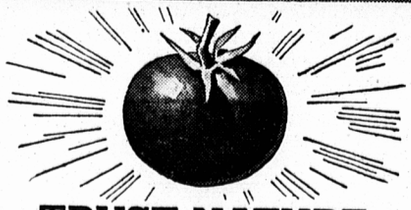
BABY'S FOOD DOUBLY IMPORTANT *Now!*

● Baby's first summer calls for careful supervision of his diet. In Heinz Strained Foods you'll find the answer to his food needs—Vegetables, Soup, Cereal, Fruit—prepared and strained "just as the doctor ordered." Every tin carries the Seal of Acceptance of the American Medical Association's Council on Foods. Heinz has every wanted variety. At your dealer's.

HEINZ STRAINED FOOD 57

11 KINDS



TRUST NATURE EVERY TIME!

● Because Heinz trusts Nature, you can trust Heinz. You'll love Heinz Tomato Juice because it is the pure juice of the finest vine-ripened tomatoes Nature can produce. Picked, pressed and packed all in a day. Zestful, rich-red, Heinz Tomato Juice is unaltered save for a pinch of salt. Get in a supply now.

HEINZ TOMATO JUICE

Heinz

"ALMOST AS GOOD" isn't good enough when the family wants soup. There's no substitute for the palate-tempting goodness of soup patiently cooked in open kettles. That's the kind Heinz makes—home-style soups —not condensed but ready to use—to help you to "escape kitchen heat." 17 kinds Your dealer has them.

Eastern Gleanings

Planting is about completed. Farmers are looking forward to a bountiful crop of tubers should there be no miss, and once over ground there should be no early or late blight.

Hay is now an assured crop, there being a good catch of clover. With favourable weather in the making, the outlook for the coming winter's fodder is excellent.

A visit by the R.C.M.P. was recently made to North Lake Harbor in the interest of law and order.

His friends are sorry to hear of the serious illness of Harry Macdonald, Bothwell. Mr. Macdonald has entered the Prince Edward Island Hospital for treatment. His many friends wish him a speedy recovery.

Mrs. Albert Whalen, Red Point, accompanied by Mrs. Edward LaPierre, Black Pond, were in Souris Monday evening.

Colin Dixon, East Baltic, has accepted an agency for the Frost and Wood Co.

The Robertson brothers are landing large quantities of cod at Basin Head. Their father, the late John J. Robertson, was a "cracker-jack" fisherman for many years, amassing considerable wealth from the products of the ocean, although in his day prices were low and dories were used. Today few dories are being used and these are equipped with gasoline engines making trips to and from the fishing grounds with little or no toil.

The steamship Lovat, Captain Campbell, docked at Souris Thursday evening in scheduled time, and after taking on freight, mail and passengers proceeded to the Magdalen Islands. Capt. Campbell is most obliging and courteous to the patrons of the boat.

Charles Dingwell, Bothwell, has purchased a new automobile.

Joseph H. Cheverie, Souris, passed through Chepstow on his way east.

Dr. J. T. Sullivan, a former resident and practitioner of Souris, but now of Saskatchewan, is visiting in Souris the guest of Peter and Mrs. Holland. The genial Doctor removed to Saskatchewan some years ago where he built up a large practice, but still thinks Prince Edward Island is the banner province. Many old friends are glad to see him looking so hale and hearty.

The Souris High School Cadets were inspected on Thursday. The inspector was greatly pleased with their drill and appearance. After the inspection, they marched to Vincent McIsaac's where they were all treated to ice cream.

Beef cattle are scarce, and the price is soaring. The scarcity, no doubt, is caused by the disposal of so many calves in the past few years to foreign buyers.

Mrs. Wallace Macdonald, Bothwell, was taken suddenly ill Sunday night. Dr. A. A. Macdonald was hurriedly summoned. She is now much improved.

Mayor Turner of Charlottetown was a visitor to Souris on Thursday.

An appropriation of $31,000 was made at the last session of the Federal Parliament for the opening of a harbor at Basin Head. At the present writing, work has not yet begun. In fact one does not hear a word about it. Tenders have not yet been asked for, and more than likely nothing will be done. At the next session this appropriation will probably be revoted. And so on.

Felicitations are extended to Dr. and Mrs. Reddin whose marriage was celebrated at St. Andrews on Monday, the 14th inst. The Doctor since coming to Souris has made many friends who wish him many years of connubial bliss.

Mrs. John A. Macdonald, Green Vale, who entered the Charlottetown Hospital for treatment about three weeks ago, returned to her home Thursday, much improved.

Mr. J. D. McIsaac, Rock Barra, was in Souris Thursday. He reports lobsters scarce.

Mr. James H. E. Macdonald, Alexander Macdonald, and Mr. John C. Macdonald of Little Pond passed through Rollo Bay on Thursday.

Mr. and Mrs. Albert Maynard and party, of Presque Isle, Maine, left Saturday morning on return to their home town, after a short visit to relatives at Red Point. Although the visit was short it was most enjoyable. They plan to return at some time in the not too far distant future.

Evangelistic services are being held this week in the Bothwell Baptist Church. Large congregations attend every night. The preaching is inspiring and elevating.

A large contingent of those interested in boxing went down to Kensington Wednesday night to witness the pugilistic battles staged in the skating rink there. They report about 2500 spectators. The eastern boys, Leslie and MacCormack, were the victors in the contests in which they took part.

John J. and Mrs. Campbell, Red Point, were visitors to Souris Thursday.

Mrs. Major Young, after receiving treatment in the Prince Edward Island Hospital, is now convalescing.

CONSTIPATION CUTS DOWN YOUR ENERGY, DULLS HAPPINESS

Don't let common constipation take all the fun out of living. This condition drains your vitality and enthusiasm. It may also be the cause of dull headaches, poor appetite, sleeplessness. You feel punk.

Why endure half-sick days when you can correct constipation due to meals low in "bulk" by eating a delicious cereal?

Millions of people have used Kellogg's ALL-BRAN with satisfactory results. Laboratory tests prove it's safe and effective.

Within the body, ALL-BRAN absorbs twice its weight in water and gently cleanses the intestines. Isn't this food better than taking weakening pills and drugs?

Eat two tablespoonfuls daily. Three times daily, in severe cases. Serve as a cereal with milk or cream or in recipes. Sold by all grocers. Made *and guaranteed* by Kellogg in London.

Bubonic Plague Among Animals

BY HOWARD W. BLAKESLEE
Associated Press Science Editor

DENVER, June 23—(AP)—Rapid spread of bubonic plague, disguised in a new form among animals in the Western United States, with a prediction that it may go to the Ohio River and Canada and be very dangerous to man, was reported to the American Association for the Advancement of Science here today.

The warning was given by C. R. Eskey, senior surgeon, United States Public Health Service, San Francisco. The new form is called sylvatic plague.

The animals, said Dr. Eskey, are carrying precisely the same germ, bacillus pestis, which is the past decimated populations of entire countries.

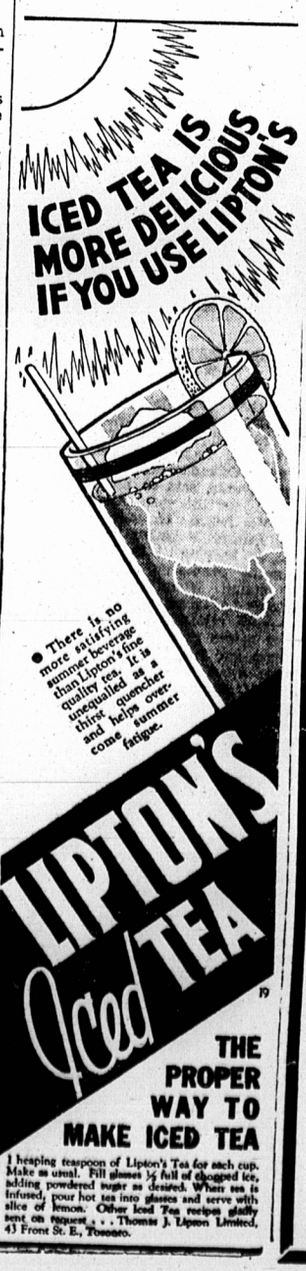
Bubonic plague, named from swellings in groin and armpits, heretofore has been transmitted to man by the bites of fleas from rats with the plague. The present American spread of plague is among ground squirrels principally.

Fleas from these squirrels have given the human type plague to 39 known persons to date, said Dr. Eskey. That the squirrels had the plague has been known since 190[illegible] when it was discovered in California. Only in the last two years said the surgeon, has the rapid spread been discovered.

"During the past year," he said, "plague was discovered in Utah, separated by a wide desert region from California. Therefore it appears there are no natural barriers to stop spread of wild rodent plague.

"Thus far all ground squirrels positively implicated in the dissemination of the plague have been members of genus citellus. The epizootic (animal plague) is now known to exist among 11 species of this genus.

"Should all other members of the Genus citellus eventually be shown to be involved, sylvatic plague would extend eastward to the Ohio River and northward into Canada and Alaska."



10 DAYS

Thursday, Friday & Saturday June 24th. 25th. & 26th.

MEN'S WORK SHIRTS
Men's summer work shirts well constructed and a good roomy cut sizes 14½ to 17. Regular 79c special **2** for **$1.35**
