MURRAY H. NORTH BRANCH RAILWAY

An Enthusiastic Meeting Held Recently at Which Many Resolutions were Passed

MURRAY HARBOR NORTH Sep. 24 According to the notice a large and intelligent meeting of the residents of Murray Harbor North, Peter's Road, Gaspereaux and adjoining districts was held at Cambridge Hall recently. James Finlayson was appointed chairman and the undersigned secretary. After explaining the object of the meeting which was to consider the advisability of getting a branch line of Railway from Murray River to Montague looking as far east to Murray Harbor North as possible, the chairman said that remarks from any person present would be in order.

John M. Hughes, St. Mary's Road, thought a branch from Montague round by Murray Harbor North, to Murray River to be most practicable.

Samuel Johnston in addressing the meeting referred to the large extent of country without steamship facilities on railway accommodation, and also to the great lobster industry along the coast of Murray Harbor North and Gaspereaux. The hardships of the packers in getting their stores hauled at an inclement season of the year and the inconvenience of shipping their cases when ready to do so, he favored a branch from Murray River to to Murray Harbor North or it to a deep water terminus at Lower Montague.

After a lengthy discussion taken part in by Capt. John Graham, Alexander Jackson, John G. Graham, Neil Johnston and others, the following resolution was proposed and seconded and unanimously carried by the large meeting (about 300 present.)

Whereas the old settlement of Murray Harbor North, Peters Road, Gaspereaux and adjoining districts being thickly settled containing as they do seven large school districts six post offices eight general stores, two large halls and one cheese factory; and:

Whereas along the coast of Murray Harbor North and Gaspereaux there are 12 or 13 lobster factories, the value from same in canned lobsters the past season being about $65,000.

And whereas said settlements are now deprived of steamship facilities to Charlottetown and also bring ten or eleven miles from the nearest railway station said distance being a great barrier to the public and also to merchants, lobster packers, for getting the necessary goods for carrying on their different business.

And whereas a branch line of railway from Murray River round by Murray Harbor North to Montague connecting with the main line or out to a deep water terminus bring a pressing necessity. Therefore resolved; that in view of the many disadvantages in the way of public conveyance to which the merchants, lobster packers and the public in general are exposed, that we place on record our Legitimate claim to a branch line of railway as laid down in this preamble.

Also resolved that this large meeting, being unanimous for a railway, and regardless of party politics urge the representatives in parliament to lay the claims before the Government of the day, and do all in their power to get an appropriate grant for the surveying and construction of same.

Further resolved that the above resolutions and minutes be published in the Island newspapers.
