing to the general improvement.

Bank clearings, the Bureau notes were greater in the week ended November 2 than in the preceding week and this despite a decline in speculative trading. The total for the week ended November 2 was \$310,000 as compared with \$305,700, 000 in the previous week.

Civil Service Reductions Are Deemed Necessary

OTTAWA, Nov. 19.—(C.P.)—Further drastic reductions in the civil service would "result in the curtailment of existing services which have hitherto been deemed essential by all classes of our people," Hon. C. H. Cahon, Secretary of State, said last night in the course of a speech under the auspices of the professional institute of the Civil Service of Canada.

Economy in the civil service had recently been a particular concern both of the Government and its various departments, the Secretary of State said. Many amalgamations had been effected, resulting in a reduction of approximately 5,000 in the number of civil servants and \$15,000,000 in annual expenditures.

Mr. Cahon reviewed the functions of the various governmental departments. He said that the oldest governmental organization in the Dominion was the Department of Indian Affairs, dating back to the time of the conquest.

ITALY MAY

(Continued from Page 1) are geographically closest to Geneva, terminated a three weeks' campaign these papers had directed against the League.

Hidden With Intrigue

The Italian press has charged the League is ridden with intrigue and incapable of making a decision or enforcing one. It asserted the principle of open discussion of important and delicate international affairs is fundamentally wrong.

In some quarters, however, the press campaign was regarded as an effort to shift the disarmament conversations from Geneva to Rome.

It was understood that Premier Mussolini assured the French Ambassador to Italy, Count Dechambrun, in a conference last night, that Italy's situation was unchanged with regard to the League, but observers pointed out that this did not preclude the Grand Council's changing it.

DISORDERS

(Continued from Page 1) triumph. The first reported death was at Seville during rioting in a precinct. Judge Juan Alonso was reported killed and another man badly wounded when about 20 Communists opened fire on a group of Rightists. There were several other clashes in the district and numerous injuries.

The most violent disorders were reported at Bilbao, where five were reported killed in two clashes. Three Socialists were said to be among the casualties, but this was denied, a correspondent reporting they had been severely wounded.

SCOUTS

(Continued from Page 1) and in Montague about 350. The proceeds in those centres were respectively \$263.90, \$52.00 and \$19.25.

The prize awarded by Dr. J. A. Clark, President of the Board of Trade, to the Scout selling the most apples went to Waldo Dingwell of Zion Troop, who sold 200 apples and realized \$9.74. The Cub who sold most was Donald MacLure of Zion Pack. He sold apples to the value of \$5.00.

The Scouts used haversacks in which each carried twenty apples. Each had a green box in which to carry the money. About 2,500 tags were given out in Charlottetown, and 500 elsewhere.

Those who bought the apples were unanimous in expressions of satisfaction regarding the flavour and texture of the Island grown fruit. All sold were MacIntosh Reds with the exception of 300 Lobos. The growers who supplied the fruit were Messrs. Percy Smallwood, Jack Stewart, George Dewar and F. S. Reeves, all of whom expressed satisfaction with the manner in which the public received the fruit.

The Experimental Farm donated a barrel. All apples were inspected by Dr. J. A. Clark, Superintendent of the Experimental Farm, and Mr. G. C. Warren, horticulturalist.

Expenses totalled \$116.53, which includes the items for purchase of apples, advertising, tags, etc. The Department of Agriculture defrayed half the expense of advertising, as the movement tended to the promotion of the Island fruit industry.

Nineteen Scouts and one Cub each sold fruit to the value of more than five dollars. They were as follows:

LITTLE HEADWAY

(Continued from Page 1) was apparently the natural outcome of the disagreement between London and Paris that came to a head yesterday.

M. Paul-Boncour had announced last night that France would stick by the accords already reached and particularly favored the Simon proposal for a Draft Convention.

United Front Broken

With the united front of the great powers thus broken for the time being, it was admitted in Geneva there first must be definite agreement on a common policy before the Conference can invite Germany to re-enter the discussions she left a month ago.

The official communique was significant by its omission of any reference to the Simon report. The French delegation appeared to feel that the Conference was headed for adjournment until January at least because of the lack of agreement. So far, though, the official action calls for an adjournment only until Monday at 3.30 p. m.

Arthur Henderson presided at the meeting today which was attended by Sir John Simon, Foreign Minister Paul-Boncour, U. S. Minister Wilson, Foreign Minister Edouard Desorais of Czechoslovakia and Signor Soragna, Italian member of the Steering Committee.

Simon Declaration

The Simon declaration in question suggested a trial period of five years, or eight years during which there would be a substantial measure of disarmament among heavily armed powers, and the achievement of the principle of equality. Saturday it was reported Britain now wished to abandon or reduce the "period of trial" for Germany.

Sir John Simon and M. Paul-Boncour engaged in a long conference Saturday and then conferred with Arthur Henderson. Afterwards the indication was seen that France is apprehensive of the disarmament concessions Britain is said to be willing to make to Germany but which the French believe they can not support.

M. Paul-Boncour at a press conference announced the French position had not changed. "The departure of the Germans from the Disarmament Conference changes nothing in France's position," he asserted. "We want to proceed making a Disarmament Convention but on the basis of accords previously reached. However, we are ready to talk."

Senator Murdock Still Member Of Rwy. Union

(Canadian Press) LONDON, Ont., Nov. 19.—The first round of a legal battle in which Senator James Murdock, deposed Vice-President of the Brotherhood of Railway Trainmen's International Union, sought an injunction from expelling him, had ended here tonight with the Senator remaining a member in good standing until the next meeting of the Union when he will enter appeal against expulsion.

The case, heard before Judge Joseph Wearing, was stayed shortly after the hearing opened. Murdock charged a "frame-up" on the part of specified defendants to oust him from membership of the union.

Judge Wearing was asked to continue an injunction which temporarily restrains the local lodge from striking the Senator from its membership. The decision of the court left Senator Murdock a member of the union, at least until the next meeting of the grand lodge. "Senator Murdock is willing to stand trial or fall on the decision of the convention," J. C. McRuer, counsel for the deposed vice-president said. "All he wants is the opportunity to plead his case on the floor of the House."

Continuation of the injunction was strongly opposed by counsel for President A. F. Whitney, of the international organization and other defendants.

RELIGIOUS SERVICES

THE BAPTIST CHURCH

At the morning service the Rev. A. C. Vincent, D.D., speaking from the text "And Jesus sat over against the treasury and beheld how the people cast in their money," made a moving appeal to all Christian people for the loyal support of the plans of the Kingdom of God.

Speaking to a large audience in the evening Dr. Vincent delivered another of the very interesting addresses on "Men whom Christ changed," taking as his theme on this occasion "The Enthusiastic man." One of the most interesting features of the mission of Jesus is that he did not surround himself with men of similar tastes, or similar endowments. In his little group there were men of many minds—the practical Philip, the impulsive Peter, the mystical John, "and Simon called Zeleotes"—the zealous enthusiast. All these were bound together by loyalty to one wonderful personality all their lives were changed, purified, glorified by his influence.

Included in the music of the day were Speaks' "More love to Thee," Turner's "O clap your hands together," and a familiar gospel hymn "In the garden." The latter was a duet rendered by Miss Pearl Burns and Miss Edith Baker.

Mrs. Full's short organ recital from 6.45 to 7 o'clock included three numbers from Haydn and Liszt.

The thanks of our people are due to Mr. Henry Smith, who prepared and placed on record the splendid historical account of 125 years of Methodism in this city as published in both our city papers in Saturday's issue.

THE SALVATION ARMY

Adj. Stevens took as his text Sunday morning "Be ye also Holy as I am Holy." Many were blessed by his message. At 3 o'clock a meeting was held in the Infirmary.

Many expressions of delight and thankfulness for their new home were made to the visitors by the patients. Such a change it is hard to realize until one makes a visit to this splendidly managed institution.

Dr. McLaughlin was present and at his request the Salvation Army Band will visit the Infirmary in the near future.

Mrs. Adj. Stevens took charge of the evening service speaking on "The Judgment Day." She was listened to with earnest attention and brought her subject home to the hearts of all.
