ON DEBATING TEAM.—At a special meeting of the Debating Committee of Mount Allison University teams were elected for the intercollegiate and international series. The intercollegiate team is made up of J. E. Munson, Alma, N.B., Andrew McKenzie, Westville, N. S. and Rex Carson, Saint John N. B. and the international team is made up of Clair Johnson, Hampton, P. E. I. and Harold Freeman, Moncton, N. B. The intercollegiate team will debate against U. N. B. of Fredericton, N.B., and the international team will debate against Bates College of Lewiston, Maine. The Bates debaters are noted for their forensic ability. Mr. Johnson is a son of Mrs. Johnson of Hampton, P. E. I. and the late Rev. Hammond Johnson, well known in Charlottetown.

Annual Meeting St. Catherines W.I.

The annual meeting of the St. Catherines Women's Institute was held in the school on November 8, 1933. The president occupied the chair. The meeting was opened by singing the Institute Ode and repeating the creed in unison. Roll call was answered by paying membership fees. The minutes of the last annual and last regular meetings were read and adopted. The president gave a very interesting report of last year's Institute activities. This report and the secretary's report were adopted. Election of officers for the ensuing year resulted as follows:— Directors, Mrs. John Lowry, Mrs. Malcolm Morrow, Mrs. William Morrow, Miss Mary Morrow and Mrs. James Sherrin; President, Mrs. John Lowry (re-elected); Vice-President, Mrs. William Morrow (re-elected); Secretary-Treasurer, Marie Darrach (re-elected); Auditors, Mrs. James Lamont and Gladys MacNeill (re-elected); Delegates to Annual Convention, Mrs. John Lowry and Marie Darrach; Substitutes, Mrs. James Sherrin and Mrs. Malcolm Morrow. The following committees were re-elected: School Committee, Mrs. John Lowry, Mrs. John MacEachern, Mrs. James Lamont; Sick Committee, Mrs. J. T. Inman, Mrs. Malcolm Morrow, Mrs. John MacEachern; Buying Committee, Mrs. William Morrow and Mrs. F. W. Stretch; Condolence Committee, Mrs. James Sherrin and Mrs. J. T. Inman. On motion, several bills were passed. Mrs. John Osborne kindly invited the members for the next meeting, roll call to be answered by "The Different Uses of Potatoes." The lunch committee, Mrs. James Sherrin and Mrs. John Lowry served a delectable lunch to the members. The meeting was closed by singing "The King."

"Dad Certainly Looked After Us Well...."

He not only took care of us while we were young, but Mother now has a Monthly Income of \$100 from his Confederation Life Policy, and she certainly enjoys the feeling of independence it gives her.

It is not until we have families of our own that we appreciate what our parents have done for us, and understand what a blessing Life Insurance is. A Confederation Life Endowment or Monthly Income Policy, for example, not only provides the means of taking care of a family until they become self-supporting; it provides also for a Life Pension in old age. Another advantage is that, if you become totally disabled, due to accident or disease, it can be so arranged that your premiums will be waived and you will receive a monthly cheque to replace, in part, your earned income. The benefits of Confederation Life Insurance have been splendidly demonstrated during the past few years, when other forms of investment have suffered so much. It will be a pleasure to send you particulars of Confederation Life Endowment or Monthly Income Policies if you will fill out and mail the coupon below.

Big Liquor Seizures Made

(Canadian Press) HALIFAX, Dec. 1.—Gradually closing a wide-embracing grip on rum-running activities in Nova Scotia, the Royal Canadian Mounted Police last night had seized \$5,000 worth of rum in Cape Breton district and had in custody at least four men while four more will be seized with warrants for arrest.

Seizure Near Sydney

The seizure was made near Sydney when land and sea forces combined to capture a motor launch, a car and 475 gallons of liquor. The boat was in charge of Capt. Ingraham and two seamen who were taken to North Sydney by the R. C. M. P. Cutter Tenacity. Ingraham was to have appeared in police court today on charges arising from seizure of the rum-laden craft, W. A. F., several weeks ago.

Arrest Pair

Meanwhile officers at Truro arrested Sydney Crowell of Shubenacadie and were prepared to serve warrants on charges of impersonating police officers against Perry and Harry Allen, already on bail on other charges involving the knocking of two constables from the runningboards of a motor car and transporting liquor. They were first rounded-up when Gerald Hartien informed police two men had hi-jacked a carload of rum. Arrest of two other men was expected in this case, police said but they declined to reveal identity of the wanted men. They were believed to have been occupants in the Allen car which police said was carrying the rum hi-jacked from Hartien who admitted he had just unloaded it from rum-runners outside the town limit.

Wheat Used As Currency

Wheat is being accepted as legal tender by local authorities in parts of Jugoslavia. Even banks are taking it in payment of taxes and debts. In many places it is used freely as currency. Payments for road building and other relief work are to be made in the grain by local organizations.

Serious Charges Against Childrens Shelter Officials

(Canadian Press) WINDSOR, Ont., Dec. 1.—Officials of Windsor Children's Aid Society had been informed in May, 1931, of specific complaints regarding treatment of children at the Children's Shelter, Mrs. Margaret McGuire, for two years on the shelter's staff, testified today at the inquiry into the Shelter's operations conducted by Commissioner M. A. Borselle.

Mrs. McGuire testified she had informed B. T. Howe, Secretary-Treasurer of the Children's Aid Society, of specific charges against Miss Magdalene Strang, Shelter matron. Miss Mabel Hood, another Shelter employee, also made complaints, according to Mrs. McGuire who said she was unaware of any action being taken. When she made the complaints, Mrs. McGuire testified, one of the Society officials asked "is it because you have left your job that you come here and make these complaints against Miss Strang?" Mrs. McGuire declared she had denied this.

Another witness, Mrs. Mildred Dick, former Shelter ward, testified two-year-old Miles Ingelbloom had his nose rubbed on the floor by Miss Catherine Strang, assistant matron, after the child had wet the bathroom floor. Witness said she did not protest to Miss Strang because she feared she would be sent to the industrial school. Other girls, she testified, had been sent to this school after they had displeased the assistant matron.

Testimony of Miss Bertine Mero of Zurich, Ont., alleged 15-year-old girl had bathed boys of this age on Miss Magdalene Strang's instructions. Miss Mero said she had not participated in the bathing but had witnessed the operations. Evening gowns of satin sprayed by hand with nine carat gold constitute the latest fashion in London. Shimmering cloth-of-silver outfits, made by the same process, are popular for cocktail parties. Four-inch high beaded Victorian necklaces on velvet dresses are vogue for dinners.

Santa Claus Keeps Pace With Times

(Special to The Guardian)

MONCTON, N. B., Dec. 1.—In order to keep pace with the times Santa Claus has had to take advantage of all the modern inventions in transportation and communication in order to reach the many boys and girls which each year are constantly being added to his calling list. An idea which has been of great assistance to Santa Claus is the use of the telegraph in sending messages to his little friends. The Canadian National Telegraph has this year, as was done last season, made provision so that parents can arrange for Santa Claus to send these messages a day or two before Christmas and in some cases he sends the kiddies messages at any parties which they may be holding about Christmas time. All to get in touch with the nearest Canadian National Telegraph office and the matter will be attended to. Last year from reports received by telegraph officials kiddies were overjoyed at hearing from their universal friend and when the telegraph messenger arrived at the door with the message from Santa Claus that he would be calling on Christmas Eve, there was then no question but what the old Saint was not going to overlook them and great joy was brought to the hearts of the kiddies. The messages are dated at the "north pole" and "Santa Claus" signs them himself. Another innovation to meet the trend of the times is the sending of Christmas and New Years greetings by telegraph. More and more this custom is being adopted by parties who wish to send Christmas greetings, the telegraph giving a personal touch which is appreciated on the part of the recipient. Special forms of messages have been prepared which can be sent at a very low rate. The messages are not confined to outside points but are also for delivery within the city or town itself as between friends living within the city or town district.

Halifax Exhibition Aug. 27 to Sept. 3

HALIFAX, Dec. 1.—Setting the dates of the 1934 N. v. S. Provincial Exhibition for Aug. 27 to Sept. 3 inclusive, receiving and approving the financial statement showing the operating deficit at \$23,592.49 and the net deficit at \$29,558.32 for the fiscal year and effect on Hon. John A. MacDonald, Minister of Agriculture, as president, the Provincial Exhibition Commission held its annual meeting Wednesday.

Strenuous objection to the recommendation of Secretary Manager H. D. Biden that the Exhibition in 1934 be held early and if possible before Labor Day, was taken by Hon. Mr. MacDonald. The recommended dates were approved following lengthy discussion. The financial statement showed the revenue for the year at \$23,542.48 as against \$1,561.75 the previous Exhibition. Total expenditures amounted to \$66,134.97, as against \$62,667.50 the previous year. The net deficit for the previous year was \$27,339.28 and the operating deficit for 1933-34 was \$1,561.75. Largest of the increased expenditures were: Interest and sinking fund, \$17,500; office expenses \$2,043; water and pipe rates \$1,162; special police services, \$958.75; prizes, speed, \$1,865.

Chief revenues reduced were: Entry fees, ordinary, \$1,314; admission and car parking, \$17,342; industrial prizes, \$5,269; rental \$222.23.

Current assets are \$37,395.54 as compared with current liabilities of \$43,576.14. Capital assets are \$715,218.46 and capital liabilities are \$713,037.36. The funded debt is placed at \$267,500.

Ag'n Secretary Manager Biden commented in his annual report, on the difficulty in overcoming the large carrying charges. He pointed out that if the Exhibition this year had been favor d with good weather and a record attendance of 75,000 the deficit would still be about \$23,000. Increase in operation and maintenance costs were due to extended dates of the Exhibition and to necessary repairs to different buildings.

Entries in live stock, the manager pointed out, were well maintained in both quality and quantity. It was pointed out that approximately \$19,000 the cost of interest and sinking fund on public borrowings formed a substantial part of the net deficit of \$29,558. It was further explained that in addition to the \$19,000 there was \$5,000 overdraft charges, \$1,000 to the estate of the late M. McP. Hall, and \$1,000 new side-walk tax and when all these were added and deducted, the actual net operating deficit was reduced to about \$8,000.

It was decided to advertise for applications for a new caretaker at the Exhibition grounds and this was left with the president, vice-president and Alderman O'Toole as a special committee. Decisions on how the city auditor and provincial auditor audit the books of the
