### AN INTERESTING CASE.

Ms. W. G. Phyll, proprietor, Bodoga Hotel, 36 Wellington Street East, Toronto, says: "While living in Chicago I was in a terrible shape with itching and bleeding piles. I tried several of the best physicians and was burnt and tortured in various ways by their treatments to no avail, besides spending a mint of money to no purpose. Since coming to Toronto I learned of Dr. A. W. Chase's Ointment, I used but one box and have not been troubled with piles in any shape or form since."

THE S. S. City of Ghent arrived here yesterday evening from Halifax, with a fair freight. She left again during the night, taking away 150 cases of lobster, shipped by D. Rogers & Son; 1700 bags of potatoes, 4 1/2 tons of hay, and a quantity of sundries.

GRAND RIVER BRIDGE is still unfinished, and dangerous. Work was suspended on this bridge early in May, leaving a narrow roadway supposed to be passable, but really such as to be altogether unsafe. People from the west are complaining loudly of this negligence which at least needs explanation.

SUMMER weather has at last got fairly under way, and now the dissatisfied citizen is complaining of the heat. Last week he was shivering with the cold and under constant dread of pneumonia, now he is sweltering in the pleasant June sunshine and threatened with sun stroke. Some people cannot be satisfied even in Prince Edward Island.

A gentleman who drove yesterday from Summerside to Elliot Station and returned, informs THE GUARDIAN that, during the drive, he was several times obliged to leave the road and pick his way by the fences, to avoid impassible crossings, and that in many places a horse is in danger of breaking his legs on account of the neglected condition of culverts, etc. This is certainly disgraceful, and overseers whose duty it is to look after the roads, should take immediate action in the matter.

The paragraph in this column yesterday morning, headed "A Presbyterian Pastor's remarks," should have read "A Presbyterian Pastor's immersion." Let the error which occurred in transmission by telephone—although a simple one, might lead GUARDIAN readers to think either that the reverend gentlemen made "remarks" while in the unpleasant situation referred to, or was the author of the remarks as published, THE GUARDIAN correspondent hastens to make this correction, with an apology for any doubts that may have been caused by the unfortunate error.

Do your eyes trouble you? Come to us, we will give you comfort if glasses can do it. # SIGNS OF SPRING, One Swallow Does not Make a Summer.

### A Never-Failing Accompaniment to the Beginning of Warm Weather

—Listlessness and Skin Eruptions—Dodd's Kidney Pills the only Sensible Spring Medicine.

St. John, N. B. June 2.—We have been enquiring here lately as to the precise point where winter ceases and spring begins. Some hold that the return of the first robin means that winter is over. But as the first robin often has a very cold time of it, this is disputed.

By far the surest sign of spring is the listless feeling that comes over us, often accompanied by skin eruptions of various kinds. This is an unmistakable proof that nature recognizes winter is over. The body is now striving to throw off those heating properties that kept it warm during the cold weather, but which are now unnecessary.  
For the blood by a most wise provision of nature adjusts itself to the seasons. When it is cold it absorbs more fat from the food, for fat makes heat. When the weather is warm, as in summer, it ceases to make fat into itself as the body is kept at its normal temperature without it.  
But in spring the blood still contains some of its water fuel. This should now be extracted by the kidneys. In not, it tries to break through the skin in boils, pimples, etc. This latter often happens as the kidneys are seldom in proper order after their hard winter's work.  
Dodd's Kidney Pills, by acting on the kidneys, whose duty it is to filter from the blood all impurities and unnecessary elements are exactly what is wanted as a spring medicine. In fact, Dodd's Kidney Pills form the only common sense way to go about cooling the blood.  
Dodd's Kidney Pills are for sale at all druggists, at fifty cents a box, six boxes \$2.50, or sent on receipt of price, by The Dodd's Medicine Co., Limited, Toronto, Ont.

"I am afraid," said Mand thoughtfully, "that Willis Wibbles will never come here again."  
"Did he go away in a pet?" asked Mamma.  
"Well, some of him did. Just before he started my dear little Dashedard bit a piece out of him."

### NATURE'S DIMPLES

Disappear, and Beauty Fades Under the Shadow of Tormenting Skin Troubles, But Dr. Angew's Ointment is a Quick and Safe Healer.

### LEFT HIM TO DIE.

Bright's Disease Pronounced Past Hope by Physicians—South American Kidney Cure is the Life Saver.

A traveller for a well-known western, manufacturing firm was so hale and hearty that the possibility of his contracting kidney trouble was farthest from his mind but through constant exposure Bright's Disease had most insidiously insinuated, laid hold on him. He detected for months—physicians gave him but a short time to live. A friend who had derived great benefit from South American Kidney Cure recommended it to him. When he had taken seven bottles all signs of the disease had left him, and to-day he is as well as ever.

Sold by S. W. Dodd and G. E. Hughes.

"I am afraid," said Mand thoughtfully, "that Willis Wibbles will never come here again."  
"Did he go away in a pet?" asked Mamma.  
"Well, some of him did. Just before he started my dear little Dashedard bit a piece out of him."

The women who succeed are those who go to their work with a determination born of courage and positive conviction and whose energies are absolutely tireless.  
It is true they are often not so well paid for the same work as men, but it is one of the mistakes of the day that will soon be rectified. We are growing wiser, and one of the things that are most important for every one to know is that there is no sex in brains.  
Those who fail are usually those who expect too much and presume on account of their being women.
