## THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown

The latest news, first of all. Miss Sophia Gallant of this City, left yesterday for Boston where she will reside.

There will be service at Glasgow Road, Sabbath evening, Sept. 4th, at 6.30 p. m.

P. M. Arsenault, St Chrysostown, was among those registered at the Queen yesterday.

Miss Katie McDonald of Brooklyn and Miss Annie McInnis of Martinvale, who have been visiting the former's sister and latter's aunt, Mrs. Hugh McLure, Bradalbane, returned home yesterday.

Mrs William Dillon, Gratton Street, left yesterday on a visit to Boston. She was accompanied by her little grand-daughter, Miss Bessie, who will remain in Boston with her parents, George and Mrs Dillon.

Miss Tena Enman, stenographer in the Department of Marine & Fisheries, Ottawa, daughter of J. D. Enman, Summerside, was a passenger on the western train yesterday afternoon to her home in Summerside after having spent several days in the city visiting with friends.

The Star Steam Laundry claim to do their work better than any laundry in the city and claim that a trial order is sufficient to prove their claim. They claim that every one of their customers is a satisfied one and desire you to be one too. See their ad in this issue.

Miss Constance Fitzgerald, formerly of this city, but now leading soprano in the St Paul's Church Choir, Montreal, is a headliner on the entertainment at the Opera House on Monday night. Miss Fitzgerald was one of the best church singers in the city and all lovers of music should not miss hearing her.

Miss Ella McDonald, City, leaves on Monday next for Vancouver, where she will join her brothers and make her future home. Miss McDonald who is a graduate of the C. B. C., is deservedly popular and will be missed by a large circle of friends who join in wishing her a pleasant and safe journey to her new home.

Investors who are looking for lands in the far west will find it to their advantage to look up the ad of Findlay & Howard, Ltd., Montreal, General Agents for the Canadian Pacific Railway colonization department, appearing elsewhere in this issue. The land in Sunny Alberta is famous for its rich soil and fertility and is an ideal location to build a home that will yearly advance in valuation. Thousands of broad acres of irrigated and non-irrigated lands are to be had at the lowest and easiest terms and with splendid guarantees. Free information will be also furnished and a valuable farm can be established in the famous valleys of Canada's Bow and Saskatchewan River by paying only a small investment down and the balance out of the crops produced as is told in the ad.

The Union Commercial College is now open for the term, and it is worthy of note that the number of applications received up to the present time far exceeds that of any previous year. Naturally the question occurs—why? Again naturally when worthy schools open, the attendance increases each year, and the U. C. C. has broken all records this term. The good work it has done since it started is what accounts for its success. Success based on being always up-to-date, eliminating everything that is old-time in business methods and having ever what is modern. One noticeable feature of the school especially to one who interests himself, without bias, is that there is no waste time; everybody works, and works with an object. The number of students holding positions obtained through the medium of this school testify stronger than anything else to the thorough training the students receive there. The school throws out no inducements to get students, beyond the excellency of the teaching and the completeness of the courses taught. The very best inducement, however, that could be offered, it keeps its word as regards prizes given to students, and it never makes a promise it does not fulfill. A strong point in the manner of teaching is that pupils get personal instruction. No one is neglected, every one gets the same attention. The success this school has met with in the past will, no doubt, follow it in the future.

We want you to have us in your mind's eye as Careful Druggists. To know that when you are sick you can send your prescriptions here with a feeling that they shall receive our undivided attention, that the best drugs procurable shall be used, that they will be filled correctly, and that the price shall be as low as possible. E. A. Foster, Central Druggists, Sunnyside.
