

THE OXYPATHOR AND THE FARADOR

As I have stated more than twenty times in the Island press that I have severed all connection with the Maritime Oxypathor Co., I do not object to Mr. C. Fraser MacTavish continuing to emphasize that fact. I must also state again that the Oxypathors I have sold or rented were my own personal property. I still have a number of Oxypathors on hand quite as good as any Mr. MacTavish is asking \$35 for. At any rate they were purchased from him and I am now prepared to sell them at a liberal discount. I am now the representative of the Farador Oxygen Co. of Buffalo, N. Y. The Farador is the latest and most improved oxygen machine on the market. It is sold for \$35 or may be rented. It is the product of man who for years held leading positions in the home office of the Oxypathor Co. at Buffalo. I invite people to come and see the Oxypathor and the Farador and to read some of the letters written by individuals who have used both machines. It will not take long for discerning people to decide which machine is best. I did not give up the agency of the Oxypathor in order to sell an inferior article. The Oxypathor is good, but I can prove the Farador to be better. The best is none too good for my customers. Ask for literature concerning the wonderful cures accomplished by means of Oxygen Therapy.

To Owners Of Oxypathors

and to any others interested in Healing by Oxygen I wish to announce that the machines that I have created such a furor in Charlottetown and the only machine that has been sold in this Province until a few weeks ago has been "The Oxypathor". We have absolutely no connection with nor responsibility for any Oxygen Device of any other name. The Oxypathor is sold under positive "Guarantee only" and at the on-price namely \$35. We do not handle any cheap machines at any price. The General Manager of The Company again wishes to announce that Mr. W. E. Enman has absolutely no connection with The Maritime Oxypathor Co. of St John nor yet with any of the Company's Products manufactured at the Head Office, Buffalo. To any interested in securing advice re the wonderful Oxypathor Mr. MacTavish may be consulted for a few days at "The Russ" or the company may be written to at 205 Charlotte St., St. John, N. B. 6-17Mf.

PRACTICALLY GIVEN UP TO DIE

"Fruit-a-lives" Cured Kidneys and Bladder

WILLIAMSTOWN, ONT., JULY 27th, 1910 "I have much pleasure in testifying to the almost marvellous benefit I have derived from taking "Fruit-a-lives". I was a lifelong sufferer from Chronic Constipation, and the only medicine I ever secured to do me any real good was "Fruit-a-lives". This medicine cured me when everything else failed. Also, last spring, I had a severe attack of Bladder trouble coupled with Kidney Trouble, and "Fruit-a-lives" cured these complaints in me, when the physicians attending me had practically given me up.

I am now over eighty years of age and I can strongly recommend "Fruit-a-lives" for Chronic Constipation and Bladder and Kidney Troubles."

JAMES DINGWALL. "Fruit-a-lives" is the only medicine in the world made of fruit juices—and medicine ever put on the market. 50c a box, 6 for \$2.50 trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

"DYING TO WIN."

The absurd talk about life insurance being a game in which one must "die to win," which used to be so flippantly indulged in, is growing less and less common and no longer heard among observant and really intelligent men. The fact is becoming recognized that in true life insurance, there is less of the element of chance than in almost anything else in the world, and as to dying there is no chance time whatever, save that of the particular embryo, insured or uninsured, must with reference to that unalterable fact is quite as sensible as to anticipate next week's empty bread pan or next winter's empty coal bin. Frail wife and helpless children are to be fed and sheltered whether the husband and father lives or dies. When he insures his life for their benefit, he is simply buying for them food and shelter which his present daily labor provides. He does not win anything by "dying," excepting gratitude for his thoughtful care and the favor of heaven, though his family and children certainly do escape the fate of poverty which befalls the family of his neighbour who smartly refused to enter a game where he had "to die to win."

Have you built your ramparts so that you and yours are immune from the foe of poverty? The easiest and simplest way to arrange this is to consult an Agent of the Great-West Life or enquire at Branch Office of the Company, Hyndman & Co. Ltd., 61 Queen St., Charlottetown. 6-13M3i

SEROS ASK BULGARS TO REDUCE ARMY

LONDON, June 17 (Special).—Anticipating a demand by the Powers for demobilization, Serbia has proposed to Bulgaria that the two countries reduce their present forces to one-quarter of their present forces remain under arms. The representatives of the Powers today informed the Serbian Premier that their governments, desiring to see the dispute between the two allies settled, would suggest that Serbia and Bulgaria demobilize. The Premier replied that Serbia already had submitted to Bulgaria a note expressing the hope that Bulgaria would cease her concentration of troops on the Serbian frontier and also a proposal that both countries immediately reduce their armies until one-quarter of their present effective strength remained.

CELEBRATE KAISER'S JUBILEE

BERLIN, June 16.—The fetes celebrating the twenty-fifth anniversary of the Kaiser's reign reached their climax to-day. At dawn the people of Berlin were awakened by the booming of cannon and the blaring of trumpets. An hour or so later found masses of people converging on the Schloss, where 7,000 school children had gathered to serenade his Majesty. The thousands of people who thronged the vicinity of the palace displayed the utmost enthusiasm when the Kaiser and his family appeared on the balcony. Later in the day the Kaiser reviewed the troops on the Potsdam parade ground and then came the great affair of the day, the scene before the throne when the twenty-five rulers of German States, including the kings of Bavaria, Saxony and Wurttemberg, paid homage to the Emperor. The formalities closed with the jubilee court, when the Kaiser and Kaiserin received the special ambassadors from numerous countries and the deputations bringing congratulations from the cities of the empire. A deputation headed by Andrew Carnegie presented a congratulatory address signed by many prominent Americans. The Kaiser displayed marked cordiality towards Mr. Carnegie and his two associates, Robert S. Brookings of St. Louis and Jacob G. Schmidlapp of Cincinnati.

WEST VIRGINIA TO JUBILATE

WHEELING, W. Va., June 16.—At daybreak this morning, amid the reverberating boom of cannon, the shrieks of bells, whistles and the clanging of steam whistles and the celebration of West Virginia's statehood was ushered in. The early arriving visitors found the city aglow with color. Some idea of the extent and lavishness of the decorations may be gained from the fact that since the work of adorning the city began during the latter days of last week ten car loads of flags and bunting have been sent by the merchants. The principal event of the program to-day was the opening of an elaborate exhibition of the manufactured and other products of the State.

No Matter What Crop You Sow--You Need English Unmixed Fertilizers

You know as well as any of us that the fertilizer you use has a great deal to do with your crops. You know that the fertilizer that will prove "just the thing" for one crop or one field, would mean almost ruination if used on another field or crop. And you know, too, that one field may contain sections of varying fertility—and need special treatment to bring good results. The one way to get around these difficulties is to use English Unmixed fertilizers—the best plant foods. You can supply them in combinations to suit every soil—any crop—mix them yourself, at home, and save just one-quarter of your money—and KNOW what you're using. Nearly every other good farmer uses these Unmixed Fertilizers—why don't you? Write for our free book-lets, they're worth reading.

THE BRIGHTON BLACK FOX CO. LTD.

Authorized Capital 150,000 Of which 81,000 is now Being Issued

The stock of this Company has not previously been advertized as the Directors wished to be sure they were going to obtain all the foxes contracted for namely 6 pairs of best quality including the Dalton, Tuplin, Oulton strain. These 6 pairs were contracted for previous to the advance in price and are capitalized at 81,000 or 13,500 per pair which low capitalization makes this easily the most attractive fox proposition in the market. The ranch which is now under construction will be one of the most up-to-date in the province, it is located in a beautiful grove of mixed spruce and hardwood in the centre of 38 acres of land on the properties of Lieut. Col. A. G. Peake and J. J. McKinnon. Several experienced fox ranchers who have visited the location pronounce it one of the best they have ever seen. 50,000 of the stock in this company has already been subscribed and the balance is now offered for subscription in shares of 100 each, 10 p. c. to accompany the application the balance payable August 1st.
