TEST SITE FOR OIL WELL — Engineers are probing the bottom of Hillsboro Bay, a mile west of Governor's Island to determine the suitability of the place as a site of a possible oil well. Work began Saturday under the direction of Robert Griesbach, engineer with the Foundation Company of Canada, Montreal. The men are using a core drill mounted on a large motor truck. They are working on the ice covered bay in an effort to determine whether the bottom is suitable to erect a breastwork using piles or whether a cribwork would be more satisfactory. There is still no information available here as to whether actual drilling operations will be undertaken and if so when. But it was recalled that last fall both Hugh McKay, who holds the oil rights of the province and members of the seismograph survey crew were rather optimistic. Mr. McKay indicated it was considered likely drilling for oil would be undertaken this year.

A portion of the ice in Hillsboro Bay moved out into the Strait unexpectedly Sunday night carrying with it drilling equipment used in exploring the bottom of the Bay in a move to determine what type of foundation would be suitable should drilling for oil be undertaken there, it was learned yesterday. When workmen, directed by Mr. Robert Griesbach, engineer for the Foundation Company of Canada, from Montreal, arrived at the site of the work yesterday morning they found open water separating them from their equipment. The tide had turned by that time, however, and was bringing the ice in again. It was only a short time until they were able to reach the drilling tools over a narrow tongue of ice.

All the equipment was saved but further drilling was abandoned.

Enough information was secured, it was thought, to serve the purpose of the survey.

Work began Saturday. It was planned to sink four holes 20 feet into the rock. When the work was discontinued for the night Sunday three holes had been completed.

Equipment on the ice included a 1,600-pound drill, driven by a gasoline engine, together with pumps and other tools, the whole weighing approximately one ton.

The site of the work was about a mile and a half southwest of Governor's Island.

Working with Mr. Griesbach was Mr. Eldon Hicks of the Inspiration Mining and Development Company of Amos, Quebec. It was equipment from that organization which was being used. Mr. Roy MacDonald, Charlottetown man, was assisting

A most pleasant evening was spent at the home of Mr and Mrs. Gordon Cousins on Friday evening sponsored by some of the members of Baltic W. I. The evening was spent in playing progressive auction with six tables. Prizes were awarded to those deserving them a bountiful lunch was served by the ladies in charge and a flow of lively conversation which all enjoyed, added to this pleasant evening. A fitting sum was realized which will be devoted to Red Cross purposes. Mrs. Ellsworth Bernard, Margate was a recent visitor to Baltic the guest of Mr. and Mrs. Johnson Bernard.

On December 20, 1942, a very pretty wedding was solemnized at the Blessed Sacrament Church, Jamaica Plains, Mass., by the Rev. Father Learey, united in the holy bonds of matrimony Aileen Frances Mahar, Jamaica Plains and Thomas Hirus of Roxbury, employed by the Boston and Maine railroad.

The bride was attended by her sister Miss Bertha and the groom was supported by Mr. Harold Boyle, Jamaica Plains. After the ceremony a wedding reception was held at the home of her aunt Mrs. D. F. Hughes, 9 Forbes St., Jamaica Plains. The number of presents received by the happy young couple testified to their popularity. After a honeymoon through the New England States they returned to their new home on West Cottage St., Roxbury, where they now reside.

SAD BEREAVEMENT — His Worship Mayor B. Roy Holman received the sad news yesterday that Mrs. Howard, wife of the Hon. Senator Charles B. Howard, Sherbrooke, Quebec, had passed away after a brief illness. The late Mrs. Howard was a charming woman with a beautiful personality and had many friends throughout the dominion. At Ottawa where she spent the winters with her husband she made many friends who will all join in mourning her early death. Besides her husband Senator Howard, two sons, Benjamin C. (married to the former Miss Dorothy Holman, daughter of Mayor Holman) and Lieut. Douglas of the Royal Canadian Navy are left to mourn. Mrs. Howard was well known in Charlottetown where she visited several times with her husband.

An explosion shattered windows in several houses on the Mount Edward Road, about a mile from Charlottetown last night. No one was injured but in two houses plaster was broken in addition to damage done to windows.

The explosion occurred at about 11.25 p.m. About an hour later and after considerable search a hole ten feet across and three to four feet deep was located in the ground only slightly more than 100 yards from the residences of Mr. Gordon Warren and Mr. Preston Beck, on the Mount Edward Road. Later what was taken to be two unexploded bombs were also located not far away.

The Royal Air Force and the Royal Canadian Mounted Police were informed and investigated. A guard was left on the apparently unexploded bomb. Residents nearby were told that they need not vacate their houses, however.

Royal Air Force officials made no statement.

The explosion shook buildings in Charlottetown and many citizens were inquiring as to the cause.

Planes were heard circling around at the time and although air force officials made no statement it was believed two machines landed at the airport here and that a third which was in the group did not land although it circled for a time. It was believed the bombs were dropped from the third machine which seemed to be in difficulties. The planes were understood to be from a base in Nova Scotia.

Members of the Royal Canadian Mounted Police had not returned from investigating and the office had no statement to make.

It was learned yesterday that Mrs. Clayton Henry George, whose husband Capt. George of the Royal Army Medical Corps was awarded the Military Cross recently is residing at her old home at Georgetown, P.E.I.

Last week a cable from London announcing the award listed Capt. George as a native of Princetown, P.E.I., but residents in that district did not know of anyone by that name.

Mrs. George was the former Miss Elsie O. Knight and she, with her young son, has been residing with her parents, Mr. and Mrs. Seymour Knight at Georgetown since 1939.

Capt. George, who is acting Major, is a native of Ingersoll, Ontario. He has served with the Imperial Medical Corps for the last eight years. He was through Dunkerque and later was transferred to the middle east.

His citation said "so much confidence did he inspire while evacuating casualties that it was a byword 'all will be well as George is in charge.' He was responsible for saving the life and suffering of many hundreds of wounded."
