There's Always A Reason

why some stoves are more popular than others. The popularity of the ENTERPRISE MONARCH STEEL RANGE is due to its solid merit and the reputation it has made among hundreds of housekeepers from coast to coast in Canada. Cheaper ranges may sell in spurts for a little while, but the steady demand for the MONARCH proves its popularity and its popularity proves its merit. People nowadays want the best to be had in every line. Therefore, if you invest in a MONARCH it will prove your ability to secure the best, where the best is to be had. Send for circular if your dealer does not handle the 'Monarch.' The Enterprise Foundry Co Manufacturers, Sackville, N. B. tustrff.
