"SOLITAIRE MAN" TENSE NEW CROOK DRAMA AT THE PRINCE EDWARD

Excellent Cast Makes Most of Absorbing Action in "The Solitaire Man"

Screen followers of Herbert Marshall are in for their greatest treat when they witness his performance in "The Solitaire Man," sensational drama of life among continental crooks written by Bella and Samuel Spewack that opened yesterday at the Prince Edward Theatre.

Marshall even surpasses his brilliant portrayal of "Trouble in Paradise" in the new picture in which he plays a war veteran driven to super-thievery by financial reverses. The restraint and suave charm that have established him as one of the screen's most popular leading men are distinguishing qualities of his new role.

Elizabeth Allan scores in addition to Marshall's performance, a notable supporting cast contributes much to the picture. Elizabeth Allan, in the feminine

lead, is given the greatest dramatic role of her screen career so far. She is even more appealing than in "Looking Forward," her first American picture since her arrival from England.

Lionel Atwill, seen recently in "The Song of Songs" and "The Wax Museum," gives another one of his effective "facial tickling" performances as menace to the entire cast. Aristocratic dignity blended with a high sense of comedy is contributed by May Robson in her role as an English dowager who helps to dispose of stolen jewels.

Hilarious comedy is provided by Mary Bolloy, as much needed "relief" during dramatic scenes. Ralph Forbes is outstanding as a shell-shocked war veteran who gives his life to protect a friend, Lucille Gleason and Robert McWade are entertaining in their comedy scenes during lighter moments in the picture.

The direction of Jack Conway is masterful through scenes of powerful condensed drama as in his recently completed "Hell Below."

KEN MAYNARD "ACE" OF COWBOYS AT CAPITOL

Billed as a "new" kind of western, Universal's rip-roaring, rough-riding "King of the Arena" with Ken Maynard which opened a featured run at the Capitol Theatre yesterday, lives up to its claims in a sensational manner.

This picture has what it takes to give every member of the family a fast pulse and a refreshing evening of entertainment. It's literally a circus—because the action starts in a traveling show and before the intrepid Ken and his famous horse, Tarzan, leave the big tent, plenty has happened. Plenty more occurs during the ensuing action tingling reels when the handsome Texan pursues a gang of criminals into the desolate hills of Mexico and has to fight for his life to come through.

Maynard and Tarzan steal the show, of course, with their spectacular and amazing stunts of horsemanship and furious action, but a laurel leaf must likewise fall on the pretty blonde head of Lucille Browne, seen in the feminine lead. Bob Kortman, Michael Visoroff, Bob Nelson, Frank Rice and John St. Polly also acquit themselves with credit.

Director Alan James has made a prize-winning, providing anew that Ken Maynard has no peer in this type of film.

Take the kiddies, Mother, Sister, Sweetheart, Grandpa — or if you're economizing just go yourself — but don't miss this red-blooded picture!

Would Regulate Potato Trade

(Canadian Press)

WOODSTOCK, N. B., Nov. 2.—Licensing and bonding of potato shippers, dealers and commission agents was favored by the Associated Shippers of New Brunswick at a meeting here today. The Association recommended enactment of Federal and Provincial Legislation to this effect.

Those at the meeting included H. H. Hatfield, chairman; Joseph Porter, secretary; Hon. Lewis Smith, Minister of Agriculture for New Brunswick; J. K. King, Deputy Minister, and Major R. L. Wheeler, of Ottawa, acting chief of the market division of the federal department of agriculture.

Mr. Porter explained the proposed legislation would provide means of regulating the potato trade, holding dealers to the strictest standards and eliminating financially irresponsible dealers.

Appointed To Pensions Appeal Court

(Canadian Press)

OTTAWA, Nov. 1.—Mr. Justice Fawcett G. Taylor, of the Supreme Court of Manitoba, has been appointed a member, Ad Hoc, of the Pensions Appeal Court. Official announcement to this effect was made tonight by Hon. Murray MacLaren, Minister of Pensions and National Health.

On arrival of Mr. Justice Taylor in Ottawa, the Appeal Court will divide itself into two quorums of two each to clear up all outstanding pension appeals. The three regular members of the Appeal Court are Mr. Justice J. D. Hyndman (chairman), L. P. D. Sherwood, Ottawa, and Rene Richard, Sackville, N. B.

The new appointee went overseas with the 99th Manitoba Rangers and served during the Great War. He is a former leader of the Conservative party in the Manitoba Legislature. His services on the Pensions Appeal Court will not interfere with his duties on the Bench.

Plan To Aid German Jews Will Not Join C. C. F. Party

(Canadian Press)

PORTAGE LA PRAIRIE, Man., Nov. 1.—Political action through affiliation with the Co-operative Commonwealth Federation, will not be sought by the United Farmers of Manitoba. The present status of the Agrarian organization with its membership of 6,000 agriculturists in the Province, will be maintained, a status which gives the board of directors power to watch all legislation pertaining to farmers interests independent of political associations.

J. S. Woodsworth, M.P., Winnipeg, leader of the C.C.F. delivered an address.

During the debate, it was made clear that the individual member of the U.F.M. is free to join the new political party, or any other organization, so long as he does not enter under the banner of the Farmer Association.

N.R.A. Helping Canadian Miners

(Associated Press)

TRURO, N. S., Nov. 2.—Control of the Canadian coal industry under a code based on the principles underlying President F. D. Roosevelt's industrial regulations in the United States would assure improved operation for Nova Scotia's miners, delegates to the district convention of the United Mine Workers of America were told today by Thomas Kennedy, international secretary-treasurer of the organization.

By this means, and by taking advantage of the N. R. A.'s operations below the border, the international executive declared, mining activities in the province could be brought back to a full-time basis. Application of a Canadian code, he said, would mean an embargo would be placed on coal entering Canada in unfair competition with Canadian coal, thus providing a wider outlet for the domestic product.

Already, he told the convention, the industry in Canada had benefited considerable through the United States' National Recovery Act.

BETTER THAN NONE

Thompson came home one night and found his wife in a seething temper.

"John," she said, "why have you been telling your friends that you married me because I was such a good cook?"

Thompson sighed wearily. "Well — er — you see —"

"You know I can't cook a carrot," she interrupted.

"I know, my dear," Thompson replied, soothingly, "but I had to have some excuse."

QUICKLIME FARM FIRES

Quicklime should be stored in a shed or bin that is well protected from rain or the entrance of water. The action of water in slaking lime results in the evolution of a very considerable amount of heat, and the accidental access of water to lime in improperly protected places has not infrequently been the cause of disastrous fires and the destruction of farm buildings.

"Every scheme of government for social action must be financed from the income or savings of individuals." — Oct. Henry Breckenridge

WEDDING BELLS—A quiet wedding was solemnized at the Baptist Parsonage, North River, on Saturday evening, Oct. 28th, Rev. J. G. Wake's officiating, when Miss Helen Morrow, daughter of Mr. and Mrs. William Morrow of St. Catharines, was united in marriage to Mr. John Moore of the same place. The bride was prettily attired in a dress of sapphire blue crepe with accessories to match. After the ceremony the happy couple motored to the home of the bride where a dainty wedding supper was served, the immediate relatives and friends being present. Mr. and Mrs. Moore will reside in Charlottetown. Their many friends wish them unalloyed happiness in their wedded life.

ALL-BRAN RELIEVED HIS CONSTIPATION

Delicious Cereal Brought New Health to Mr. Bartholomew

We quote from his voluntary letter: "I had considerable trouble with my stomach. Digestion was out of the question. I got medicine which gave me only temporary relief.

"Then I thought of taking ALL-BRAN. I started eating a cereal dishful two or three times a day.

"It has been over a year now since I ate that first dish of bran, but from that day to this I have had the pleasure of enjoying the proper functioning of the digestive organs.

"Thanks to ALL-BRAN. I still eat it regularly and like it better all the time."—Lester Bartholomew. (Address furnished upon request.)

Constipation is usually due to lack of "bulk" to exercise the intestines, and vitamin B to promote elimination. ALL-BRAN supplies both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. Certainly this food is more natural than taking harmful patent medicines. Two tablespoonfuls daily will overcome most types of constipation. With each meal in chronic cases. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

Maritime Girl Shot in New York

(Canadian Press)

SAINT JOHN, N. B., Nov. 2.—Reba Garson, 10, shot while watching a political parade at Brooklyn, N. Y., last night was born in Saint John, the daughter of Mr. and Mrs. Frank O. Garson. The family moved away six years ago but relatives reside here.

When the Mayor heard today that Reba had been wounded while watching the Democratic parade, he arranged for two specialists to examine the child.

The girl was out with other children having Halloween fun, dressed in the costume of a wood-soldier, when her mother called her to watch the political rally. The bullet, of .22 calibre, which struck her in the stomach, either was fired between the ranks of the marchers or over their heads. This at first led to the report that an attempt had been made to assassinate a policeman, but after investigation, police discarded the theory.

VIOLENCE, IN STRIKE AREAS, FLARES A NEW

Farmers Association In Corn Belt States Appeal to Roosevelt.

(Canadian Press)

MONTREAL, Que., Nov. 1.—As violence flared in at least two instances, the governors of four corn belt states took their farm strike problems to President Roosevelt at Washington Wednesday.

One Governor, Floyd B. Olson, of Minnesota, a Farmer-Laborite, took with him a proposal that every farmer of the United States be licensed. Licenses would be revoked, under his plan, for violation of an agreement setting the amount of products each farmer could market.

Draft Policy

Olson and four other governors, Langer of North Dakota, Berry of South Dakota, Herring of Iowa, and Schmedeman of Wisconsin, drafted at a meeting in Des Moines a list of demands for presentation to the President, including an N.R.A. code for farmers, controlled inflation and quicker mortgage refinancing.

Wait Action

Miss Reno, President of the National Farmers Holiday Association, said at Des Moines the farm strike was in a state of "inactive suspension" pending President Roosevelt's action on the governors' recommendations.

At Plymouth and Fond Du Lac, Wis., bombs shattered windows of cheese factories that had been opened in defiance of several striking dairy farmers.

Despite Reno's statement, the strike continued actively in many parts of Wisconsin. Milk was dumped by pickets in Milwaukee, and many other Wisconsin cities obtained milk only on a ration basis.

On Strike

The Minnesota Farmers Holiday Association late yesterday voted to strike immediately to tie up farm products and added that its members would withhold payment of taxes and interest and countenance "no forcible collection of debts" pending outcome of the strike.

In Illinois suggestion was voiced for a conference of governors to establish a basic minimum price of 50 cents a bushel for corn on the farm.

A motored of workers headed for the W. L. Douglas Shoe Company at Brockton, Mass., was disturbed by strikers in one of the few disturbances in industrial strikers.

Henry Ford decided to submit wage and hour data under the N.R.A. soft coal mines operated in Pennsylvania remained closed as employers debated the exact meaning of an agreement negotiated yesterday. Senator Robert F. Wagner said silk manufacturers and their employes apparently had reached accord.

Ill Duce Lauds Soviet Visit

ROME, Nov. 1.—(A.P.)—Premier Mussolini's newspaper, the Popolo D'Italia, pointed today to a courtesy visit of a Soviet squadron to Naples and the 10th anniversary of the Turkish Republic as indicating that the situation in the East Mediterranean is most satisfactory.

The region was called an example for the rest of the world because of the collaboration of Turkey, Russia, Italy and Greece.

CATS STEAL THE SHOW

PITTSBURG, Nov. 2.—Cats are threatening to steal the show from the canine entrants in the forthcoming annual "Mutt Show" of the Pennsylvania Society for Prevention of Cruelty to Animals.

One of the feline entries is described as having rabbit's legs, two sets of claws and a double portion of eye teeth. Another washes itself under running water and two have corkscrew tails.
