TWILIGHT RECITAL — The Twilight Recital in St. James Church, Saturday, was a most enjoyable one, and was very largely attended. Mr. F. T. Watkis gave a number of selections on the pipe organ, of which he is a master; Miss Constance Whear, who has a very sweet and well-trained voice gave two solos, which were greatly appreciated. Music lovers throughout the city are very grateful for the re-opening of these weekly musical treats, which are free to the public although a voluntary silver collection is taken at each in aid of the Protestant Orphanage. Next Saturday's Recital will be held in Zion Church and another select program is being prepared.

ST. PETER'S CATHEDRAL.—The Rev. Elwin M. Malone, who recently arrived from Barbados, West Indies, officiated in St. Peter's Cathedral yesterday, being his first Sunday as priest-in-charge, and made a splendid impression. The Reverend gentleman possesses a rich and clear voice and at the 11 o'clock Eucharist rendered the celebrant's part of the service with much impressiveness. His sermon from the words: "I am the bread of life," was one that will long be remembered, being an earnest appeal and at the same time a masterpiece of eloquence. At the evening service Mr. Malone delivered another eloquent and impressive sermon from the words: "Remember now thy Creator in the days of thy youth." On Wednesday evening at 8.30 there will be a social gathering of members and friends of the congregation in the schoolroom.

Sage and Sulphur Darkens Gray Hair

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness

Almost every one knows that Sage Tea and Sulphur, properly compounded brings back the natural color and lustre to the hair, when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Suphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

U. S. Makes Peace With Austria

WASHINGTON, Nov. 19.—Peace between the United States and Austria was declared formally in a proclamation signed today by President Harding.

Freetown Meeting

(Continued From Page 1)

voices were raised in protest against this conduct.

Mr. Jas. Pendergast: This kind of conduct is un-British and un Canadian. It is not fair play!

The Chairman: Keep order. Take your medicine like men, even if you don't like it.

Mr. A. E. McLean: Speakers in this campaign have always been given a splendid hearing and I think it is only fair tonight to do the same.

Mr. Strong continued his remarks without further interruption from those in the hall, though a number of the more exuberant spirits retreated to the darkness of the porch way and continued to boo and moo at intervals throughout the evening. The Chairman, Mr. Deacon, by a sudden move through a back entrance in the hall collared one of these smart Alecks and gave him to understand that all the trouble he was looking for was liable to come his way pretty quick. Mr. Deacon is a big man with a prominent chin. The noise ceased.

Mr. Strong, ridiculing the statement of the Progressives that they would apply the free trade "dope" gradually to the country, asked his hearers whether they would not rather take the medicine all at once or in installments.

Voices: We won't take it at all.

Mr. Strong: Well, if you don't went to take the medicine, vote for the Conservatives and you won't have to. (Laughter and applause.)

Mr. Strong ably handled the arguments of the government's opponents regarding other phases of the tariff. He wished to ask Mr. Wright whether he believed the United States arrived at her proud position in the financial world by reason of her free trade policy?

(Mr. Wright, replying later, claimed this to be the reason—free trade between the different States of the Union. "She can grow almost all the articles she requires to feed her population, and free interchange of trade made her prosperous," he argued.)

Mr. Strong, continuing, took up Mr. McLean's argument that the Liberal tariff policy was practically the same as the policy of the Progressive's, (which is Free Trade.) "Mr. McLean says its the same. Sir Lomer Gouin, on the other hand, says: "Let our tariff be the Laurier tariff." **Which is the Liberal policy?** Mr. McLean cannot stand on Free Trade and on the tariff of Laurier at the same time. **That** is our tariff. Where does he stand?

Mr. Wright at the conclusion of this address, had remarked that another gentleman would follow him in the interests of the Progressive candidature. Mr. Walter Jenkins, of Bedeque in this capacity, excused himself in a few words and "passed" to the next speaker, Mr. Major Townsend, of Sherbrooke, who spoke on the public debt and reviewed past history of the tariff in support of Mr. McLean.

The meeting adjourned with a vote of thanks to the Chairman.

BLACK BEAUTY
A VITAGRAPH SUPER-FEATURE

A steeple chase with all its accompanying thrills furnishes one of the big moments in Vitagraph's special production, "Black Beauty," in which Jean Paige has the leading feminine role. To Anna Sewell's famous classic an inside story has been added by Lillian and George Randolph Chester, which in no way conflicts with the narrative read and liked by millions in three generations.

GRATIFYING SCHOOL

LONDON, Nov. 19.— Details of yesterday's disturbance in the native quarter of Bombay while the Prince of Wales was going through the European section of the city, were not available here at a late hour yesterday. But is is known that the Secret Service in India had taken the most elaborate precautions to guard the Prince from danger in view of the recent anti-Government agitation there.

The police machine in India is said to be so perfect that it would be almost impossible for the non-cooperationists to have planned a demonstration for today without the authorities being aware of it and throwing strong cordons about the native quarter to restrain the agitators and prevent them from getting near the Prince.

BOMBAY, India, Nov. 19.—Coincident with a procession escorting the Prince of Wales through the City of Bombay yesterday, serious disturbances occurred in the native quarter, attributed by the authorities to agitation by followers of Mahatma Gandhi, the Hindu "non-operationist" leader, resulting in a number of casualties.

The procession itself, however, was not marred by any untoward incident.
