Oxford Canadians won the ice hockey championship at Les Avants, Switzerland. They hold the honor and the trophy, but not the title of the "Champions of Europe," as they were forced by England, last year's cup holders, to play "hors concours" about December 18th, a party of 8 Canadians, 3 Americans, 1 Newfoundland and 1 New Zealander, united their forces at Wexham, a small village at the foot of the giant, snow-capped Jungfrau, and above the chasmic vale of Lauterbrunnen. And one day the Canadians, with their Maple Leaf jerseys, Swiss sticks and an India rubber ball, used here instead of a puck, might be seen gliding gracefully over the ice...

On the eve of his departure for the West, a number of his friends assembled at the home of Dingwell Jenkins, Vernon River, to bid him farewell. The occasion was a most enjoyable evening, was spent by all present, W. J. McEachern, on behalf of those present, presented Mr. Jenkins with a substantial gift as a token of their regard and esteem. In making the presentation Mr. McEachern eloquently spoke of the great regret felt by all his friends at the departure of Mr. Jenkins and the loss to the community in losing such a worthy citizen. Mr. Jenkins, in a brief speech, heartily thanked his friends for these tokens of their kindness and good-will.

The Evangelistic services at Cherry Valley Methodist Church conducted by Evangelist J. S. McKay were most successful. In all about eight meetings were held, it is to be regretted that he could not stay longer, but much good was done, believers strengthened and built up, sinners brought in and a profound impression produced upon all. His discourses were most powerful, heart searching and wide reaching appeals. All the meetings were well attended but the Sunday evening service on March 6th was memorable. The evening service at Vernon River was given by Pastor, J. A. MacEachern, on up and Pastor, J. A. MacEachern, with the Cherry Valley congregation, where seats had been placed in the aisle. Many will bless God to all eternity for the visit of his servant.

The proceedings of the S. D. C. Mock Parliament were yesterday of more than usual interest. Following the resignation of the Macdonald Ministry the Governor General instructed Hon. James Murphy to form a government and the new leader selected for his cabinet the following men: J. E. Gillis, Minister of the Interior; B. H. Dolan, Minister of Finance; R. H. Dolan, Minister of Agriculture; J. A. MacEachern, Minister of Public Works; H. Cavanagh, Minister of Education. The formal opening at two o'clock was on a more ambitious scale than previously attempted and the arrangements were admirably carried out. The first regular session of the Government was held at seven thirty p.m. The address to the Governor General was moved by James Saunders and seconded by J. A. MacEachern. Brilliant speeches were also delivered by the Premier, the Leader of the Opposition and W. Bowlen.

In one of the most exciting Basketball games ever played in the gymnasium the Vics defeated the Abbies last night by a score of 14 to 12. The play throughout was most strenuous but very little real rough play was indulged in. It was any play was indulged in from start to finish, person's time was called in the first half. The Abbies scored a goal which was disputed but which was allowed and that gave them a lead of 9-8. In the second half the Vics scored a tie for some time then the Vics scored a goal which gave them a lead time of two points. The Vics only lost one in the series and that was to the P. W. C. They therefore won the championship and the Prowse trophy. The intermediate game between the Bankers and P. W. C. was won by the Abbies and P. W. C. gives them the trophy. The Abbies trophy was donated by the third year P. W. C. and Miss Seaman and Mrs. Louise McCreedy who made an appropriate presentation and referred to the girls' appreciation of their success in winning the trophy. Mr. Archibald then called up the Vics team and after a appropriate remarks regarding the donation of the trophy and also words of congratulation to the winning team he presented the cup to W. B. Prowse then the donor, who in turn presented it to the captain of the Vics team who held for one year. The series of far the most successful in the league games ever played in the gymnasium. It will likely be some challenge games before the close of the season.

Deranged Kidney Action Causes Florid Skin Blotches, Flushings. Mrs Conrad Schmid, Hamilton, discovered what a great many women would like to know, the cause of redness, that unlike natural healthy color suffuses the entire refined person to always present the appearance with "drain drinking." In writing of her case, Mrs. Schmid says: "Cosmetics and local applications were quite useless. By reason of reaching pain in the back I was recommended by a friend to use Dr. Hamilton's Pills to relieve my kidneys. I discovered that failure of the kidneys to remove matter from the blood was the cause of my heightened color. Dr. Hamilton's Pills at once removed the cause of the pain and gave me a complexion that the most young girls might envy. I have the most satisfactory proof that Dr. Hamilton's Pills not only regulate the organs but purify the blood thoroughly. No other medicine will so quickly clear the skin, cure pimples, eruptions and all blemishes. For general family use, as a blood cleanser and tonic laxative, Dr. Hamilton's Pills are the best. Beware of substitutes. All dealers sell Dr. Hamilton's Pills, 25c per box, or The Catarrhons Co., Kingston, Ont.

The amount realized at the annual missionary meeting held at Malpeque Tuesday evening was \$675. The meeting was very enthusiastic and encouraging one and needless to say was largely attended.

The meat shop at St Peters owned by Chas Pratt and leased to Jas McEwen was burned to the ground early Tuesday morning, as there was no fire in it all winter the origin of the blaze is a mystery. It is learned it was insured.

Rev Mr Woodroffe, who went to Mexico for his health, has written to several of his parishioners stating that his health has greatly improved. Mr Woodroffe is expected in Dartmouth after Easter. At yesterday morning services Rev Mr Hartley, assisted by Mr Wier, officiated. The Sunday School established a record in attendance four hundred and twenty pupils being present. This number is three ahead of the record established during the forward move last summer. - Halifax Herald.

A shadow was cast over Tryon and vicinity yesterday when Mrs. William Sturdy passed away to her eternal reward after a few days' illness of pneumonia. The deceased was only thirty-five years of age and leaves to mourn, besides a devoted husband, two young children, a boy and a girl, who will ever cherish the memory of a loving and kind parent. The little lad, who is but four years of age, was taken seriously ill a short time before his mother. The family have the sympathy of all in their sorrow.

A very pleasant evening was spent at the home of John and Mrs Crockett, York, on the 7th, the occasion being a farewell party in honor of Mrs. Crockett, sister of Mr. Crockett, who left recently for her home in the West. Music and singing by Mr and Mrs Dennis, a duet by Colonel and Mrs Crockett, entitled "Home again from a foreign shore," which was most appropriate for the occasion. All then joined in singing Auld Lang Syne, and the National Anthem, and ended their way home, thanking Mr and Mrs Crockett for the enjoyable time.

On the eve of his departure for the West, a number of his friends assembled at the home of Dingwell Jenkins, Vernon River, to bid him farewell. The news of another sad double drowning accident was received in this city yesterday morning. The victims are L. R. McLaren, a commercial traveller from Moncton, aged about forty-five, and Angus Martin, Murray River, a teamster, aged about sixty-five. They left Ben. Clow's house in Murray River Tuesday night about ten o'clock and started for Montague. Before starting they expressed themselves as afraid of the ice and stated that they would not likely travel by that route.

The fact that a drowning accident had taken place was first discovered by a party who was walking along the ice who noticed the head of a horse protruding from a hole a short distance from the regular track. A grapping party was organized and they brought Martin's body to the surface from the bottom of the river where the water was about twelve feet deep. The search for McLaren's body up to a late hour last night was unsuccessful. The search will be continued today.

Mr. McLaren, who is about forty-five years of age, leaves a widow and three children. He has been coming to the island for quite a number of years, being well and favorably known by a large circle of friends.

He represented the Canadian Drug Company. Mr. Martin, is about sixty-five years of age and leaves a grown up family, including one son, Angus, and one daughter Mrs. A. M. Ross, at home, and five sons in the United States.

South King's Sunday School convention met in the Presbyterian Church at Murray Harbor on Tuesday, March 8th at 2.30 p. m. There was a good attendance at both meetings. The following ministers were present at the first session: Revs. A. Gray, Murray Harbor north, Mr. Wade, Christian Minister, Montague, A. J. McNeill and G. A. Sellar. The meetings were very helpful and the reports of Sunday Schools encouraging. Papers by Mrs. D. A. Horton, Mrs. G. A. Sellar and Miss A. E. Horton were exceptionally good and merited much praise.

The exhibit of hens made by Geo. Lightner, Charlottetown, at the Summerside Poultry Show was exceptionally fine, being selected from the twenty which won the silver cup at the Charlottetown Winter Fair.

The first day of the Provincial Seed Fair at Summerside was ushered in with fine clear weather and a gentle breeze from the southwest. Good travelling by the ice and fair roads throughout the country brought many farmers and their wives in at an early hour with their exhibits. The trains from both east and west brought in a large number of people. The number of exhibits in grain seeds and in the Science Department exceed that of 1909 considerably. But in potatoes there is a falling off, 46 coups of poultry are on exhibition which is already drawing a large number of admirers. The success of the Fair is now fully assured.

The agricultural meeting of the Seed Fair opened in the Market Hall at 2 o'clock for Jos Taylor presiding. G. A. Sellar of the Hillsboro Consolidated School took as his subject Agricultural Education and from the beginning spoke in a clear decisive manner sure to bring forth good results. He pointed out most forcibly that the farmers of the future must be educated, and traced out the strides that Education had made in the world's history. He compared the condition of the early centuries and showed how the methods of the 13th to the 16th centuries would not do now.

A remark was pointed out as the country that had improved through its educational matters and that now agricultural colleges were to be found in nearly every state. He is opposed to agricultural study in the P. W. C. and public schools but thinks they should take up nature studies. He spoke of the consolidation of schools, but does it pay? Taking Hillsboro school as an example it certainly did. In conclusion he spoke of the situation on P.E.I. from which many teachers are leaving. Other provinces have many resources but P. E. I. should give greater attention to her one outstanding feature.

A fuller account of Mr LeCacheur's address will be given in The Guardian at a future date. A discussion followed, opened by Wilfred Boulier, Inspector of schools for Prince County. He spoke briefly commending the practical address given by the speaker that much that is attempted in the schools today could be replaced by something better. In his experience as an inspector the truth of the neglect along educational lines meted out to the boys who remained on the farm was most regrettable. There seems to be a lack of good training in the country life in the schools. He made a strong appeal to the farmers to train themselves and get in touch with the changed condition of life and by uniting their forces accomplish that which appeals most closely to their very being, and that the combination of the home life, Mike Deegan referred the two games to the entire satisfaction of everybody.

Passed away at the age of ten years, Albert, son of John and Mrs Fitzpatrick, Woodville Mills, and again it is forcibly brought to mind that death spares neither the young nor the old. A long line of sleds that followed the remains of the young lad to their last place in St George's cemetery speaks well of the esteem in which both boy and parents are held.

At the Police Court in this city yesterday the cases against Will Power and Ed. Hennessey was continued and adjourned until Saturday. Roy Gaudet's prohibition case was adjourned for one week. A case of this nature against George Oer was dismissed. Francis McAree, second offence was convicted and fined \$200 and costs or four months imprisonment.

The residence of Geo W. H. Stevenson, Fredericton, P. E. I., was the scene of a very happy gathering last Thursday when about ninety of the friends of Rev H. R. Bell, assembled to bid adieu to their pastor who leaves today for his native homeland Scotland. A most enjoyable time was spent and an address of appreciation accompanied by a purse was presented to the Reverend gentleman.

Benjamin McArthur passed away on Friday after an extended illness of asthma with complications. Deceased was sixty-six years old. He was a native of P. E. Island, but had spent the greater part of his life in this country. His funeral was held on Sunday. Rev Mr Lawson and Rev M. Addison each took part at the service. The remains were taken to Parkdale for interment. - St John Sun.

It is understood that on account of the growth of temperance sentiment in Nova Scotia, the Halifax Herald will, on the expiration of the present contracts, discard from its columns all liquor advertisements. The next link in the chain of events will be the overthrow by the prohibitionists of Nova Scotia of the licensed liquor traffic of Halifax which is a constant menace to the moral welfare of the whole province.

Special dairy meetings will be held as follows: New Dominion, Atford Hall, Monday, March 14th, Canoe Club Hall, Tuesday, March 15th; Kinkora, Wednesday, March 16th; Park Corner, Irishtown Hall, Thursday, March 17th. These meetings will be addressed by Harvey Mitchell, Maritime representative of the Dairy Division, Ottawa, and others. The object of the meetings is to illustrate these addresses and every person interested in dairying will be welcome. Meetings will open at 7.30 p. m.

On Feb. 26th 1910 there passed away at 471 Laurier Ave., Ottawa, Joseph Lynch, aged 27 years and 10 months. About three years ago Mr Lynch came from Prince Edward Island to take a position upon the staff of the Statistical Branch of the Customs and when during the few short years he earned the proud distinction of being a very efficient clerk. About four years ago he married and took up house keeping at the above mentioned place and next neighbor an Ottawa exchange correspondent, who says, "I was both being from the Maritime Provinces we naturally felt a kindred spirit for each other and they were a warm personal friendship sprang up between us; and I might say continued to grow stronger to the end; for to know "Joe" was but to love him he being possessed of a fine disposition, and warm loving heart. During his short stay in the Capital he made many friends, and this was very evident by the way scores rushed to his home when they heard of his severe illness to offer their sympathies and do all in their power to alleviate his sufferings but all to no avail for the grim reaper had come and on March 26th, 1910, David A. A. H. Hunter, third son of the late James Hunter, of Kilmabunnaig, Alberton, P. E. Island, formerly of Glasgow Scotland, aged 45 years.

Special to The Guardian. EDMONTON, March 10 - The Ruthford administration is near the close of its career but the Liberal party still holds sway in Alberta. Who the new leader will be is a difficult conjecture.

It is hardly likely that any of the insurgent faction will be acceptable to command support from the present government forces and the only solution seems to be the election of an outside man. Chief Justice Sifton is named but no one has any authority to believe that he would accept.

Special to The Guardian. CAMBRIDGE, March 10 - Halley's Comet can be seen with an ordinary field glass. The most favorable time is between 4.30 and 7.50 p. m. somewhere above where the sun sets.

Special to The Guardian. HAMILTON, March 10 - People who wondered how letters went astray have discovered that they have been posting letters in garbage receptacles painted the same color as the letter boxes.

Special to The Guardian. ONEMEE, Ont., March 10 - Arnold Toole, a prominent farmer, was found dead on the road near his farm house.

It is supposed he tried to break the road on a drifted highway. The horses were found dead a few rods away having perished from exhaustion and exposure.

Special to The Guardian. VANCOUVER, March 10 - After dodging another snowslide the coroner's jury in the Rogers' Pass slide returned to Revelstoke. The inquiry developed one pathetic feature. Foreman McDonald of Sydney, Cape Breton, was an exceptionally heavy and strong man and after being buried in the slide he retained enough consciousness to fight his way to the surface. He gained two feet and only two feet of snow remained between him and the open air when he suffocated.

There was not a bruise on his body. An avalanche descended at Field and engulfed a switch engine. The crew escaped although injured.

Eminent Toronto Physicians

Failed to Cure Rheumatism.

Miss Flora Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."

"After being an enthusiastic user of Nerviline for years, I feel it my duty to tell you personally what your wonderful preparation has done for me. I suffered torture from rheumatism and heart trouble, tried scores of so-called remedies, consulted for weeks and months with Toronto's most eminent physicians, but derived only slight benefit. "A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured. I am now perfectly well, and for three years have had no rheumatism at all. I know many families where no other medicine is kept - it is so useful in minor ailments like earache, toothache, neuralgia, coughs, colds, lumbago and sciatica. I call Nerviline my "Life Guard," and urge all to try it merit."

Statement of a Traveller

Is Sure Doid's Kidney Pills Cured His Diabetes.

Geo. H. Waterworth, of Rodney, feels like a Boy Again After Suffering From the Most Deadly of Kidney Diseases. RODNEY, Ont., March 11, (Special). - Mr. Geo. H. Waterworth, a well-known travelling salesman, whose home is in this place, makes an unqualified statement that he was cured of Diabetes by "Doid's Kidney Pills."

"Yes," Mr. Waterworth said when asked regarding his cure, "Doid's Kidney Pills cured me of Diabetes. I took thirty-seven boxes of pills but today I am restored to good health."

"I am also troubled with Rheumatism and Headache, my sleep was broken and unrefreshing and I was always tired and nervous. But Doid's Kidney Pills cured me and now I feel just like I did when I was a boy."

Doid's Kidney Pills cure Diabetes because it is a Kidney disease and there is no form of Kidney disease Doid's Kidney Pills will not cure. Mr. Waterworth's other ailments were caused by diseased Kidneys failing to strain impurities out of the blood. Doid's Kidney Pills cured him by curing the sick Kidneys.

Husband Catching By Fat Women.

Many a to plump lady is groaning in spirit, at this moment, as she lolls back with a lollipop between finger and thumb, at the thought of her matrimonial chances. She tells herself she never give up her lolling and dieting in game in for exercising and dieting in game. Not even for a husband. Yet one glance over her bulging breasts, tells her all hope is vain unless she reduce.

Now, such girls are simply behind the times, or they would not worry about their reducing. They would reduce - and do it without disturbing their appetite for candy or luxurious ease. All that is needed is a day, and rapidly to reduce the hips, chest, abdomen, etc. (where fat is most objectionable) is one pleasant, elegant Marmola Prescription Tablet, after meals and at bed time.

Get the fat off where it jellies most and see what that change will do to being attractive to the men. The tablets are not injurious in any way. Tablets made after the famous Marmola Prescription - viz.: 1/2 oz. Marmola, 1/2 oz. Fl. Exc. Casarea Aromatic, 1/2 oz. Peppermint Water; and they are not expensive, the Marmola Co., 1201 Farmer Bldg., Detroit, Mich., and all druggists asking only seventy-five cents for a large case.

LOOKED LIKE INTENDED SUICIDE.

The citizen who was brandishing a fence looking razor says it wasn't being used for a razor. There was a suicide but it was his wife's. He bought him Putnam's Corn Extract for an old razor - very wise, because Putnam's cures in 24 hours; try it.
