Winnipeg Grain

WINNIPEG, Aug. 30 — (CP)— Highlight of today's session of Winnipeg Grain Exchange was a report that between 12,000,000 and 15,000,000,000 bushels of Canadian wheat in flour form have been exported to Italy.

Grain exchange sources said the report was significant because it marked the largest shipment to one country, other than the United Kingdom, in many years.

Other export business saw the U. K. take less than 50,000 bushels of wheat under the Canada-U. K. wheat agreement.

In the coarse grains market oats and barley prices fluctuated narrowly under liberal hedging pressure.

Hedging pressure was also liberal in rye with American account buying indicated. Elevator interests hedged flax which brought some demand from exporters as prices declined.

Class two wheat prices were unchanged from yesterday.

Cash prices:

DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
