HIT HIM AGAIN

The Bad Man of Europe is groggy. The hell-hounds he loosed in Belgium are backing away, cringing, snarling, scared.

We've got him going.

But he lives—4,000,000 strong on the Western front alone—and in his perverted brain lives the ambition to destroy and to enslave.

Now, while his legions totter; while his only hope is to dodge, to retreat, to evade the knockout blow that he knows must fall, now is the time to strike and to put everything we have behind the blow.

If you were planning to buy a \$100 Victory Bond you can surely hit harder. Make it \$200 or \$500.

If you were thinking of a \$500 Bond, can't you strike a \$1,000 blow?

The full weight of Canada's fighting strength must go into that crushing stroke—our great resources, our industries, our agriculture, our fisheries, our surplus wealth, every dollar we can spare, every dollar we can rake and scrape.

For this is the knockout—the blow that must strike the demon down and send his broken war hordes hurtling back across the Rhine.
