SPENDING MONEY ON VANCOUVER ISLAND.

VICTORIA, B. C., March 19—Over $1,250,000 will be spent by the Canadian Pacific Railway for construction work and improvements to the Vancouver Island road during the next few months. H. E. Beasley, superintendent of the island road, stated that the greater part of that sum would be devoted to the Alberni extension and the land clearing, the latter being that which is in progress in the Nanoose district, and on which the company propose settling a number of families who are to be brought from the Old Country by the Salvation Army under agreement. Both these projects would be rushed through with all possible celerity.

Another important work which has started already, is the replacing of the wooden trestle over Niagara Canyon with one of steel. A gang, Mr. Beasley said, was engaged in the preliminary operations and no time would be lost. He was of the opinion that everything would be ready for the installation of the steel structure by the first of May or the first of June. Nothing definite has as yet been done towards the removal of the present bridge at Arbutus Canyon. That, however, was being borne in mind and it was the intention of the company to place a steel trestle there at its earliest convenience.

Of the sum indicated $100,000 will be devoted to the maintainence and sundry improvements of the road between Victoria and Wellington. Several new sidings, rendered necessary through the rapidly increasing traffic, more especially the freight, will be installed at an early date.

REBELLION MEMORIES.

OAKWOOD, March 19—The demolition recently of an old sawmill about half a mile from the village of Little Britain has revived some interesting history. It was erected in the year 1837, the memorable year of Lyon MacKenzie's rebellion, and it is stated that Sam Lount made the mill irons that same year. Doubtless, as he fashioned them he had no thought that his life would soon be sacrificed and his leader in exile. The plank for the flume for the mill was brought from Uxbridge. The machinery for the old mill was very simple, and mostly of wood.

# Had Weak Kidneys For Two Years.

**Doctor Failed to Help. Doan's Kidney Pills Cured Him.**

Mr Edmund Assels, New Carlisle, Que., writes:—"I feel it my duty to let you know of the great cure I have obtained by using Doan's Kidney Pills. I was troubled with my kidneys for two years. I tried a doctor, but he failed to help me. I read in the B.B.B. Almanac about Doan's Kidney Pills, and began using them, and after the first box began to feel better. I only used four boxes and they completely cured me. I am very thankful to have found so speedy a cure, and would advise everyone suffering from kidney disease to try them."

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backache, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored, scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes

Price 50 cents per box, or 3 boxes for $1.25, at all dealers or The T. Milburn Co., Limited, Toronto.

In ordering specify "Doan's."

ELOPERS DEPORTED, MARRIED AT SARNIA.

PORT HURON, Mich., March 19—Local immigration officials yesterday deported Ethel Edwards and George Smith back to Canada. The officers learned that the the young couple were eloping from their homes in Hamilton, and that they were en route for Detroit, where they were to have been married. The father of the girl arrived in Port Huron a few hours after the couple reached the city, but the girl refused to accompany him home, stating that she was going to marry Smith or leave home. The father asked the immigration officials to deport them, and after their arrival in Sarnia the father gave his consent to the marriage and they were made happy within an hour.

CHATHAM, N. B., MERCHANT ARRANGES COMPROMISE.

# Skin Diseases.

**Under this name such troubles as Salt Rheum, Eczema, Erysipelas, Tetter, Shingles, Psoriasis, Scurf, Itching Rashes, Eruptions, Boils, Pimples, etc., are included. Skin diseases, as a rule, are not dangerous, but are unsightly, irritating and often terribly annoying to the sufferer; they depend mainly on bad blood, from one cause or another, for if the blood is pure and the circulation good no skin disease can exist, except it arise from lack of proper cleanliness or from contagion.**

**To get rid of skin diseases it is necessary to observe strictly all the laws of health; maintain regular action of the bowels; avoid high living, eating only plain nourishing food. Cleanse and keep the blood pure by taking Burdock Blood Bitters, which unlocks all the secretions, and makes new rich blood by acting on the entire system.**

Had Salt Rheum Six Years.

**Mrs. E. M. Myers, East Jeddore, N.S., writes:—"I don't think there is anyone in this Dominion can recommend Burdock Blood Bitters more than I can. I suffered terribly with Salt Rheum for six years, and did everything for it without relief. For curiosity sake I bought six bottles of Burdock Blood Bitters, and it completely cured me. I would advise others to use it."**

**For sale by all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.**

ORANGE LODGE IN N. B.

MONCTON, N. B., March 19—At yesterday's session of the Grand Lodge the question of appointing a provincial organizer was left in the hands of the executive of the Grand Lodge to put the organizer in such fields as they saw fit.

One hundred dollars was voted towards Loyal True Blue's Orphanage at Pictou, Ontario and St. John Protestant Orphans Home.

A committee was appointed to draft a letter of condolence to be sent to the widow of the late Grand Master MacRae. The question of erecting a monument in memory of Grand Master MacRae was placed before the Grand Lodge, and after listening to eulogistic speeches from many, $300 was voted and placed in the hands of a committee consisting of J. King Kelley, C. B. Ward, G.E. Day, D. McArthur, and E. Corbett. The statement was made by delegates from St. John that this amount would be largely supplemented by sums from St. John Lodges and friends and that the monument would no doubt be erected that would be a credit to the order in the province.

ACCIDENTALLY KILLED BY COMPANION.

TORONTO, March 19—W. Morris, a young real estate agent, well known in Toronto, was accidentally shot and killed by a companion while driving near Edmonton.

LADY LAURIER'S.

SPOKANE, Wash., March 19.—"I fully agree with Lady Laurier, wife of the Premier of Canada, that 'American girls possessing proper pride should not want to marry scions of worn out tottering monarchies."

Mrs. May Arkwright Hutton of Spokane, president of the Equal Political League of Washington and wife of Levi W. Hutton, a millionaire mining man, says this in a signed statement in The Spokesman-Review. She adds:

"American girls who marry foreign titles are usually those whose ancestors came from the so-called common people of Europe, who have felt the iron heel of oppression. This class emigrating to America and amassing the where-with to purchase such luxuries (?) as foreign titles, perhaps possess an innate desire to rule where they once served. This is the most charitable construction that self-respecting women can put upon the folly of 'buying titles,' as Lady Laurier puts it—'like buying a piece of goods in open market.' Too much good American cash has already gone into the coffers of profligate nobility.

"I agree with Lady Laurier that the English suffragette movement is not womanly, and I earnestly hope that such militant tactics will never gain ascendency over sane methods in America. Such measures are an insult to American manhood. American women will be given the franchise by a class of voters who realize that it is to their interest to do so.

"The honorable lady says that it is unheard of for a woman to compete with masculine superiority. She doubtless reasons according to her lights. Being of English extraction I can readily understand her deductions. The Church of England has been for centuries woman's mentor, teaching man's superiority and woman's subjection to his will. I also possessed a Holland-Dutch grandmother. I thank God daily for the heritage of common sense and energy bequeathed me from that source. I was enabled to steer my ship from the reefs and shoals of prejudice and superstition.

"Lady Laurier informs us that she is not a mother, but is a good wife, devoted to her husband as God ordained and predestined her to be. She feels that she is competent to speak as she does on woman's suffrage. The lady further states that there are only a few suffragettes in Canada, and those she saw in parade once were "ugly frights." Fie, fie, lady, to thus herald abroad your nation's misfortune. The term 'ugly frights' can not possibly apply to the younger set of American women in the suffrage ranks, who are skilled in the art of enhancing their natural beauty with the adornment of fine raiment. English women should learn valuable lessons from their American sisters as to the manner of wearing their clothes."

# Here's a Flour, Madam, That's Labor Saving

The question is:

*"How can I dodge the command to "earn my bread at the sweat of my brow"?*

How to make *perfect* bread without tiring yourself out in the "dough punching", eliminating hard labor.

Yes, Mistress Housewife, you guessed right—

By using that FIVE ROSES flour.

Not only because of its *fine granulation*, you know.

Which, of course, makes your dough go together so *quickly* and *easily*, becoming lively and elastic.

But also on account of its *uniform granulation*, making your sponge rise *evenly* and *smoothly*, uniform and responsive.

Other reasons galore, Madam, contribute to make FIVE ROSES the *easiest worked* and *most versatile* flour to use.

Requiring the *least kneading* in your bowl or mixer. In fact, you should never "overwork" your dough.

* * * *

That's where FIVE ROSES scores heaviest.

Being a *fourfold saver*—of time, work, worry, money.

Making child's play of bakeday.

* * * *

And then the joy of creating such bread, Mistress Housewife. Which is the pride of the best cooks.

For FIVE ROSES while *saving muscle* in the sponge *builds muscle* in the loaf.

And the family keeps on eating—always ready for another slice.

Filling up on FIVE ROSES breadstuffs, leaving the expensive stuff alone.

And the family well balasted with the *brain-building, brawn-building, bone-building* elements in FIVE ROSES is bound to sail on an even keel.

* * * *

Save yourself worry, Madam, and work and waste.

Learn "the tricks of the trade"—feel the wonderful, smooth, soft texture, the consistency of a FIVE ROSES dough.

And use FIVE ROSES SOON.
