The Supreme Court opened in Summerside yesterday morning, Chief Justice Matheson presiding. After His Lordship's address to the Grand Jury, he swore in Hon. A. E. Arsenault, as Vice Chancellor of the Court of Chancery and Associate Judge of the Supreme Court. Commendatory and congratulatory remarks were made by Attorney General Johnston. The address to Judge Arsenault by the members of the Bar for Prince County was signed by Neil McLeod, K. C., J. E. Wyatt, A. C. Saunders, B. W. Tanton, Heath Strong, Adrian Arsenault, E. H. Fought Two Days to Get Iusane Man

CHATHAM, Ont., June 14.—The residents of Kentbridge were given a small taste of life in a war zone yesterday afternoon, when High Constable George Peters of this city went out and made a determined and successful attempt to arrest Joe Smith, the domestic farm-er who has been threatening the lives of the people of that vicinity for some weeks. Mr. Peters and a posse of farmers tried to arrest Smith yesterday afternoon, but gave up the attempt when his quarry retreated to his house, which is situated on a small farm about three miles from Kentbridge, where he barricaded himself in and offered a strong resistance, keeping the officers at bay with rifle fire. When Smith was captured it was found that he had about 20 rounds of ammunition left, but at the time Peters made his rush it was believed that he possessed much more.

Want Peace With Central Powers

WASHINGTON, June 14.—By a vote of exactly five to one, the house last night passed the Porter resolution to terminate a state of war between the United States and Central Powers as a substitute for the Knox resolution, already passed by Senate, repealing the declaration of war. It was put through 305 to 61, as a Republican measure with a loss of only one Republican vote, Kelley of Michigan. Forty-nine Democrats joined in the landslide.

Halifax Hikers Made Big Spurt Entering Vancouver

VANCOUVER, June 14.—No athletic event in history has caused the great interest in Western Canada as has been caused by the Halifax Herald's Transcontinental hike, which ended here Saturday evening, when Jack and Clifford Miles reached this city, after 61 miles of continuous walking without any rest, sleep or even stopping to eat. When the Behans realized Friday night that they were being close pressed by the Dills, they made up their minds, they said, that they would not stop a moment until the city of Vancouver was reached. They had made up their minds that they would reach this city first, and they did. It was only this fact that made the father and son hikers exert themselves to the limit. They finished here, surrounded by an immense crowd, which has been awaiting their arrival. It was plain to be seen that the hike of the last two days had left its trace upon the two men. It was hard to determine who was father and who was son.

Want Alteration in Telephone Rates

OTTAWA, June 14.—Requesting that the telephone rate increase order of the railway commission of April last be altered, by reducing the 12 per cent. increase in exchange rate by such a percentage as is represented by the excess of annual depreciation allowed by said order (being 4 per cent. of the plant actually in use) over the amount required by the company, annually for replacements. Mr. Gregory, K. C. counsel for Toronto, appeared before the cabinet this morning in protest against the application. Mr. Glyne Osler, K. C., appeared for the Bell Telephone Company. The public was well represented and evinced considerable interest in the case and some curiosity as to why a company, which during the war period had piled up seven millions of reserve in addition to paying an annual dividend of eight per cent. should consider an increase in rates necessary. Sir George Foster said the cabinet would consider the appeal.

Wosencrat, of Dallas, Texas, is prepared to introduce resolutions if the resolutions committee does not act. Pupils' Recital A Grand Success

The recital given by the pupils of the Charlottetown School of Music last night in the Heartz Memorial Hall, under the capable direction of Professor W. E. Foy, was attended by an audience which packed the hall to the doors, and which expressed its appreciation by hearty and frequent applause. A recital of this kind is something which the people of Charlottetown very much appreciate. The extraordinary range and variety of the compositions making up last night's programme, and in which the various pieces were rendered, is evidence of the fact that there is an abundance of local talent, and needing training and encouragement. The evening's entertainment opened with a few introductory remarks by Col. F. S. Moore and then the following programme was given:—PART I

World-Famed Singer Arrived Last Night

Mr. Redferne Hollinshead, the great English tenor who will sing in this city tonight at the Prince Edward Theatre, arrived on the late Borden train last evening. Mr. Hollinshead is a singer of international fame, and his coming here is an event in the musical annals of Charlottetown. He is the possessor of a wonderful lyric voice which has charmed crowded theatres in the Old Country and in America for several years. He is one of the few really great artists who have visited the Maritime Provinces in recent years.

Farmer Shot Boy Mistook for Baboon

JOHANNESBURG, June 14.—P. R. Botha, a farmer residing near Waterval Boven, on being informed that baboons were invading the meadow crops, armed himself with a gun, proceeded in the direction of the meadow and aimed with fatal effect at what he took to be a monkey sitting on a stone. He was horrified when he ascertained that his target was an eleven-year-old boy. Botha was arrested, but was released on instructions from the attorney-general.

School Cadets Had Splendid Turnout

The City School cadets turned out in splendid form yesterday afternoon for their annual inspection. Col. Willis, of Halifax who inspected the boys, expressed himself highly pleased with their appearance, and the announcement of the prize-winning brigade will be waited with impatience not only by the cadets, but the citizens in general. Whoever takes the cup this year the cadets, one and all, are deserving of credit for their painstaking efforts and for their smart and soldierlike appearance on parade. The Queen's School (which has been training for the past few months under the instructors Leo Nelligan and L. McDonald) marched under the command of Mr. Gerald Maddigan to Victoria Park, where they were inspected at 2 o'clock. The Brigade was in two companies, commanded by Clarence Howatt and Bruce Pigott respectively, while the platoons were led by Joe McIsaac, Fred O'Neill, Alfred McKearney, Frank Payne, Arthur Butler, Joseph Murnaghan, Alex Lafferty, and Joseph Lonergan. The boys were put through "general salute," "march past," "extended order," physical drill, and examination in Company drill, musketry etc. in all of which they acquitted themselves well. At 3 o'clock the West Kent School cadets under Instructor Waugh paraded to the Park and were inspected along similar lines. The cadets were commanded by Harvey McPherson and Lorne Wadlock, the section commanders being Earle James, Vernon Currie, Ivan McInnis, and Geo. Raymond. They went through their drills smartly and efficiently. Col. Willis, on being interviewed after the parade, expressed his great satisfaction with the appearance, steadiness and progress made by the cadets of both schools. Lieutenant Nelligan of Queen Square School, and Lieutenant Waugh, instructor of the Kent School corps, he said, rendered great service in connection with the drilling of the cadets and in bringing them to the high state of efficiency to which they have attained. Col. Willis leaves this morning for Montague and Carleton where he will inspect the respective corps. On Thursday he will go to Summerside where also he will hold an inspection. Referring to the cadet service in general, Col. Willis stated that there is a marked improvement throughout the districts. He has the oversight of 58 corps in all with a

B., June 14.—Bail amounting to \$1500 was forfeited in the Supreme Court today through the non appearance of Edmund W. McDonald charged with the theft of liquor from the Canadian Pacific Railway. total of over 4,000 boys enrolled. This very considerable number had been reached within a comparatively short time, many of these corps having been organized within the past year or two. The benefits of cadet training, Col. Willis remarked, is being more appreciated by the teachers who find in the discipline on the activity involved in drill, a great help in making their pupils observant and amenable to the regular discipline and study of the school. Corps are being added yearly to the number in this military district, which includes Nova Scotia and Prince Edward Island and it is hoped that ere long every school that has a male teacher will have its cadet corps. Col. Willis will revisit the province early in September after the schools reassemble for the winter term when he hopes to organize at least three more corps and to see considerable additions to these now in existence. Last evening the cadets held a route march, starting from West Kent School at 7.30, marching up Kent Street to Prince, down Prince to Grafton, up Grafton to Queen, and up Queen to the City Building, returning to the West Kent School Grounds. The parade was headed by the Prince Edward Island Heavy Brigade Band, and was watched by citizens with interest and gratification.

Cumberland Man Died, Aged 107

AMHERST, N. S., June 14.—At the age of 107 years, Henry Jones, Cumberland County's oldest citizen and possibly the oldest Nova Scotian, died yesterday at the residence of his son, Charles, at Brookdale, N. S. In both these respects there are but few, (if any) will dispute that you have won your honors fair and honestly. It may sometimes appear as if the honors and rewards of life were not always fairly or justly distributed. It is very doubtful if in any case this is ever really true. Nature does not so distribute her rewards. Her law is whatsoever a man soweth that shall he also reap, which every man she keeps a strict account. She only parts with her gifts when they have paid the price. That price may vary but it usually means patient, enduring effort, incessant labor. Such a price we believe, you have paid in fairly good measure, and that today in occupying your seat on the bench as is your right you are reaping the fruit of what you have sown. In the course of your public life you have occupied many positions of trust and responsibility, requiring the exercise of tact and judgment. In all of these you have always measured up to the requirements of each case, and while these may serve primarily as a test of ability they furnish a means of knowledge, training and experience which can hardly fail to be of service to you in the exercise of your judicial functions. There have been few appointments in recent years that have elicited more generous and cordial commendation than your elevation to the Supreme Court Bench. Especially is this true of the people of Prince County by whom your merits and abilities are better appreciated, because better known. Perhaps no better testimony could be given of your worth than the
