BIG FIRE IN TORONTO.

Tannery of the H. B. Johnston Company Burned

TORONTO, Sept. 12.—The tannery \$200,000. The buildings were worth of the H. B. Johnston Coy. on River in the neighborhood of \$100,000 and were heavily stocked. The insurance broke out at midnight. The damage on the stock and building amounts is estimated at between \$150,000 and to \$150,000.

PROF. WAGNER SAYS PLANTS HAVE EYES

LONDON, September, 12.—The interest aroused by the contention made by Francis Darwin, son of the author of "The Origin of Species," in his presidential address before the British Association at Dublin last week, that plants can remember and can develop habits, has been increased by a paper read yesterday by Prof. Harold Wagner the well known botanist. Prof. Wagner declared that plants possess an organism corresponding to the brain in animals, and further demonstrated that they have eyes with which they can see and see well. Prof. Wagner showed that the outer skin of many leaves are in fact lenses, very much like the eyes of many insects, and as quite as capable of forming clear images of surrounding objects. This is the case with most leaves, but especially in the case of those that grow in the shade. These lenses are so good and focus the light that falls on them so carefully that photographs can be taken by means of them. Prof. Wagner has taken a great many such photographs and he showed some of the more remarkable. These included reproductions of a photograph of Darwin, in which the features are distinct and unmistakable as well as direct photographs of landscapes and people. Even colored photographs were exhibited, and like the rest, they are remarkably clearly defined. Not only do these plants eyes see well, but the rays of light which means of them are focused on the interior of the leaf and carried to the brain of the plant, and effect its subsequent movements. It has long been known that the leaves of plants move so that they can get a maximum of light. It is now suggested how this movement is made possible, and the process is almost identical with the movements in the case of animals. A close analysis of the eyes of plants, moreover, proves them highly developed organs.

Hogs Wanted!

We are now receiving hogs. The weights wanted are from 110 to 180 lbs, but hogs must be well fed and properly finished.

To enable us to pay best prices, we must supply what the consumer wants, and the demand is for this class. Thin poor hogs and large rough ones are almost unsaleable at any price. Farmers should raise those that command best price.

GUARDIAN BUSINESS LOCALS

MORNING DAILY OR EVENING DAILY PER WORD (six words to each line) one cent for one insertion, two cents for three insertions, four cents for a week, six cents for two weeks, eight cents for three weeks, ten cents a month for four weeks, twelve cents for five weeks, fifteen cents for six weeks, twenty cents for two months, twenty-five cents for three months, thirty cents for six months, and sixty cents a year.

Come where the variety is greatest and exclusiveness prevails. See Paton & Co's new suitings before the first choices are all sold. Jas. Paton & Co. 9-5dtf.

New striped broadcloths, chevron and whole cord suitings just opened at Paton & Co's. Prices from 65c yd up to \$1.75. 9-5dtf.

Our ladies' coat dept is a very popular spot these days, and notwithstanding the fact that it is still early in the season quite a number have already been sold. The styles and materials are simply splendid while the prices are more moderate than ever. Come in and make an early selection M. Trainor & Co. 9-9dtf.

AS A RESULT OF THE UNIVERSAL SYSTEM OF SHORTHAND—the system used by REPORTERS and EXPERTS—the CHARLOTTETOWN BUSINESS COLLEGE is able to supply from its classes VERBATIM REPORTERS for meetings and conventions. A GOOD SYSTEM IN THE HANDS OF EXPERT TEACHERS. EXCELLENT RESULTS 16-16dtf.

Bell S. owned by M. A. O'Brien, City, won fourth money in the three year old trot \$30. Lady Commodore, owned by D. A. O'Brien, City, won first money in the three year old pace \$150. Hilda S. owned by A. Stewart, Southport, won fourth money in the three year old pace \$30 and first prize three year old standard bred filly \$20. Tom Trim owned by Owen Trainor, City, won first money in the four year old trot \$30.

TELEPHONE GIRLS WANT MEN AS INSTRUCTORS

Are Not Influenced by Petty Jealousies as the Women Are--Trivialties Easily Offend.

PARIS, Sept. 11.—A resolution of the Paris telephone girls asking to be relieved of the tyranny of inspectors and to be governed by men says: "Women cannot be impartial toward men. A gown, a hat, a bit of lace, or a mere ribbon may offend an inspector, especially as the inspectors are sometimes perfect frights. Moreover an inspector of common brains, having to do with a cleaner subordinate, as put out because she has to acknowledge the latter's superiority. She hides her time and when she has an opportunity pays out the telephone girl for having mortified her."

WIRELESS TELEGRAPH ON ELABORATE SCAL

WASHINGTON, Sept. 11.—An elaborate system of wireless telegraph stations connecting practically all important islands of the Middle and South Pacific with the continent of Australia, and thence by cable with the rest of the world, is now practically assured. In a report made today, Julius D. Dreher, United States Consul at Tahiti, tells of the steps taken to organize a company for this purpose, as well as the general interest shown in the project. Mr. Dreger says: "Capitalists who are interested in the extensive phosphate operations on Ocean and Pleasant Islands, of the Gilbert group, and in the new works about to be established on the island of Makatea, of the Tuamotu archipelago, have recently begun a movement to connect nearly all the groups of islands in the South Pacific by a system of wireless telegraph. It is supposed to include in this system the Commonwealth of Australia, the Dominion of New Zealand, the Fiji, the New Hebrides, the Solomon, Samoan, Cook, Society and Marquesa islands, and the phosphate islands of Ocean, Pleasant and Mahatea. It is expected that the various Governments having possession in the South Pacific will aid in the establishment of the proposed system. Negotiations have already proceeded so far as that the success of the effort seems to be almost assured. As the nearest available ocean cable office to Tahiti is at Auckland, 2,250 miles away, from which a steamship of the Union Line of New Zealand arrives at Papeete once every twenty-eight days, and a direct communication by a steamship of the Oceanic Company with San Francisco, 3,658 miles distant, is had once in every thirty days it is understood how deeply interested the French colony of Tahiti and its dependencies are in the complete success of these negotiations. Other groups of islands are equally interested in the establishment of this system, which means so much to the inhabitants of these widely separated archipelagos.

THE HALIFAL PAPERS ON ISRAEL TARTE

HALIFAX, Sept. 11.—FOUR-YEAR-OLD TROT STAKE. This was a very tame affair, being a snap for Israel Tarte. Tom Trim was distanced in the first heat and Gypsy Guy in the second, leaving Frank Power the only contender. The time was very fast for the track and the colt could easily have been in 2.25. Summary: 1st heat, 1.11 0-4, 1.41 3-4, 2.25; 35 3-4, 1.11 3-4, 2.25. Herald. ISRAEL TARTE WON. The four year old trot was a straight heat victory for Israel Tarte who was a snap for the winner in such an event by one and three quarter seconds and trotted within a fraction of a second of the Maritime four year old record that has been held for many years by Brazilian. Frank Power proved himself a fast trotter by forcing out the winner in such a close time and finished the third heat at the Island colt's wheel, Tom Trim led to the three-eighths, followed by Frank Power, where both colts went to bad breaks, and Israel Tarte took the lead, and was not headed thereafter. Tom Trim was still unsteady at the five-eighths and was distanced. Frank Power got straightened out and finished within a few lengths of the winner. Frank Power forced Israel Tarte to trot in still faster time in the second heat, but broke at the seven-eighths and finished two lengths back. Frank Power again went after Israel Tarte hard in the final heat. He broke at the three-quarters, but caught quickly and was at Israel's wheel at the finish.—Chronicle. Israel Tarte is owned by Ed. Crosby, Cape Traverse and was trained and driven by John P. Irving. The sport before the public eye there are already rumors concerning teams and players. The Fredericton Capitals will be no more. This has been announced by officials of the club and also by men who played with the team last winter. It now remains to be seen where the All-Maritime aggregation of hockey talent which represented Fredericton last winter will take itself. Halifax is said to be offering strong inducements to hockey players to settle in that place for the winter. There are other rumors, however. It is said that an effort will be made during the coming winter to introduce Canada's great national winter sport into Boston. It is possible that a big ice rink will be built in the Hub and that professional septettes of Canadian hockey players will show the Bostonians what hockey really is. The hope is that some of the "tourist" players of the Maritime Provinces will play in Boston and that a man who managed a big New Brunswick rink last winter will make the rink on ice.

THE KAISER ON FRENCH TERRITORY

PARIS, September 11.—The governor today received official information that Emperor William, the army manoeuvres at Alsace Lorraine being at an end, would this afternoon cross the French frontier in an automobile as a "simple tourist" for the purpose of enjoying the magnificent view from the top of the Schluchel mountains. Although considerably astonished that Emperor William should choose the present moment for the first visit to French territory made by a German emperor since the King of Prussia was proclaimed emperor at Versailles in 1871, the government at once despatched instructions to the customs officials to allow the imperial automobile to pass the frontier without examination and for the gendarmes to prevent any unfortunate incident. According to the official advice, the emperor will have to traverse only about one hundred yards of French soil in order to reach a point whence he can view the splendid panorama.

HOCKEY RUMORS ALREADY AFLOAT

HALIFAX, Sept. 11.—Although some time will elapse before hockey will be

THE KING'S COUNTY GUARDIAN

Offices in Montague, Capt. W. A. Johnstone, Manager; and in Souris, Morley S. Acorn, Manager.

Clara Aylward, Bristol, has been visiting at her home in Montague since her arrival from Boston in very poor health.

John McDonald and wife who have been visiting in Montague and vicinity left on return to Boston Friday.

Miss Lizzie Lemon who has been visiting at her home in Montague left on return to Boston Friday.

H. M. S. CORNWALL WILL SOON ARRIVE

(Continued from page 1.) Arrive at Bermuda 29th October or 12th November; leave 21st December. Arrive at Gibraltar 31st December; leave January 11th. Arrive at Algiers 13th January; leave 22nd January. Arrive at Alexandria 26th January; leave 8th February. Arrive at Malta 11th February; leave 17th February. Arrive at Gibraltar 20th February; leave 26th February. Arrive at Arosa (Spain), 27th February; leave 5th March. Arrive at Torbay 7th March; leave 13th March. Arrive Plymouth 11th March. Although Halifax has not received the usual visit from the British squadron this year, the harbor has been without a warship on its waters. The Canada has paid frequent visits to the port, spending much time here. The Spanish training ship Nautilus spent nearly a month in the harbor. The French cruiser D'Estrees paid two visits to this station. The Italian cruiser Pleramosca is still with us.

Any merchant satisfied with an honest profit asks the "Buckley Hat".

Drake's Dry Ginger Ale

A new drink and a good drink. You have often longed for just such a drink as this. Has a flavor, so deliciously superior that a description of it is impossible. It's so good, that to realize its goodness, you will have to taste it. Your grocer sells it.

FRANCIS DRAKE

New Glasgow, N. S. Mr. A. P. Thorne, our salesman for P. E. I. will be pleased to wait upon the trade.

DISTRICT OF BEAUCE IS DEVASTATED

QUEBEC, Sept. 12.—The district of Beauce is being devastated by forest fires. Millions of cords of pulp wood have been destroyed not to speak of the ravages to the forests. On Wednesday night the village of St. Honoré De Shenley was attacked by the flames and partly destroyed. Fully thirty buildings were consumed notwithstanding the hard battle fought by the inhabitants against the devouring element. Four hundred and fifty acres were gradually swept up until the village itself was attacked, destroying residences, barns saw mills, cheese factories, stores, etc. The fire was still raging in the vicinity of the village at last accounts. The village of Weedon was also being threatened yesterday morning by a forest fire, and at other points in the eastern townships fires were also raging.
