CHASE & SANBORN'S SEAL BRAND COFFEE

A Few Shares in R.T. Holman Ltd. For Sale Now

D. J. Bonnell, Sydney, N. S., offers for sale 150 shares in R. T. HOLMAN LIMITED.

This is a rare opportunity to secure shares in what SYSTEM Magazine of Chicago termed "The largest small town store on the whole American Continent."

The business of R. T. HOLMAN, LTD., has grown, developed and expanded to undreamed of proportions, and with each successive year, is becoming more strongly established as a national institution.

This firm has been in existence sixty-eight years, and in all that time has the unique distinction of meeting its obligations and discharging its liabilities to the last letter.

The stock in this firm is closely held and highly prized. The history of its past is that of fair dealing with customers and stock-holders. Its future is interminably associated with the progress and prosperity of Canada.

For terms and further particulars, apply to McLeod & Bentley, Solicitors, Charlottetown.

MALPEQUE

Rev. A. N. Gillis spoke to representative audience on Sunday, Jan. 25th. His addresses were appropriate and impressive and in his application he appealed very strongly to the earnest and thoughtful consideration of his hearers. The morning text was "whereof seeing we are compassed about with so great a cloud of witnesses let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience this race that is set before us. Looking unto Jesus." From these words Mr. Gillis showed the worthy heritage the church has in her numerous saints and martyrs whose spirits ever encompass the Church. In the early days there are Paul and Peter of whom it may truly be said "They loved the Church and gave themselves for it." In our own days there are the missionaries who "left all and followed Him" a good example of whom is McKay of Formosa, whose fearless enthusiasm for the Gospel must ever impel the church to new endeavor. Mr. Gillis then referred to the many gracious lives who in the past were zealous workers in Malpeque Church. They are not with us now in person, but if we believe our gospel, we trust that these spirits made perfect in glory, form part of that church of witnesses that encompass our church. An earnest appeal was then made for more devotion to the cause of the church. If the faithful work done by our fathers was to count for anything in this day then it was urged, we must take that heritage and by our own devotion and sacrifice brighten the lustre of its glory.

The marriage of Miss Lucy Fern Sellars, daughter of Mr. and Mrs. Robert Sellars of Wheatley River and Mr. Harry Crozier son of Mr. Simpson Crozier, Darnley, was solemnized at the home of the bride Wednesday evening, January 14th. The ceremony was performed by the Rev. Mr. Aitken in the presence of a large company of invited relatives and friends. The bride was becomingly attired in a costume of white crepe de chene with veil and orange blossoms. The number and quality of the gifts were real evidence of the esteem in which the contracting parties are held. The brothers and sisters of the groom, Mr. and Mrs. Hartwell Crozier and Miss Millicent MacNutt all of Darnley were in attendance at the marriage. The newly married

couple remained at the bride's home till the following Tuesday and on that evening on their return to Darnley they were given a reception by a number of their friends. Mr. and Mrs. Crozier have the hearty good wishes of very many friends.

Mr. Frank Campbell of Grand River, has taken the position of Principal of Darnley School.

Mr. Fulton Thomson, son of the late Mr. George F. Thompson of Darnley and who has been a resident of High River, Alberta, for a number of years, is at present visiting his relatives and friends in this vicinity. Since he settled in Western Canada his success as a farmer has been very marked, and during the year just closed his yield of wheat amounted to thirteen thousand bushels. It is now eighteen years since he visited his old home. He is married to Miss MacMillan of Brackley Point. He is undoubtedly classed as a successful Islander abroad, his many friends here wish him continued happiness and prosperity. M.

Canadians In London

THE OFFICE OF THE HIGH COMMISSIONER FOR CANADA IN LONDON WEEK BY WEEK

15th January, 1925. During the week ending 14th January 216 visitors called at the office of whom 113 obtained interviews and 21 registered. The Central Association for Mental Welfare has requested the High Commissioner's office to bring to the attention of Canadian teachers who may be in London this summer, a Special Three Months Course which they are organizing for Teachers of Mental Defective and of Dull and Backward Children, to be held in London from May 7th to July 25th, 1925.

The High Commissioner for Canada is informed by the National Sheep Breeders' Association of Great Britain that the 24th International Conference of Sheep Breeders will be held in the Council Chamber, Town Hall, Chester, on Monday July 6th, 1925 in the afternoon of the day preceding the opening of the Royal Agricultural Society's Show in that city and that any visitors from the Dominion who may be interested in the pastoral industry will be heartily welcomed. The Governing Body of Emman-

ual College, Cambridge, again offers to a Research Student, not less than 21 years of age, and who has already graduated at another University, studentship of the annual value of £150, which will be tenable for two years and renewable, but only in exceptional circumstances, for a third year. Residence commences at the University in October, 1925 and applications should be sent to the Master of Emmanuel (The Master's Lodge, Emmanuel College, Cambridge, England) not later than July 31st. Candidates from the Dominions are eligible and the award will be made on evidence submitted, which should include (1) two certificates of good character (2) a statement, as precise as possible, of the proposed course of research, (3) a brief account of the candidate's career up to the date of application, and (4) evidence of the general ability and of special fitness for the proposed course.

During the week ended January 7th three shipments of Canadian store cattle, numbering 1,187 in all arrived in the United Kingdom.

COST OF PRODUCING HAY (Experimental Farms Note.)

The cost of producing hay depends upon many factors including such variable ones as soil and climate. The most important are the cost of horse and manual labour and the yield that can be obtained per acre.

The Charlottetown Experimental Station has kept records of all operations on five different rotations for many years. These records were kept for 9 years on a three year rotation and for 13 years on the other four types of rotations. The data from the 129 different crops of hay have been worked out with the following fixed charges and labour costs which are believed to be about average for Prince Edward Island for the season 1924: rent \$3 and use of Machinery \$7.77; manure was valued at \$1. per ton and the cost was spread over the different crops of the rotation in proportion as the crops were benefited by the manure. Manual labour was charged at 27 1/2 cents per hour and horse labour at 10 cents per hour for each horse. The seed was valued at the 1924 prices and the cost divided between the several years in the rotations.

The average cost of the hay per acre from the three-year rotation with potatoes, wheat and clover was \$15.43, the yield averaged 2 tons 106 pounds and cost \$7.33 per ton. The four-year rotation—potatoes, wheat, clover and timothy—having two years in hay, lowered the cost of producing the hay as follows: average yield of clover 2 tons 1875 pounds per acre, cost \$13.30 cost per ton \$4.53; timothy 2 tons 1563 pounds per acre cost \$11.04, cost per ton \$3.97. The average for the two years hay was 2 tons 1719 pounds at a cost of \$12.15 per acre and \$4.25 per ton. The five year rotation: barley, mangels, oats, clover and timothy also had two years in hay. The average yield of clover was 2 tons 1251 pounds per acre cost \$14.47 cost per ton \$5.51. The average yield of timothy was 2 tons 552 pounds per acre, cost \$12.37, cost per ton \$5.39. The average for the two years hay was 2 tons 902 pounds, cost \$13.37 per acre and \$5.45 per ton.

A five year rotation planned for destroying perennial weeds with potatoes, wheat, clover, oats and clover was the most expensive. The yield of clover following the wheat was 2 tons 850 pounds, cost per acre \$16.07, cost per ton \$6.63. The average yield of clover after oats was 1 ton 942 pounds, cost per acre \$11.17, cost per ton \$7.59. The average of both years was 1 ton 1816 pounds, cost per acre \$13.42, cost per ton \$7.03. The seven year rotation with oats, turnips, wheat, clover, timothy, timothy and timothy gave the lowest cost of any. The average yield per acre of the clover was 2 tons 1525 pounds, cost \$12.87, cost per ton \$4.66. The average yield of the 37 crops of timothy was 3 tons 432 pounds cost per acre \$12.22, cost per ton \$3.80. The average yield for clover and timothy was 3 tons 147 pounds per acre cost \$12.42, cost per ton \$4.04. The average of the 129 plots recorded was 2 tons 1277 pounds, the cost per acre \$10.87 and the average cost per ton \$4.12.

It will be seen from the above statements that the cost of hay depends very largely upon the yield per acre that can be obtained. It pays to seed clover with every grain crop and to make every seedling of clover vigorous using six pounds or more of red-clover and two pounds of alsike.

—ROBIN HOOD FLOUR, Wholesale and Retail, Holman's, Summerside, 751-1-64.

—WATER—During the year 1924 forty-five million, two hundred and fifty-five thousand and seven hundred gallons of water (45,255,700) was used by the Summerside house holder. This gives an average consumption of one hundred and twenty three thousand and nine hundred and eighty eight (123,988) gallons per day.

—WEDDING JUBILEE.—Mr. and Mrs. Arthur Murphy, Hanover Street, Summerside are receiving the congratulations of their friends upon the arrival of their fiftieth anniversary which was celebrated yesterday morning when the happy couple were the guests of Rev. John J. MacDonald, Pastor of St. Pauls. Mr. and Mrs. Murphy previous to coming to Summerside were for many years residents of Kinross, while there Mr. Murphy was a trustee of the Catholic Church.

—ACADIAN SOCIETY—The socials of the Acadian Society held weekly in St. Pauls Hall are proving to be highly entertaining and are being attended by exceptionally large crowds. Last Friday evening there was a splendid gathering and everyone enjoyed themselves to the full, a spirit of old time friendliness and pure fun prevailing throughout the entire evening. The whist prizes were won by Mrs. Daniel Gallant and Mr. Rennie Gallant. After the whist dancing was indulged in with everyone on the floor, excellent violin music being furnished by Messrs John Richards and Fred Sonier accompanied by Mr. Ernest Gaudet on the organ.

PERSONALS

—Mrs. Henry Gaudet arrived in Summerside Friday night from Boston.

—Mr. J. P. Crockett, Manager of Holmans, Charlottetown branch was in Summerside yesterday on a business trip.

—Mr. M. Power, Mount Ryan was among the visitors to Summerside yesterday.

—Mr. Edward Arsenault has returned to Summerside from a month's trip to New York and other cities.

Eastern Guardian

"SHOP from Holman's Catalog."

—EASTERN AGENT.—Mr. J. W. MacDuck is now Guardian Agent in Montague and will be pleased to receive news items, advertising, Job Printing, new and renewal subscriptions.

—WELL KNOWN RESIDENT.—At Bear River Line Road on Wednesday, Jan. 28th Ronald McIsaac after a short illness of pneumonia leaving a wife and one young daughter. The burial took place to the Parish Church, Friday at Rollo Bay.—R. I. P.

—WEDDING BELLS.—Wednesday afternoon, Jan. 21st, 1925, in the presence of immediate friends only, Margaret E. Macdonald and Richard E. Jansen, were married at the parish house of St. Francis de Sales Church, Oakland, California by Father Platley. The bride was prettily costumed in a dress of Beque color canton crepe with hat to match. They then motored to Los Angeles where they will remain for a week and will then take their residence in Oakland, Cal., where the bride has an apartment house and the groom is district manager of the California Association Insurance Co. of California. Their many friends wish them many years of happy wedded life. Mrs. Jansen visited her old home two years ago, the guest of her brothers Hugh A. and Joseph Macdonald of Souris Line Road.

"Eczema All Over Arms Suffered for 12 Years"

Mrs. Murray Hough, Warton, Ont., writes:

"I had eczema for twelve years. Every once in a while it would break out and spread all over my arms. I tried all kinds of treatments to relieve it, but without success. One Spring it broke out and nothing gave me relief, even the salve I got from the doctor did no good. At last I tried Dr. Chase's Ointment and it healed the eczema in a short time. That is over a year ago, and I have had no return of the trouble."

Dr. Chase's Ointment
