A year ago last spring I began to have heart failure. At first I would have to stop working and lie down for a while. Then I got so bad I had to give up altogether and go to bed. I had several doctors attend me but they did me no good. I could get no relief until urged by a friend to try Milburn's Heart and Nerve Pills. Before I had used three quarters of a box I began to feel the benefit and by the time I had taken three boxes I was completely cured."

### GOVERNMENT LINE FROM MONCTON

To the Prairie Wheatfields is Settled—New Road to be Leased to Grand Trunk Pacific for Fifty Years, and Other Lines May Have Running Rights.

OTTAWA, July 2.—When the details of the agreement between the Canadian government and the Grand Trunk Pacific Railway for a transcontinental line are made known, the public will appreciate the difference in cost as compared with that which was paid to the Canadian Pacific.

Although the negotiations have not yet entirely closed, C. M. Hays and William Wainwright being here this evening, the principal points of the bargain have been well settled.

The government has decided to build from Moncton to Winnipeg and to lease the road for fifty years to the Grand Trunk Pacific.

The Grand Trunk will pay operative expenses only for the first five years.

It is well known that this portion of the line between Quebec and Winnipeg will require to be run at a loss to begin with.

For the next successive five years the company will pay net over working expenses, but not to exceed three per cent.

For the remainder of the term the company will pay three per cent.

On the line between Winnipeg and the Pacific ocean the government will guarantee three per cent bonds to the extent of 75 per cent of the cost of construction, but the maximum amount to be guaranteed on the prairie section is not to exceed \$13,000 per mile, and on the mountain section, \$30,000 per mile.

The mountain section is to be reckoned as 500 miles.

From Winnipeg to the Pacific the road will be built as well as operated by the Grand Trunk Pacific.

It is understood that the company will have to pay three per cent, interest from the date of issue, that is when the road is completed, on the prairie section bonds. On the bonds for the mountain section, the company for the first five years will only have to pay to the government on such surplus as exists after the payment of working expenses, but in any case, this will not exceed three per cent.

After five years the company will have to pay three per cent.

The mountain division bonds, like the prairie section bonds, will be issued on the completion of the road.

In this way the Grand Trunk Pacific will finance the whole construction from Winnipeg to the Pacific ocean, and add interest to the cost thereof.

The road from Moncton to Winnipeg will be constructed under the supervision of a government commission.

The Grand Trunk Pacific will deposit with the government \$5,000,000 in cash or approved securities, as security to the government to pay three per cent. on the cash, and the interest that may be received on these securities. This deposit will be released by the government, so that it may be available to the company for the construction of the last section of the line, wherever that may be.

The capital of the Grand Trunk Pacific, which is now placed at \$70,000,000, will be reduced to \$45,000,000. This will comprise \$25,000,000 preferred stock and \$20,000,000 common stock. The latter will be owned and controlled by the Grand Trunk of Canada. In this way it will be seen that the Grand Trunk is to be interested in the project.

Running powers will be given to any railway from Winnipeg to Moncton on such terms as may be agreed upon by the

governor-in-council, having due regard for the interests of the Grand Trunk Pacific as operators and lessees.

The equipment for the whole line will require to be furnished by the Grand Trunk Pacific, and must be secured as rapidly as the development of the traffic demands.

The rates on the whole line will be subject to the governor-in-council or railway commission, but must not be reduced below such a figure as shall enable the Grand Trunk Pacific to pay rental to the government.

A majority of the directors of the Grand Trunk Pacific must be residents of Canada.

It will be seen that the government has taken ample security for every dollar invested in the undertaking, as well as securing the control of rates, and therefore the general opinion of the public must be that the bargain is an excellent one.

In this connection it should not be lost sight of that in 50 years the government will own the road from Moncton to Winnipeg.

### "I GAINED FIFTEEN POUNDS

And Was Cured of Nervous Exhaustion, Indigestion and Heart Trouble by Ferrozone.

The Case of Mrs. J. Cross Proves Ferrozone a Marvellous Remedy for Ailing Women.

From Wakefield, Ont., comes news of the remarkable cure of Mrs. Cross. She suffered from nerves that had been shattered and almost ruined by poor health. Numbers of skillful physicians failed to alleviate her suffering. Almost every remedy was tried without avail. As a last resort Mrs. Cross turned to Ferrozone. This was a most important selection as it benefited from the first tablet taken.

The following statement should be a guide and help to thousands of women in a similar condition of nervousness. In this connection it should not be lost sight of that in 50 years the government will own the road from Moncton to Winnipeg.

Mrs. Cross says: "I was in poor health nearly all last winter. My appetite was variable, and I was weak and unfit for work. I suffered a great deal from nervous headache and palpitation of the heart. My digestion was always out of order. By spring I had lost flesh and color and had a bad cough. The doctors didn't help me, so I decided to try Ferrozone. It did me ever so much good in one week. I quickly gained strength, looked and felt a lot better. When I had used six boxes of Ferrozone I weighed myself and found a gain of fifteen pounds. Ferrozone is worth its weight in gold to every weak woman. It cures quickly and saves big doctors' bills."

(Signed) "MRS. J. CROSS." Ferrozone is a strengthening medicine. It ironizes the blood, and puts new life and power into the system. One box of Ferrozone, after meals, weakens up a tired appetite, helps digestion, braces the nerves. Ferrozone is just the proper tonic to take at this time of the year when the blood is sluggish and impoverished. It tones up the entire system and keeps away spring sickness such as fevers, disordered liver and biliousness and headache.

Thousands owe renewed health and happy old age to Ferrozone. It is a scientific tonic for the blood, brain and nerves that is easy to take, sure to benefit, and not expensive. Price 50c per box.
