The Silver Fox Ranching Co.

Statement of Rctual Results from the Breeding of Two Pairs of Pedigreed P. E. Island Silver Foxes

We give below an example of ACTUAL RESULTS obtained in our ranch at Alberton, P. E. Island from the breeding of two pairs of pedigreed Silver Foxes. One pair was acquired in 1911 and placed for the season of 1912 in a neighboring ranch, our own equipment being then in course of construction. The ranchers charge was adjusted by his taking one of the young animals and paying the fraction due us in cash. Since then all our foxes have been in our own care.

	Cash Rec'd	Foxes Kept
Pair in pen No. 10 :		
Season 1912, raised three,		
*Rancher kept one and paid us	$ 1,150	2
Season 1913, raised six,		
Sold four for	22,400	2
Season 1914, raised three,		
Sold two for	12,750	1
Pair in pen No. 1 :		
Season 1913, raised five,		
Sold four for	21,000	1
Season 1914, raised five,		
Sold three for	17,000	2
	$ 74,300	8

Observe that from the production of pair No. 10 for three seasons, and pair No. 1 for two seasons, we have actually sold young foxes to the value of $74,300, and added eight foxes to our own breeding herd, and still have the original two pairs with their present litters. No mention has been made of the proceeds from the litters of the eight young foxes. That will be another wonderful story later on.

These sales were made to ranches in the Maritime Provinces owned by Canadian and American investors, and can be verified at our office.

We invite inquiry from interested parties, and will supply to new ranches and old, the very highest quality of Standard Bred P. E. Island Silver Foxes to be had. This is a most opportune time to buy. We shall be glad to give the benefit of our experience, if desired.

The Silver Fox Ranching Company

Alberton, P. E. Island, or 53 State Sreet, Boston, Mass

The Central Guardian

IT PAYS to buy in this Province.

EARLY MOTORING.—Mr. John McDougall, Canoe Cove; made a trip to Victoria in his gasoline launch Saturday morning last.—V.

SPLENDID SIGN.—A splendid display sign has been placed outside the Central Christian Church, Kent St., in which the church services will be given prominence.

GOOD ROADS — The roads through Pownal toward the city are in a fine condition for the time of year. The "split log" drag has been run over a good deal with good results. Other places should get busy too.

GRAND ABSTINENCE RALLY.—The Executive Committee of the Patriotic Abstinence League met last evening in the Legislative Assembly chamber to receive reports from the various sub-committees. There was a large attendance. The reports submitted indicated great progress and a most hopeful outlook. A big rally of the people of Charottetown, both men and women, is to be held in the Drill Shed next Thursday evening, April 29th, at 8 o'clock. The Band will be in attendance. Mayor Sterns will preside and a number of brief but stirring addresses will be given.

FOXES.—The Riverside Fur Farming Co., Limited, Tryon, report six litters of black foxes in their Ranch. This ranch is made up of three companies, all under the able care taker Mr. T. H. Smith. The litters are as follows: three in the original Co. one in the "Black Diamond"; two in the "Black Watch". The Riverside Fur Farming Co. have had exceptional luck having paid a dividend of 225 p. c. stock the second year. More litters are expected yet in each of the above named companies, which makes the prospects for the present year very bright.—V.

NEW SECTION FOR GUARDIAN—Next Saturday The Magazine Guardian will open a Women's Institute section, the matter for which will be furnished by Mrs. Dunbrack, Supervisor of Women's Institutes. This section will be of special interest to Guardian readers as it will keep them fully informed regarding the Women's Institute Movement, which has already grown to be one of the leading features in the forward educational and agricultural development now in progress. There are now over sixty Women's Institutes in the province with a large membership and, what is equally important, with infinite possibilities for doing good. The work that has already been done and that is in contemplation for the immediate future will be a revelation to those who are not in touch with the movement and it is felt that this new section will prove of great interest and value to all who are interested in the great work that is being done for the general betterment of the province.

BOY SCOUTS' OUTING—The Y. M. C. A. Boy Scouts had a very interesting time last Saturday afternoon at a Treasure Hunt. The boys were divided into patrols, and each patrol had to trace their way by directions found in envelopes as they went, starting from the Y. M. C. A. The directions finally brought them to Victoria Park, where they found maps giving the district within which the Treasure was to be found. As the Treasure was a pie, there was great keenness between the patrols as to which would have the pleasure of eating it, as this was to be the reward of the finders. There was great glee in the Beavers Patrol, when Scout Jenkins found the pie hidden in the lower branches of a tree, and it did not take very long to disappear. Following the Treasure Hunt, two other scouting games were played, giving practice in observation and woodcraft. To finish up with, a relay race was run between the three patrols back to the Y. M. C. A. from the Park. The Beavers were again winners, with the Hounds very close behind. The boys are busy just now trying for the various tests, and the competition is very keen.

HORSES FOR ARMY.—Mr. W. S. McKie, who is buying horses for use in the army, yesterday bought 15 splendid animals at prices ranging from $140 to $210.

NOTES.—On Saturday morning last Mr. G. C. Holland, Victoria, bought from Mr. Amos J. C. Clarke of the same place, his valuable heavy Clydesdale mare for a handsome sum. Mr. Holland is doing a rushing business in horses of this stamp rarely if ever having less than three or four on hand.

CONSIDERABLE ICE.—There is still considerable ice in the Straits and yesterday the Minto had ice all the way across. Off Point Prim the ice was exceptionally heavy and the steamer had some difficulty in getting through. Captain Read reports that only once before this year was there as much ice in Pictou harbour as yesterday. It is also reported that there is quite a lot of ice between Capes Tormentine and Traverse and that the ice has again drifted into Summerside harbor. It will be some time before the summer steamers will be able to run. A northwest wind would greatly improve the ice conditions.

HORSE NOTES.—Mr. Robert Simmons, Crapaud, on Thursday evening last, purchased from Mr. G. C. Holland Victoria, a beautiful 3-year-old Clydesdale horse which tipped the scales at 1200 pounds. This horse was sired by the imported Clydesdale Stallion "Sir Donald", dam by victor of Goodwood. He is one of the choicest 3-year-olds- seen here for some time and Mr. Simmons is to be congratulated on his purchase. Mr. G. C. Holland, Victoria recently sold his beautiful stylish horse sired by Tom Medium Jr., dam by Administrator to parties in Vernon River. It is understood that a handsome figure was paid.—V.

SOLDIERS FROM CANADA READY FOR ANYTHING

LONDON, April 26.—W. L. Griffiths, secretary to the Canadian High Commissioner's Office, has returned to London after a visit to the front, which, though short, afforded some realistic experiences. He spent two days in the trenches of the front line only forty yards from the enemy, and in taking a look through a periscope brought firiug on himself from German rifles.

In motoring along a road in France where the traffic was heavy Mr. Griffiths' auto collided with a car carrying a Brigadier-General. The auto carrying the officer was on its maiden trip and caught fire from blazing petrol after the collision. It was destroyed, but happily the occupants of each car escaped injury. Mr. Griffiths saw both Imperial and Canadian troops in the trenches, and says that the men from Canada are fit and ready for anything that may turn up. An official report of his thip will be esnt to Ottawa for publication in the Canadian press.

Although he declined to admit it, Mr. Griffiths, while at the front, made preliminary inquiries in regard to arrangements for taking the vote of the Canadian soldiers if a general election takes place.

Sir Max Aitken is still indisposed and unable to resume his duties as official "eye-witness" for the Canadian division.

Mrs. Long, wife of Captain Long, formerly of the Rideau Hall staff, is head of a committee of the British Red Cross, specially organized to search for graves of soldiers buried in the battlefields. Lady Drummond of Montreal, has received a report from Mrs. Long, stating that the committee have already found a number of graves of Canadians, of which a record is being compiled for the Canadian Red Cross.

Earl Grey, former Governor-General of Canada, gave a dinner recently to a small group of overseas representatives for the purpose of informally discussing possible opportunities for ex-soldiers who desire to emigrate after the war.

Sir Geo. Perley and Richard Reid, agent-general of Ontario, were the Canadian guests.

"THERE'S A LITTLE WET HOME IN THE TRENCH."

LONDON, April 29—Captain Frost of the 14th Montreal Battalion, writing to friends here, quotes a parody of "Little Grey Home in the West," composed by a member of his company. It proves most popular to enliven trench duty, and the first verse runs:

"There's a little wet home in the trench
That the rainstorms continually drench.
There's a dead cow close by,
With her heels in the sky,
And she gives off a beautiful stench.

"Underneath us in place of a floor
There's a mess of cold mud and some straw,
And Jack Johnsons tear through the rain-sodden air
O'er my little wet home in the trench."

Capt. Frost says: "We have not been doing much lately in the way of fighting, but have been busy endeavoring to get into hard condition and we have had plenty of hard work, especially route-marching. We are in fairly comfortable billets, have been experiencing delightful weather, and spring has certainly come."

CONTRABAND GOODS MAY GO TO HOLLAND.

WASHINGTON, April 22— Arrangements have been made between the British and Dutch Governments where by through embargoes or other measures, possibility of supplies reaching Holland by water, being trans-shipped to Germany is eliminated. Official notice was given Wednesday that not only conditional contraband, such as food supplies, but even goods on the contraband list of the British Government may be given safe passage to Holland through the blockade lines.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefitted by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

LOSS OF APPETITE

Most Successfully Treated by Taking Hood's Sarsaparilla

Loss of appetite is accompanied by loss of vitality, which is serious.

It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is absolutely necessary for the proper performance of their functions.

Hoods Sarsaparilla, the old reliable all-the-year-round medicine, is especially useful in the spring. Get it from your druggist today. By purifying and enriching the blood and giving vitality, vigor and tone. It is wonderfully successful in the treatment of loss of appetite and the other ailments prevalent at this time. It is not simply a spring medicine—it is much more than that—but it is the best spring medicine.

Hood's Sarsaparilla makes the rich red blood the digestive organs need.

EXTRAORDINARY BILL AT THE PRINCE EDWARD

The Prince Edward Matinee yesterday was exceptionally largely attended, but in the evening so great were the crowds that at both shows the "standing-room-only" sign became necessarily posted. The bill presented was also "crowded" full of the best in entertainment and the appreciation of its extraordinarilly excellent quality by the audience was quite evident by the frequent and loud applause.

The bill was headed by nothing less than a Broadway star feature entitled "The House Next Door", and a better play one could hardly desire. The story, which emanates from the prejudice of race and religion between two families, is well known and it is the opinion of the authorities that it was never before dramatized to better effect than in this production. The Lubin Players have no superiors in acting before the camera and the perfectly natural manner in which they execute their work is a striking feature in "The House Next Door." The play runs five reels and is compiled in the most comprehensive and interesting manner so as to concentrate the attention of the audience during the whole course of its production. It was a magnificent drama and, as its fame is bound to spread rapidly, will no doubt be seen by big crowds today.

As for "The Master Key", the fifth episode eclipses all others and the five instalments, so far given, are better than any serial heretofore given at the Prince Edward. It will be presented again to-day.

An extra feature yesterday was an eccentric English vaudeville act by Mr. Frank Hines, late of the Thanhouser Players Company, New York. He is making a tour of Canada and United States and uses his own compositions exclusively. Mr. Hines has an engaging and persuasive peronality and it does not require much effort on his part to convince his audience that he is an actor of more than ordinary ability. He is versatile, and is as brilliant as a comedian as he is in serious roles. He is a splendid story teller, possesing a clear, agreeable voice. His enunciation is therefore perfect. Yesterday and last night he took his audiences into his confidence and told them of the various methods employed by picture manufacturers in the production of "trick" films. To-night he will change his act and will speak on a moving picture studio in general.

The next big production at the Prince Edward is "The Seats of the Mighty," in six parts, what critics pronounce as the "most ambitious photo-play in America," which will be shown Wednesday and Thursday.

SAFE PASSAGE FOR GOODS FOR HOLLAND

WASHINGTON, April 26.—Arrangements have been made between the British and Dutch Governments, whereby through embargoes or other measures, possibility of supplies reaching Holland by water, being trans-shipped to Germany is eliminated. Official notice was given today that not only conditional contraband, such as food supplies, but even goods on the contraband list of the British Government, may be given safe passage to Holland through the blockade lines. The British Embassy issued the following statement:

"1—Shipments of wheat, wheat flour, and meal, destined for consumption in Holland, should be consigned to The Netherlands Government.

"2—Shipments of all other articles on the British contraband lists, destined for consumption in Holland, should be consigned to The Netherlands Overseas Trust.

"—The Netherlands-American, the Royal Holland Lloyd, and the Royal Steamship Company have instructed their agents that shipments of cocoa, coffee and tobacco must also be consigned to The Netherlands Overseas Trust."

KAISER AMENDS THE PRIZE RULES.

BERLIN, via LONDON, April 22—Amendments to the prize rules governing the operations of the German navy, signed by Emperor William and Admiral von Tirpitz, published in the Reichs Anzeiger, were designed as "a reprisal for the decision made by England and her Allies contravening the Declaration of London of February 26, 1909."

Under the new order, field glasses, nautical instruments, pig lead, aeroplanes, coal and coke are made absolute contraband. Several other commodities are added to the list of conditional contraband, including wool, rubber, iron and several other ores. The regulation prescribes that these articles shall be assumed conditional contraband destined for the enemy if consigned "to order or to a person whose name does not appear in the ship's papers or a person in the enemy's territory." In such a case it is provided that a ship shall be liable to capture even if bound for a neutral port.

The order directs also that conditional contraband may be confiscated without regard to the consignee when a ship is destined for a neutral country from which the nations at war with Germany obtain articles of the kind in question.

RUSSIANS USE HAND GRENADES WITH SKILL

PETROGRAD, via London, April 26—The Russian War Office today gave out the following account of operations at the front:

"A vigorous attack by the Germans on our positions east of Telepotch and Polen was repulsed by rifle fire and hand grenades. In the direction of Stry a hostile attack on the height near Oravozit was successful at the start but towards evening our troops made a counter- attack and re-occupied the height after fierce fighting. The captured prisoners, the number of whom is now being ascertained.

"On the Eastern Rosseankka chain, during the evening of April 18 we exploded a mine above a German trench. Immediaely following this our infantry attacked with bayonets and captured the position, taking in the neighborhood of 100 prisoners as well as four machine guns and one bomb thrower."

GERMAN SOCIALISTS ARE UNANIMOUS IN FAVOR OF PEACE

THE HAGUE, April 26., via London—The Socialists of Germany are making an earnest effort to seek for a basis on which the cessation of the war can be brought about, Dr. Breitscheidt, a prominent member of the German Socialist party, is now in Holland consulting the Dutch Socialist leaders with a view to getting into communication with the British, and through them, with the French Socialists, in an endeavor to bring pressure to bear on the various Governments.

It is declared that the German Socialists are virtually unanimous in favor of peace, and against any ennexation of territory.

The general view of the Socialists, it is said, is that Alsace and Lorraine should belong to neither France nor Germany, but should be autonomous. The argument is that if France recaptures the Provinces a rankling for vengeance would be held by a large part of the population, which it is asserted does not desire to be governed by the French, and that therefore, the situation would be as bad as ever.

The Socialists of Germany assert that it will be impossible to starve Germany, but express the belief that the war cannot continue much longer, in consequence of the disastrous effect on the econimic conditions of all the countries engaged.

On Many A Desk

broods the blighting shadow of the tea or coffee pot.

Many men and women with bright prospects find themselves handicapped by the reactionary effects of tea or coffee with its subtle, habit-forming drug, caffeine.

Dull headaches, biliousness, heart-flutter, nervousness, sleeplesness—these are some of the signs of caffeine poisoning that puts a crimp in efficiency, and spells suffering and often failure for thousands of tea or coffee drinkers.

There's a simple, easy way out—quit both tea and coffee, and use the pure food-drink

POSTUM

This delicious beverage, made from prime wheat roasted with a bit of wholesome molasses, contains only the rich cereal nourishment—no caffeine—no harmful substance whatever.

Postum comes in two forms: **Postum Cereal**—the original form—has to be well boiled, 15c and 25c packages; **Instant Postum**—soluble—made instantly in a cup with hot water, adding creem and sugar to taste, 30c and 50c tins. Made according to directions, both kinds are equally delicious, and the cost per cup is about the same.

"There's a Reason" for POSTUM

MADE IN CANADA Sold by Grocers everywhere

Canadian Postum Cereal Co., Ltd., Windsor, Ont.
