Automatically Controlled, the General Electric Storage Tank Water Heater supplies abundant hot water at constantly regulated temperatures. The famous G-E Calrod heating units are totally immersed in the water. All the heat goes into the water—for maximum efficiency in low-cost, economical water-heating. This easily installed Water Heater is so clean, safe and attractive to look at, that it can be located wherever you desire in your home.

CLEAN—No soot, no smoke, no fumes and no flame or messy flame by-products. Install your G-E Water Heater anywhere, no flues or chimneys are necessary. And water heated the electrical way is clean enough to drink. AUTOMATIC—Your G-E Water Heater regulates itself, keeps water at just the temperature you desire, all the time. Just install it and forget it—and you'll get all the hot water the family needs at a turn of the tap. ECONOMICAL—Depending on local electric power rates and the number of persons in your family, the operation of a G-E Automatic Storage Tank Water Heater will cost as little as 50c per person per month to provide all the hot water you need, when you need it.

DEPENDABLE—Dependability is built into the G-E Water Heater. It's designed to become an integral part of your home, to serve and endure through the years, as you would expect the permanent, built-in features of your home to do. Long life is assured because the G-E Tank Water Heater is equipped with a special magnesium alloy rod to give protection against corrosion. SAFE—No worries about fumes or flames or overheating with a G-E Water Heater. It has the unequalled approval of the Canadian Standard Association. It's safe for installation anywhere in your home. For added safety, thermostats are locked to prevent setting above safe temperature—and a combination temperature and pressure relief valve is supplied for installation with each heater.

Contract Bridge By Josephine Colburn (Continued from Page 10) with the spade ace should have been taken a diamond finesse. Then he could draw the trumps. Dummo's fourth trump would be the entry for a second diamond finesse, and everything would be under control. By leading himself to only one finesse for the diamond king, South cut down his own chances tremendously.
