### LET US BE THANKFUL A Hundred Reasons for a National Thanksgiving

By Frank Yeigh  
"Praise God from Whom all Blessings Flow"

Canadians, foremost among other peoples, have abundant cause for singing the Doxology on this recurring Thanksgiving Day. If we were to count all our blessings the list would be an impressively long one, despite temporary set-backs or depressions. They fade into relative insignificance when measured by or contrasted with the Divine favors showered upon this highly favored country and people.

#### A CHRISTIAN NATION

- Let us be thankful:
- For being classed as a Christian nation.
  - For the Bible.
  - For freedom of worship.
  - For the ten thousand churches in the land.
  - For the fact that 97% of the population belong to some Christian body.
  - For the contribution of the Canadian churches, in personnel and money, to home and foreign missions.
  - For the work of the Bible Society in this and other lands.
  - For the pioneer emphasis on the Church and the School; on religion and education.

#### HISTORIC AND RACIAL BACKGROUNDS

- Let us be thankful:
- For our historic background.
  - For our English-French racial background.
  - For the contribution of the early French founders.
  - For the noble French women who led the way in deeds of mercy.
  - For the God-fearing character of our forefathers.
  - For the stamina of the pioneers who became nation-builders.
  - For the varied streams of later migration that helped to build the superstructure.

#### WISE RULERS

- Let us be thankful:
- For the wisdom of those who effected the British conquest in the spirit of amity.
  - For the decision of the Canadians of 1775 to remain under the British flag.
  - For the refusal of the Canadians of 1776 on Benjamin Franklin's invitation to join the newly-formed American Union.
  - For the outcome of the War of 1812-14 in further maintaining and cementing national autonomy and British connections.
  - For the inspiring leadership of Sir Isaac Brock.
  - For the part the United Empire Loyalists played in settling and defending Canada.
  - For the statesmen who, since the conquest, have represented Britain in Canada.

### 2-Pound Tubers In South Huron

(Special to the Guardian)  
GODERICH, Oct. 7.—This is the season of big potatoes and South Huron seems to be getting its share. William Jennings, Goderich Township, spent polling day digging his spuds, and he almost required a derick for the job. Two-pound topped scales were common. One tipped the scales at 2 pounds 5 ounces and another at 2 pounds 2 ounces. Nothing like these potatoes have been harvested in South Huron for years.

### BANKS LIABLE

WINNIPEG, Oct. 7.—(By The Canadian Press)—Guarantees of improper signatures on bond transfers have rendered two Winnipeg banks liable for \$300,000 in connection with shortages in the University of Manitoba trust funds, and it is expected civil action for recovery of that amount will be launched before long," the Winnipeg Free Press says it learned today.

### OPPORTUNITY FOR LUMBERMEN OF EAST SEEN

#### Representative Of British Firm Optimistic Over Maritimes' Prospects.

FREDERICTON, Oct. 7.—(C.P.)—British lumber brokers foresee marked improvement in the market to the Old Country within another year and an opportunity for Canadian lumbermen, particularly those in the Atlantic provinces, to get in "on the ground floor."

A highly optimistic view of the prospects for exporting timber to the United Kingdom, with consequent stimulation of the industry in the Maritimes and Quebec, was given here today by G. Lundwall, of London, representing the British lumber brokerage firm of Wm. Bran's Son & Co.

Mr. Lundwall, who arrived at Quebec three weeks ago and spent some time interviewing operators in that province and at Edmundston

### PROSPECTS BRIGHT IN 5TH DISTRICT

#### Popularity of Conservative Candidate Strikingly Evident as Campaign Progresses

Prospects of a Conservative victory in the forthcoming by-election in the Fifth District of Prince are bright indeed—and better still, they continue to improve. H. M. Downing is a very clever man—clever in ways we should wish a representative to be clever. He is a shrewd business man of varied experience in business matters; a methodical, able and fluent speaker, who knows well whereof he speaks; is well versed in Federal, as well as Provincial politics; yet withal a very considerate and courteous gentleman.

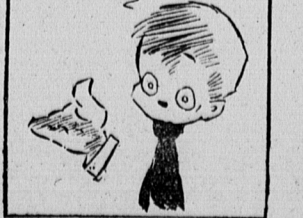

The Fifth District is fortunate in having him as a Government candidate, as men of Mr. Downing's intelligence and go-getting ability are always valuable additions to any governmental party. Strikingly is this true in these times of stress, when all states and countries need their ablest legislators.

### In Caucus

### Wheat Bartered For Fruit And Vegetable

(Special to the Guardian)  
CALGARY, Oct. 7.—Alberta farmers have turned again to the ancient system of barter to supply their wants for the winter. They are entering British Columbia by motor truck through the Crow's Nest Pass, carrying wheat which they trade for vegetables, fruit and eggs.

This method of acquiring food for winter instead of selling their wheat at prevailing low prices was used by the farmers last year, but, according to reports, the movement this season is much larger.
