Insidious Eye Strain

We use this adjective advisedly.

Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body and produce ill health.

PLEASANT ENTERTAINMENT.

On Tuesday last, a large number of Tignish citizens drove to Palmer Road where they attended a Lecture and Musical in the Palmer Road Hall, Rev. Dr. McLellan who was the speaker gave a glowing account of his trip to Ireland. The Rev. Dr. delighted the hearts of the Irish dependants who came in numbers to hear some late history of the land of their forefathers. Father McLellan speaking in his usual eloquent manner told of the beauty and prosperity of that Country to whom the world owes a debt of gratitude. At the close of his lecture the Rev. Dr. was tendered a hearty vote of thanks. A very pleasing musical program completed the evening's entertainment. Perfect order was maintained throughout the program. The proceeds of the evening amounted to \$115.00.

now, with its interior fixtures and all the modern improvements, possibly the finest rural parochial house in the diocese. Electrically lighted, running water under pressure, three bath rooms and toilets, one of these in connection with a bedroom, for the special use of the Bishop of the diocese. The priest and parishioners of St. Columba are certainly proud of their achievement.

ings at St. Columba, East Point, must naturally be a source of pride to the members of the congregation, as well as to the energetic pastor, Rev. Father Ronald McDonald, through whose efforts and guidance, such splendid results have been achieved. The new brick church was the first venture of Father McDonald, the interior of which is yet to be completed. This work will begin next summer, and the cost is estimated at \$20,000. The parochial house built during the pastorate of Monsignor Gillis, and considered at the time to be the finest rural manse on the Island has been rebuilt and completely renovated in accordance with modern architectural requirements, under the supervision of Stephen McAulay, jurist, and is
