FARM IMPROVEMENT.—Mr. Ernest Mutch, Mt. Herbert, is making considerable improvement in his commodious dwelling and other buildings.

MARSHFIELD.—Rev. Z. L. Fash will preach next Sunday afternoon at 3 o'clock in the Baptist Church, Marshfield. This will be his farewell service at Marshfield.

RETURNS TO WORK.—Mr. John A. L. McLellan, Indian River, P. E. I., who has been employed at the car ferry works at Point du Chene during the summer, met with a slight accident by which he was obliged to lay off for a few days. He is now however in proper trim and returned to resume duties Monday morning.—Moncton Times.

GRAND DIVISION S. OF T.—The annual session of the Grand Division for election of officers and other business, opens at 11 a. m. on Tuesday next, 26th at Lower Free-town, Standard Certificates will be issued from all stations, teams will meet delegates at Free-town station, and the usual public meeting will be held in the evening.

POWNAL CIRCUIT.—Services on the 24th: Clifton at 11; Mt. Herbert at 2.30; Pownal at 7.

C. D. C. MEETING.—The Charlotte-town Driving Club will meet this evening at 7.30 in the Canada Fox exchange. C. P. Thorne, Secy.

POTATO CROP.—The potato crop throughout 48 and 49 is not nearly up to the average. A few good crops are heard of, but in general not half a crop is the word.

MASONIC SERVICE.—Masonic Service will be conducted by Rev. G. M. Young in Tryon Methodist Church Sunday, Oct. 24th, at 10.30 a. m. Members of all Lodges are cordially invited to attend. Brethren will meet at Tryon Hall at 10 a. m.

CAN YOU?—"I thank God I have done my duty." These were the dying words of England's greatest naval hero. Young men, can Nelson's dying words be yours if you do not heed your country's call in her hour of need. Enlist to-day in the Island Infantry Company.

SPORTY ISLANDER.—The Guelph Evening Mercury of Oct. 15th gives a full account of the annual Field Day sports held by the Ontario Agricultural College. The second champion of the meet was Mr. W. R. Shaw, of St. Catherine's, P. E. I., who was District Representative for Queen's last year. Mr. Shaw got first for throwing the 16-lb hammer; first for putting the 16-lb shot (over 140 ft); third for the running high jump; first for pole vault and grand champion in weight event. P. E. Islanders all win out and Mr. Shaw's friends are delighted with his success.

KINDLY REMEMBERED.—A meeting of the railway trackmen of Charlottetown Lodge 218 was held in the Railroad Hall Wednesday evening, the object being to take some action with respect to two of their members, Thomas Ledwell of Souris and Michael Campbell, of Emma, who are leaving shortly for the front, and also to make a contribution to the Red Cross Fund. Mr. B. M. Lea, President of the Association, was in the chair, Messrs. Ledwell and Campbell were each presented with ten dollars in gold and an address, read by the secretary, Mr. George E. Lane. Both the young men made fitting replies. Stirring addresses were given by Arthur McCabe, section foreman, Geo. W. Shelgrove, M. McKay of Mount Stewart, and Mr. M. Berrigan, organizer for the order. Mr. Berrigan made the presentation in a very eloquent and feeling speech. The worthy action of the two members of the order in going forth to serve their King and country came in for well deserved praise. The sum of \$25 was voted for the Red Cross Fund. There was a large attendance of members and the meeting fittingly closed with singing "God Save the King."

CAVENDISH AND FAIRVIEW.—Rev. P. A. Hubley of Montague, will preach, Sunday, Oct. 24th as follows: Cavendish, 11 a. m., Fairview, 7 p. m. A. A. Gates, Secretary.

FOOTBALL.—There will be a game of football at the A. A. A. Grounds on Saturday afternoon at 3.30 o'clock between the St. Dunstan's College senior team and a team composed of former St. Dunstan's students.

FOOTBALL.—The game on the C.A.A.A. grounds yesterday afternoon, of First P.W.C. v. Second St. Dunstan's, was a one-sided affair, resulting in a score of 17-0 in favour of St. Dunstan's. From the start St. Dunstan's took the lead and continued with it to the end, the other side making desperate efforts to score, but without success. Mr. James McMillan acted as referee. This is the second win for St. Dunstan's against Prince of Wales. The winning of this game makes St. Dunstan's the Inter-Collegiate champions for the ensuing year.

WEDDING BELLS.—On Monday evening, August 23rd, a pretty wedding was solemnized at the Methodist Parsonage, Centreville, Bedeque, by the Rev. George Ayers, when Male E. Newsome of Seabrook, was united in the holy bonds of matrimony to Elliott G. Bell, of Albany. The bride was attended by her sister, Etta Newsome, while Chauncy Pearson ably supported the groom. The happy couple left the following morning on an extended trip to the Canadian West, followed by good wishes for a long and happy journey through life.

RIFLE PRACTICE SHOOT.—A team composed of five men from the Second Siege Battery (through Lieut. E. Ritchie) has challenged the Civilian Rifle Club of Charlottetown and the 82nd men to a champion practice match at 200, 500 and 600 yards, 7 shots each range with 2 sighting shots, the match to take place tomorrow (Saturday) afternoon, rain or shine, at Kensington Range, beginning at 1 o'clock sharp. It is to be regretted there are not more rifles and ammunition attainable just now, or other teams of five men would enter the contest. The Summerside team of Home Guards and the York Rifle Club have been invited to participate. The Charlottetown Home Guards could put in a good team but have not enough private rifles and ammunition to take part. The 2nd Siege Battery is a credit to Prince Edward Island, and just before they leave for the Old Country this proposed rifle match should prove a very interesting event and most excellent practice for those going to face a common enemy, as well as for those who form the home defence. It is not possible to give the names of the different men that will represent each team, but it is understood the Siege Battery will be a very strong combination. May the best team win. Owing to the short afternoon it is absolutely necessary to start shooting at 1 p. m. Saturday afternoon.

PATRIOTIC MEETINGS ARRANGED FOR.—Patriotic meetings have been arranged for Bradalbane and Fredericton to-night. The Artillery Band goes to Bradalbane, and the 82nd Band goes to Fredericton. The speakers at the former meeting are Rev. Messrs. Fulton, Taylor, D. McLean, Major Leigh and Lieut. Fulton. At Fredericton the speakers are Canon Simpson, Col. Allan, Captain Campbell and Mr. A. B. Warburton. The train leaves at 6.15 p. m. sharp. At Montague to-night a Red Cross meeting will be addressed by Rev. Dr. Fullerton, Lieut. Dawson and Mr. Inman, K.C. Next Thursday Dr. Fullerton, Captain Campbell and Major Leigh address a meeting at Clifton; and on Friday the same speakers will address a meeting at Brookfield. Excellent musical programmes will be submitted at each meeting.

LATEST FROM THEATRE

CASTLE SQUARE THEATRE, BOSTON.—A brand new mystery farce, "Coat Tales," will be given next week at the Castle Square Theatre by the Craig Players. It has three acts and is by a new author, Edward Clarendon. Tale first takes place in Mandelbaum's pawn shop; the second tale is in the office of Allen and Turner, attorneys; the third tale is revealed in the Turner apartments. The row is all over a coat that disappears mysteriously and changes owners so rapidly that one is bewildered catching up to the latest. As a rule a mere coat would not cause much excitement if it should disappear of a sudden. But the coat in question is a very fine Russian sable garment and as each owner loses it consternation spreads far and wide. And all this fuss just because Mrs. Turner's brother bets money on the races. He can't help losing, goodness knows; he would win if he could pick them better. That's all of the plot it's fair to divulge at present. Miss Mary Young will play Florence Turner, first owner of the coat. William P. Carleton, Theodore Friebus, Donald Meek, Betty Barnicot, Justine Adams, Al Roberts and George Ernst will also appear in the piece.

A CURIOUS TOY

In an East Indian museum there is to be seen a singular instrument invented for the detection of Tippu Sahib in his palace at Mysore. It is in the form of an automaton tiger, life size, represented in the act of devouring a British soldier, who lies prostrate under its paws. Inside this automaton is a rude organ, turned by a handle, and emitting sounds in imitation of the growls of a tiger, and the moans of the dying victim. At the taking of Seringapatam this curious object was found in Tippu's palace along with other evidences of the horribly cruel nature of the conqueror's reign.

THE QUESTION.
With wearied tread, some day our troops will come— I know not when; And joyous throngs will wave and wildly cheer them home again.
Can I that day stand near to watch them pass With conscience free And know that none are absent from the ranks Because of me?
Shall I know none lie lone on foreign fields In death's long sleep? Shall no wife watch, sad-eyed the coming home, Or children weep?
Because I did not do my pray- erful best To aid skilled men Who, Christ-like bind the wounds and coax Life's flame To glow again?
Or shall I know I gave of all my goods But beggar's dole? Shall guilt of having failed to do my part Then crush my soul.
Shall conscience say that self stood first of all, Not country's need, Where should have been the patriot's love and zeal Stood coward's greed?
With blood-stained flags and scarlet battle wounds, Our men will come— Can I be glad or must I silent stand By shame made dumb? LILLIE A. BROOKS.

OLD BRICKS IN BOSTON

Several ancient hand-made bricks were uncovered in the building of the new annex to the Suffolk law school on Beacon Hill so Dean Archer of the school informs me. The bricks were said to be more than 300 years old. They were located by workmen who were tearing down the well of the school building which was at one time the old Curtis and Higginson mansion at 45 Mount Vernon Street. Workmen found bricks about 10 feet below the foundation of the old mansion, the structure itself being a century or more old. Dean Archer says that from investigations by experts he is convinced that the bricks were some made or imported from England at the time Boston was first settled.

ECONOMY IN TIME.
George Stephenson, who could neither read nor write at twenty, taught himself arithmetic and mensuration while working in an engine-room during the night shifts, and he studied mechanics during his spare hours at home, thus preparing himself for the invention of the passenger locomotive. Elihu Burritt, who mastered eighteen ancient and modern languages and twenty-two European dialects, attributed his first success in self-improvement not to genius, but simply to the careful employment of "odd moments" while working at his trade as a blacksmith.
