Bucky Harris Signs Three Years With Senators

(By Arthur Edson)
WASHINGTON, Oct. 19 (AP)—Bucky Harris, who twice previously was fired as manager of Washington Senators, today signed to manage the team for the next three years.

Clark Griffith, president of the Senators, made the announcement. It was back in 1924 that Griffith first put Harris—then known as the "Boy Wonder"—in as manager. He won two pennants in a row, and lasted five years. In 1935, Griffith hired Harris again. This time he stayed eight years.

By returning to Washington, Harris becomes the first man in major league history to manage the same club three different times.

Sandwiched around his stretches in Washington were jobs with Detroit, Boston Red Sox, Philadelphia Phillies and New York Yankees.

Harris led the Yanks to a world championship in 1947, but was let out in 1948 even though his team finished last in the American League, 47 games behind the champion New York Yankees.

Griffith himself, at a press conference announcing the event, showed how tough a job Harris faces.

"What do you need worst?" he was asked.

"Pitchers," replied the 79-year-old Griffith, who used to be one of the best pitchers in the business.

After a brief pause, Griffith continued:

"Of course, we need some infielders and some outfielders."

"Yes," said Griffith, "we need a catcher, too."

All of which leaves the Senators completely big league in only one department: Namely, the new manager.

Moncton Regains First Place In Big Four League

MONCTON, N.B., Oct. 19 (CP)—Moncton Hawks regained first place in the Maritime Senior Hockey League from Halifax St. Mary's coasting to an 8-4 win over the Saints in a rugged contest here tonight.

Hawks avenged the 5-3 loss suffered in Halifax last night for their second win and fifth point in four starts. St. Mary's has won two of three games but Hawks have a one-point edge, gained when they tied Saint John Beavers 6-6 in one of the league openers Saturday.

Seattle Man May Have Tops In Speedboat

SEATTLE, Oct. 19 (AP)—S. S. Sayers used to lie awake nights planning ways to coax more speed out of his first-75-mile-an-hour speedboat.

Now he's built the Sio-Mo-Shun IV, a streak of water-spurning wood so fast that he doesn't know or won't tell its top speed.

Sayers said today he plans to enter the boat in the major unlimited-class races and perhaps even take a crack at Sir Malcolm Campbell's official world record of 141.74 miles an hour.

The admission had to be pried out of him.

"Too many men have built boats they thought would get up off the water and fly," he said. "I wish I could keep this one entirely secret until it's ready for the races."

The boat has no clutch and once the 12-cylinder airplane engine takes hold the boat is away. He has a fairly accurate water-speed meter aboard, but Sayers will tell nobody what it has registered.

The pilot of a small seaplane once gave chase, hit 110 and felt he'd been left sitting on the curb.

Sayers, an automobile dealer, has been pointing at this climax of unlimited speed for a dozen years. His first boat was named the Sio-Mo-Shun by his wife in a kidding vein.

A Boeing Airplane company supervisor, Ted O. Jones, designed the fourth Sio-Mo-Shun. A boat builder, naughtily named Anchor Jensen, put it together. It's a hydro-type craft, 28 feet long. The three take turns at the wheel.

Montreal Bonspiel Planned Nov. 28-30

MONTREAL, Oct. 19 (CP)—Montreal Caledonia Curling Club today announced an invitation to international bonspiel Nov. 28-30 to commemorate the club's centenary.

Competing teams will represent 32 clubs from Ontario, New Brunswick, Nova Scotia, Prince Edward Island, Newfoundland and the Eastern United States.

Clubs representing will be among the oldest in their areas, in keeping with Caledonia's celebration of its 100 years of curling.

Each team will play at least three games. The opening round—Section A—will take in all 32 teams. Losers in this first round become Section B. Losers in Section B continue to a third game and form Section C.

Teams will play elimination games through the three sections and the winners of Section A will be come champions and receive the "Centenary Trophy."

Sport Shorts From Britain

By MICHAEL O'MARA
Canadian Press Staff Writer

LONDON, Oct. 19 (CP)—Rueger fans who watched burly scrum half Jack Jacobs cheer his toughness and tenacity—and didn't know, as Jack did, that every time he played he ran the risk of sudden death.

Jack, 19, had a heart ailment for many years. He knew that any strenuous movement on the field could be his last.

But he didn't let that stop him. He played in a practice game for his rugby club, he was dribbling alongside his brother when he collapsed and died almost instantly.

At the inquest his mother said Jack had been ailing since he was eight years old.

"But he didn't become an invalid and sit back awaiting the inevitable," she said.

"We thought it best to let him play the games he loved and to enjoy life as long as he was permitted."

Verdict: death from natural causes.

A new type of racing plate, which is said to convert horses into "spring-heeled Jacks," is coming into use at Newmarket and Epsom training stables.

Stewards of the Jockey Club have agreed the invention conforms to regulations and may be used in competition. But so far trainers who admit using them in trial gallops are mum as to whether they've shed their horses with the new plate.

The new plate is made of an alloy harder than that used hitherto in Britain, and instead of being a solid piece of metal—hug, a slot is cut into the middle. This slot is cushioned to prevent the horse's foot from jarring as it hits the ground and also to act as a slight spring as it responds when the foot leaves the ground.

The new plates weigh no more than the older type, are reinforced with a thin strip of steel for long life and may be worn several weeks without changing.

J.D. Lang, sailing a 10-ton sloop on the Clyde, lost the winner's flag but probably saved four lives.

His only opponent in the race had retired and Lang had only to tack across the finish line within the time limit to win.

But when he spotted a man, his wife and their two children being carried far offshore in a rowboat by heavy easterly winds, he turned back to tow them to shore. When he finally headed for the committee boat he was too late to finish in time.

BOSTON, Oct. 19 (AP)—Joe Louis, cat fight in Massachusetts even though folks are worried about his age.

It took an official legal ruling to permit the former heavyweight champion to participate in an exhibition match here next month.

Bay State authorities were worried Joe might be too old.

Under a new Massachusetts law, anyone reaching 35 is barred from the ring. The law was intended to protect aging fighters.

Louis reached 35 last May.

Glace Bay And Millionaires In 5-All Tie

GLACE BAY, N.S., Oct. 19 (CP)—A third-period goal by Doug Runions, the bald-pated Hamilton veteran, gave Glace Bay Miners a 5-5 tie with the league-leading Sydney Millionaires in a Cape Breton Senior Hockey League game here tonight.

The deadlock, second straight for the Millionaires, left them on top with three points in three games. Miners moved into a temporary deadlock with North Sydney Victorias for the other two spots in the three-team league. Each has one point and tomorrow night Vics entertain Miners.

The redshirts were a vastly improved and strengthened team than the one which dropped the league opener to Millionaires 7-1 at Sydney Monday night. They matched speedsters all the way in their home debut and Millionaires seemed to show the effects of the gruelling 2-2 tie they played with Vics last night.

Onslow To Continue White Sox Pilot

CHICAGO, Oct. 19 (AP)—Jack Onslow, who piloted Chicago White Sox to sixth place in the American League race last season, will manage the club through 1950.

Charles A. Comiskey, vice-president of the club, today made this announcement, spiking rumors that the 63-year-old Onslow would be replaced even though his contract had another year to run.

Although the White Sox in 1949 finished 34 games behind the pennant-winning New York Yankees, the team's 63-91 record was good enough to clinch sixth place. The 63 victories topped by 12 the victories scored by the 1948 team, which lost 101 and was last from start to finish.

Valuable Whale

The bones of a narwhale were highly prized in ancient times and were more precious than gold.

It was also announced at the meeting that the Maritime Junior Curling competitions will be held in Charlottetown at a date yet to be set. References and plans were also made for the holding of the 1950 Confederation Bonselpiel, which will be held on January 21-22 in Annapolis Valley town.

R.C.M.P. said Huntley was accompanied by Bernard Toney, a licensed guide from Cambridge Station. While standing on a rock as the guide explained something to him, Huntley accidentally dropped his shotgun on the rock and it discharged. The charge hit him between the knee and leg and shattered the femoral artery.

Because of the nature of the terrain R.C.M.P. had difficulty in removing the body from the woods to Bridgetown, where an inquest will be held tomorrow.

The following are the committee chairmen for the 1950 Confederation Bonselpiel which were appointed last night: Finance, T. F. Mitchell; trophies, R.S.P. Jardine; continuing rules, Hon. Thane A. Other reports were submitted including the financial report, the games committee report on visiting Scottish curlers, 1949 Confederation Bonselpiel, and the financial report.

In connection with his report on the visiting Scottish curlers, the chairman, Chief Justice Thane A. Campbell spoke of a letter he had received from Mr. James Noble, captain of the visiting Scottish team at Charlottetown, in which he asked to be remembered kindly to all the Island curlers and stated that he and his party were greatly pleased with their visit to P.E.I. and the pleasant association they enjoyed with the Island curlers.

Among the various issues that were brought up and discussed at the meeting, the dates and places for a number of this year's forthcoming competitions were laid down.

1949-50 British Consols Trophy, 15th and 16th of January, to be played at Charlottetown with the same team representation from individual clubs as last year, and the play to be regular knockout competitions: Regal Flour Trophy, Wednesday, February 8th at Summerside; Department of Physical Fitness Trophy, February 22nd at Charlottetown; Gaboury Trophy, December 14th, 1949, to be played at Summerside subject to the approval of the trustees of the trophy.

In connection with the High School Competition, Mr. R. F. McLaine told the meeting that a Dominion-wide playoff is being arranged to be held at Quebec City this year, and suggested that an Island representative team be sent to this competition. A motion was therefore passed by the meeting that the date for the local competition be set by the games committee at a date at least two weeks and not more than three weeks before the Dominion competition is held.
