EARTH TREMORS CONTINUE IN THE BALKANS

Latest Cities to Fall Are Adrianople in Turkey and Varna on the Black Sea.

(Canadian Press)

VIENNA, April 26.—The whole of the Balkan peninsula shaken by a series of earthquakes in the past week is still being swept by violent tremors.

The latest cities to fall in the wake of the earth's terrific movements are the ancient city of Adrianople, in European Turkey, and the large Bulgarian city of Varna on the Black Sea, while the successive subterranean upheavals have completed the destruction of the classical Greek city of Corinth and several additional towns in Bulgaria.

The Varna earthquake which took place last night, is described as worse than that which caused great damage in the populous city of Philippopolis several days ago. It was accompanied by a giant tidal wave which inundated the city and sank everything in the harbor. The famous Islands of Mytilene and Syra in the Aegean Sea also were swept by a cyclone which unroofed hundreds of houses, damaged crops and spread panic throughout the population.

Production Of Automobiles Lower

(Special to the Guardian)

OTTAWA, Ont., April 26.—According to figures just completed by the bureau of statistics, both the production and export of automobiles during the first three months of 1928 were lower than for the corresponding period of the past two years. In March, 1927, 23,350 cars were produced in Canada and 4,397 were imported. In March 1928, 17,478 cars were built and 6,114 were imported. Exports also decreased by 5,614 cars. This is shown, was caused by the fact that one of the largest factories in Canada was shut down during this period.

SHANGHAI, April 26.—In view of the increasing disturbed conditions in Shanghai province and reported possibility of uprisings by irresponsible guerrilla bands, it was intimated this evening that two of three American destroyers of the division six stationed at Tsing-Tao would stand to Chefoo forthwith to protect United States nationals. Fifteen hundred Japanese troops sailed from Moji yesterday for Tsing-Tao, the first contingent of a brigade proceeding to Shanghai.

Ford Plane Will Take Fliers To Washington

(Canadian Press)

LAKE STEE AGNES, Que., April 26.—Baron Von Huenefeld, Capt. Koehl and Major James Fitzmaurice, trans-Atlantic aviators, arrived here at 3.52 p. m. today from Greenly Island in the Detroit relief plane piloted by Bert Balchen. After conferring with the three trans-Atlantic fliers, Miss Herta Junkers announced that the Ford relief plane would take off at six a. m. tomorrow and would fly direct to Washington, D. C. S. to pay tribute to the late Floyd Bennett, whose body is now enroute from Quebec to the American capital for burial. Bert Balchen will pilot the plane, while Miss Junkers will be a passenger.

The fliers plan to spend a quiet Friday night in Washington after placing a wreath on Bennett's grave. They will go to New York Saturday morning. It was also announced that Clarence Chamberlin, noted American aviator, would accompany the trans-Atlantic aviators in a Fairchild plane on both trips.

Placing Of Duty On Eggs Demanded

(Special to the Guardian)

TORONTO, April 26.—By arrangement a deputation of the members of the council of agriculturists, accompanied by representatives from the Ontario Produce Men's Association will meet the Minister of Agriculture and some of the cabinet tomorrow in Ottawa with an appeal for the restoration of some form of protection for the producers of vegetables, fruit, poultry and eggs.

The produce merchants will ask for the placing of a duty on eggs instead of the application of the "dumping duty which can be removed at any time." Since the removal of the egg dumping duties some weeks ago there has been an influx of American eggs much smaller than the Canadian eggs.

Vegetable men state that a specific duty on all kinds of vegetables will have a much more stabilizing effect than the application of the dumping clauses.

K. Of C. Addressed By Supreme Director Last Evening

Dr. Claude Brown, Supreme Director of the Knights of Columbus for Canada, addressed a large and enthusiastic meeting of the Knights of Charlottetown Council, No. 824 in their Council Chambers last evening.

Dr. Brown in a very forcible speech, reviewed the history and activities of the Order, and spoke eloquently on its four cardinal principles of Charity, Unity, Fraternity, and Patriotism. In conclusion he outlined the programme which is to guide the future activities of the Order.

At the conclusion of the address a hearty vote of thanks moved by District Deputy F. J. Casey, seconded by W. J. Macdonald and supported by J. Francis, Rev's C. Monaghan, L. Smith and B. Gillis was tendered the lecturer.

Prior to the address two musical numbers, a piano solo by Mr. Albert Blanchard and a vocal solo by Rev. B. Gillis were excellently rendered.

Water Main Burst In Detroit

(Special to the Guardian)

DETROIT, April 26.—Twenty-five thousand workers were forced to cease their labors, hundreds of men and women enroute to work marooned in autos and street cars, and thousands of homes and factories were left without water for two hours today when a four-foot high pressure water main burst at Stierritt and Garland Avenues.

The explosion tore a huge gap in the pavement and a huge geyser of water poured into a wave. Harper Avenue nearby became a river 200 feet wide, three and one half feet deep at the crest of the flood. Not until they reached the railroad tracks half a mile distant, did the waters cease their rampage.

In all 260 acres of business and industrial land, bounded by Shoemaker Ave., Cochraven Gravel Ave. to a point north of Devin Avenue to Lillibridge Ave., and back to Shoemaker Avenue was touched by the flood. Partial service was re-established two hours after the burst and complete service was resumed four hours later by means of secondary and auxiliary mains.

English Tipstaff An Odd Official

LONDON, April 23.—Why was it that a court tipstaff arrested a boy, Henry Eustace, recently for contempt of court, instead of a policeman making the arrest? What is a man making the arrest? What is a tipstaff? The tipstaff existed for centuries. The tipstaff is an official of the High Court appointed by the Lord Chancellor, and it is his duty to arrest and to convey to jail any person guilty of contempt in the precincts of the High Courts. He carries as part of his official paraphernalia a small ebony staff about 18 inches long, similar to a round ruler, and tipped with a golden crown—hence the name tipstaff.

Ordinarily it is not possible to distinguish the tipstaff from the busy crowds that throng the grey elcisters of the Law Courts. His staff, if he carries it at all, may be concealed in his pocket. But on ceremonial occasions he appears in full regalia. You may see him at the Lord Mayor's Show, or on the 12th of October (the day when the legal year commences and the Courts are opened), marching at the head of the Judges' procession, brilliantly decked in gold lace and carrying before him the tipstaff with its head of shining metal.

The tipstaff is a unique official in the English Judiciary, and it is he alone who has the power to arrest one who is guilty of contempt of the High Court. He may, in the execution of his duties, and in pursuit of the offender, travel all over the country. The exact origin of his staff is unknown, but it probably owes its use to the fact that fear of the rod, or staff, is inherent in human nature.

CONSTANTINOPLE April 21.—

Prior to the World War there were no automobiles or farm tractors in Turkey. Now, the report of the Minister of Agriculture shows, there are 3,000 tractors in use, imported from America and Germany.

Investigators find 6,000 passenger cars, 1,500 trucks and busses, and 400 motorcycles in use.

BANK'S LOSS IS \$24,000

Hold-up Carried Out by Three Gunmen at 10:45 Yesterday Morning.

(Special to the Guardian)

TORONTO, Ont., April 26.—Manager Gordon of the Mutual and Elm Street branch of the Standard Bank, held up by two armed thugs, this afternoon, stated that the bank's loss would be approximately \$24,000. This is made up of cash, \$7,740, taken from the teller's cage, and negotiable and non-negotiable securities to the amount of between \$15,000 and \$16,000. The negotiable securities will total \$13,000.

The biggest bank hold-up in the history of Toronto in the amount of loot obtained, was carried out by three gunmen at exactly 10.45 this morning at the Standard Bank branch corner Muriel and Elm Streets. Herding the three employees and a woman customer into the vault from where they had to throw the securities and cash out on to the bank floor, the trio of thugs went at their work with neatness and despatch escaping from the scene in an automobile without a single person on the crowded street seeing them.

They took a revolver from the teller's cage. Not a single piece of evidence to establish a trail, other than meagre descriptions, was left for the police to work on. That the four prisoners weren't locked in the vault was due to the robber's inability to close the door.
